All of which is respectfully submitted for Your Excellency's approval. (Signed) John J. McGee, Clerk of the Privy Council."

Sub-Committee's Report.
"The sub-committee of the Council 1895. Among the reasons advanced in the memorial of the Legislative Assembly of Manitoba respecting compliance with the terms of the order the followwith the terms of the order the following observations occur:—'Compliance with the terms of the order would restore Catholic Separate Schools with no more satisfactory guarantee for their efficiency than existed prior to said date. The said schools were found to be inefficient. As conducted under the Roman Catholic section of the Board of Education they did not possess the attributes of efficient modern Public Schools. Their conduct, management and regulation were demanagement and regulation were de-

Federal Government Powers.

"The remedial order, coupled with the answer of the Manitoba Government, has vested the Federal Legislature with complete jurisdiction in the premises, but it by no means follows that it is the duty of the Federal Government to insist that provincial legislation to be mutually satisfactory should follow the exact lines of this order, it is hoped, however, that a middle course will commend itself to the local authorities that Federal action may become unnecessary. With a view to settlement upon this basis it seems desirable to ascertain by

secured another victory on Saturday evening, by beating the Beavers of the city to the score of 1 goal to 0. The game was witnessed by large numbers. Rev. Father Lafontaine, formerly parish priest of St. Mary's, city, who has been appointed chaplain at Blantyre Park, goes into residence this week, a suite of rooms being set aside for him in the Archbishop's Palace. Signs of life will very shortly be observed at the school building, as the Toronto Street Railway has been asked to equip it with electric lighting asked to equip it with electric lighting and provide the well outside with an electric motor. Governor of Manitoba, dated June 25, 1895, enclosing: (1) Copy of communication from the Hon. the Provincial Secretary; (2) communication from the Hon. the Speaker of the Legislative Assembly of the Province of Manitoba; (3 memorial of the Legislative Assembly of the Province of Manitoba.

SUMMARY.

Gate receipts, includ.

In last year's published receipts were included admissions received for the Living Pictures, Little World Building and Phantom Car shows, but as there were no side shows of this kind allowed by the management on the grounds this year, for the purposes of the above comparative statement the amount received from these shows are omitted. The net amount received by the Association after paying the provided in the standard of the stan

omitted. The net amount received by the Association after paying the percentage to the owners of these shows in 1894 was, however, only \$265.97. The increase this year is in admissions to the grounds and to the grand stand, the receipts for the special picture exhibit and the Dog Show being less.

the Association after paying the perfective. As a result of leaving a large section of the population with no better means of education than was supplied many people grew up in a state of illiteracy. So far as we are aware there has never been an atetmpt made to defend these schools on their merits, and we do not know of any ground upon which the expenditure of public money in their support could be justified.

Having stated these difficulties, the memorial proceeds: 'We are therefore compelled to respectfully state to your Excelency in Council that we cannot accept the responsibility of carrying into effect the terms of the remedial order.'

Deliberations Singested.

"After reviewing other phases of the educational systems recently and now in force in the Province of Manitoba, the memorial asserts: 'We also believe that there was lacking the means of forming a correct judgment as to the effect upon the province of changes in the direction indicated in the order.' The sub-committee desire to call special attention to the follow-ing paragraph of the said memorial: 'We respectfully suggest to your Excellency in Council that all of the above considerations call most strongly for full and careful deliberation, and for such a course of action as will avoid irritating complications. We dear it prepared to fleaving the works of these shows in 1834 was, however, only \$265.97. The increase this year is in admissions to the grand stand, the receipts for the special picture exhibition to Manager Hill.

On arriving at his office this morning Manager Hill of the Exhibition was surprised to find lying on his desk a valuable solid gold handled ebony walking stick, and a beautiful silver-mcunted pipe, which had evidently been placed there on Saturday after-ncon Industrial Exhibition of 1895, in appreciation of your services as manager of the above Fair, and to assure you of their continued confidence in your ability and popularity—wishing you greater success every year.' Though unexpected as it was, and not krowing from whom i

hope that this course may yet be followed, the sub-committee have now the honor to recommend that your Excellency will be pleased to urge upon the Government of Manitoba the following further views, which may be pressed in connection with the remedial order.
