

MOTHERS FORM NEW CLUB UNION

Separate Schools Organize
Mothers' Units Under Catholic
Women's League

MAY AFFILIATE LOCALLY

Mrs. Wm. McPhillips Will Be
President of New Union
Club Executive

Mrs. William McPhillips, of this city, is to be the president of the new Union of Separate School Mothers' Clubs, now in course of organization through the separate schools of London. To be known as the "Mothers' Union of the Catholic Women's League," clubs have already been organized in three of the six separate schools and, when organization is completed, the officers will form a union executive, very similar to that existing in the Union Mothers' clubs of the public schools. The organization of the Catholic mothers of the city follows closely that in use in the public schools, and it is expected that eventually affiliation with the Union Mothers' clubs will be considered.

The work to be carried on in the separate schools by the organized mothers also follows largely that of the older organization, in caring for the many small needs of school parents and teachers, and especially

looking after the physical welfare of the pupils.

In this last respect, the establishment of daily milk rations in the schools is the first move to be undertaken in the course of the next week or so, when a complete survey of conditions has been made and plans have been completed for supplying this essential food property to the little ones during their morning's task.

The school clubs will meet monthly, and speakers are to be provided, who will deal chiefly with such subjects as hygiene, child welfare and other subject matters of especial interest to the mothers.

St. Martin's unit was organized yesterday by Mrs. J. B. Leech, assisted by Mrs. B. C. McCain and Mrs. William McPhillips; officers elected were Mrs. Bidner, president; Mrs. Orendorf, vice-president; Mrs. Ashwell, secretary-treasurer; Mrs. Lethbridge, refreshment convener; Mrs. McHale, program convener; Mrs. Coveart, press secretary.

At the Sacred Heart, Mrs. Joseph Nolan is the president; Mrs. P. J. Morgan, vice-president; Mrs. Donohue, secretary-treasurer; Mrs. Richard Forristal, refreshment convener; Mrs. Charles Finney, program convener; Mrs. Fred Coles, press secretary.

At St. Mary's, Mrs. M. Carney was recently elected president; Mrs. William Hoy, vice-president; Mrs. Conroy, secretary-treasurer; Mrs. John Haines, program convener; Mrs. Joseph Larkin, refreshment convener.

The remaining separate schools of the city will be organized shortly.

FULLARTON RESIDENT.
MITCHELL, Nov. 29.—On Sunday, Francis Durrant, one of Fullarton's residents, died after only a few days' illness. Deceased was in his 83rd year, and had been a resident of that place for many years. The funeral took place this afternoon to Woodland Cemetery, Mitchell. Rev. H. J. Wren officiated.

ROBERT M'EWEN AMONG WINNERS

Takes Prizes in Sheep Classes at
Chicago Show

OTHER CANADIANS WIN

J. E. Brethour, of Burford Captures
Awards for Swine

CHICAGO, Nov. 29.—(By Canadian Press)—Manitoba Prince, the property of Dr. C. Head, of Regina, was named the champion Canadian-bred Percheron stallion, any age, at the international live stock exposition to-day, and won the special prize offered by the Canadian Percheron Horse Breeders' Association. The champion Canadian-bred mare will be announced Friday.

Robert Graham, Toronto, was one of the judges. A number of Western Canadian horsemen secured awards to-day, but no Eastern Canadians were included among the winners in the horse awards.

Robert McEwen, of Byron, Ont., won second prize with his carload of fat Southdown Wether Lambs, and he took first prize in the specials for a carload of under 90 pounds. Mr. McEwen's lambs average 8½ pounds. The first prize was won with the aid of an extra carload of lambs, allowing the owner to select his best stock. Mr. McEwen had only seven extra lambs, but he managed to defeat the others, some of whom had their choice from three and four carloads.

In the fat Yorkshire Swine division, J. E. Brethour, of Burford, Ont., won two firsts, two seconds and a third.

SPILLED MILK.
WINGHAM, Nov. 29.—As John Fisher was driving his milk delivery rig from the post office a car driven by Mr. McGregor smashed into him, breaking several bottles of milk and doing considerable damage to the rig. Mr. Fisher was thrown to the front of the conveyance and received some cuts and bruises. The milk escaping from the wagon made quite a stream down the pavement.

USE CITY PROPERTY.
WINDSOR, Nov. 29.—Planning to build a new fire station in the factory district near Tecumseh road, the fire committee of the City Council will use land owned by the city, which was purchased years ago for factory sites. The station project will be submitted to the ratepayers in January, but not at the municipal elections.

DECENT WAGES FOR EVERY MAN

George Awrey Answers Charges
Made at Leamington

SUCCESSFUL N. L. C. RALLY

Meighen's Platform Guarantees
Protection for People

LEAMINGTON, Nov. 29.—At a National Liberal and Conservative rally at Wheatley to-night several hundred people listened to speeches from W. H. Hammond, Government candidate in Kent, and George Awrey, former member of the Princess Patricia Light Infantry, who is stumping South Essex for Eugene Forster.

Mr. Awrey very effectively answered the charge made by Mrs. Carpenter and J. C. Tomlin, M.P., at Leamington, that soldiers had not been dealt with fairly by the Government. Figures were produced showing that Canada had done more for returns men than any other country and was ready to do more by advocating a policy that would give every man work at decent wages.

He said, in speaking especially to those engaged in mixed farming, "Do you know that in the last four months we have imported from the United States of America to the detriment of our own farmers 1,015,000 pounds butter, 323,000 pounds cheese, 1,419,000 pounds mutton, 11,217,000 pounds pork, 3,425,000 pounds bacon, 202,000 pounds canned meats, 339 bushels of potatoes, 222,000 bushels of peaches, 1,890,000 melons, 1,746,000 pounds peaches, 1,133,000 dozen eggs, \$550,000 worth of tomatoes last year and \$700,000 this year."

"This, mind you, under what our opponents call a high tariff. I ask you what the figures would be under trade as called for by Mr. King's or Mr. Crease's platform? Doesn't it look as if Mr. Meighen's platform is the only party platform that guarantees protection to Canadian farmers, Canadian workmen, Canadian homes?"

While Mr. Graham claims the tobacco can only be looked after by a Liberal government, Mr. Awrey made the statement that one crate of tobacco raised and sold in South Essex under the present Government brought the growers more money than all of the tobacco grown in South Essex during the entire 15 years Sir Wilfrid Laurier was premier.

ESSEX PIONEER DEAD.
WALKERVILLE, Nov. 29.—David Booth, 98 years old, one of the oldest men in Essex county, died here to-night. Death was caused by heart disease.

Born in England, Mr. Booth came to Canada 32 years ago. For more than 75 years he resided near Port Lambton, Ont. He came to the border seven years ago after retiring from farming. Four sons, Robert and William, of

Windsor; David, of Dresden; and Booth, Marquette, Mich., survive. Burial will be made at Port Lambton on Thursday.

RED ROSE TEA is good tea

Keeps Fresh and Fragrant in the Sealed Package

Cruise the Seas of Eternal Summer

Forget winter in the pleasure of a cruise through the sunny waters of the Mediterranean or among the coral islands of the West Indies. Visit Italy, Greece, and ancient Egypt—see the quaint spots of palm-shaded Latin America. This is the ideal winter holiday.

TO THE MEDITERRANEAN—From New York to Madeira, Gibraltar, Algiers, Monaco, Genoa, Naples, Athens and Alexandria for Egypt and the Nile.

ADRIATIC (24,541 tons) JAN. 7, FEB. 18, ARABIC (17,324 tons) JAN. 21, MAR. 4

Bookings to any port. Optional Shore Excursions.

TO WEST INDIES—From New York to Cuba, Panama Canal, Venezuela, Windward and Leeward Islands, Virgin Islands, Porto Rico and (on third cruise) Bermuda.

MEGANTIC (20,000 tons) JAN. 17, FEB. 18, MAR. 20

Largest dimensioned steamer sailing to the tropics.

Nassau last port of call on first cruise.

Both the West Indies cruise and the voyage de luxe to the Mediterranean partake of that luxury and comfort that is characteristic of the White Star Line. Ask for booklets today.

HOMER UPRIGHT PIANO

In a very attractive Colonial design (mahogany). Could not be told from new. In tone and action of a very high standard. Original price \$525. Sale price **\$375**

URGES CATHOLIC WOMEN TO CONTINUE FIGHT

Bishop Fallon Speaks on Education
Question to Hamilton Catholic
Women's League

HAMILTON, Nov. 29.—Bishop Fallon, of London, in addressing the delegates to the diocesan convention of the Catholic Women's League of Canada, in the Royal Connaught Hotel to-night, urged them not to abate their efforts to secure from the Ontario Government the educational rights to which he claimed the Roman Catholics of Ontario were fully and reasonably entitled under a clause of the British North America Act.

His lordship emphasized that this act stipulated that, as the Catholic majority in Lower Canada would respect the educational rights of the Protestant minority, likewise would the Protestant majority of Upper Canada be expected to extend the same rights to the Roman Catholic minority.

About 60 delegates were registered to-day. Mayor Copley gave an address of welcome on behalf of the city.

SYDENHAM BARN IS BURNED TO GROUND

OWEN SOUND, Nov. 29.—One of the largest barns in Sydenham Township was burned to the ground on Saturday. The barn belonged to William Riddell, who lives about 12 miles from Owen Sound. While out at the barn he hung a lantern up on a nail. The lantern exploded and blew burning oil on the hay. In a few minutes the barn was in flames and all efforts to save it were without success. The live stock was rescued, but a quantity of hay and grain was destroyed. The loss is fairly well covered by insurance.

Styles BY Lenore

PARIS (By Mail).—Dark blue serge school wear may be ever so smart though ever so simple.

The attractiveness of the frock illustrated here lies in this very idea, that it is pleasingly simple, for there is nothing about the design which does not lend itself to the humblest skill in needlework. The pattern, as the sketch indicates, is in no way conventional lines, with the wide neckline gracefully curved, the sleeves becomingly flared. And the school miss may make her own contribution to the frock by stitching in cherry red silk or wool the oval motifs which appear on the sleeves and sides of the skirt, and knot the long, slender tassels which will swing away from the center as she walks.

A hat of red felt or twisted chenille, with narrow rolled brim, is certain to go well with this frock—which at the shop where I saw it was sold for \$65, but as you and I well know, may be copied for ever so much less when made at home.

"It's a Simms brush madam—there is none better made"

Yes—any woman can buy a gift lather brush with safety.

Nothing is more acceptable to a man than a good lather brush.

BUT—

There are many KINDS of lather brushes on the market. The kind bought at random a man will not use—from the first brushful of lather, he can tell the good from the bad.

But women CAN be SURE in advance.

The very name SIMMS on a brush means that a woman can shop blindfolded—she can't buy a POOR Simms Brush—there is no such thing.

And the minute a man sees that name on the gift, he will know that the purchase is as good as money can buy.

This year before making out your holiday gift list for the men folks—

FIRST look at their lather brushes. If the hairs in the brush are worn down in the centre they cannot be getting a satisfactory shave for the brush is worn out. Few men know that this is the cause of their shaving trouble. On the outside the hairs are all right and in their morning hurry they forget to look in the centre of the brush. You do it for them.

There is a wide variety of Simms Brushes to choose from but the same Goodness of Quality is in every brush.

Every bristle in every Simms Brush is guaranteed to be effectively sterilized by the most improved methods.

Price: 50c to \$15.00.
