

PREMIER DEFEATS POSITION MOVE

MacDonald Wins Easy Victory In
the Commons

OVER HENDERSON SPEECH

Says Object To Endeavor To In-
fluence Burnley By-Election

LONDON, Feb. 27.—(Associated Press Cable.)—Premier MacDonald had a complete and easy victory in the Commons tonight on a Conservative motion to have trouble for the Government after the speech delivered last night in Burnley by Rt. Hon. Arthur Henderson, home secretary. Mr. Henderson declared that the Treaty of Versailles must be revised in order to bring about an era of international peace.

Former Premier Baldwin and Hon. Ronald McNair, former undersecretary of state, were among other notables who had addressed the opposition who had addressed the premier on the subject of Mr. Henderson's utterances. After the premier had made his reply, Mr. Baldwin announced that he would not press the matter to a division. Mr. McNair then made a moderate and cautious statement, but this was unanimously voted down.

Mr. MacDonald, in replying to the criticisms of Mr. McNair, declared that the real object of the Conservative maneuver was an endeavor to influence the by-election in Burnley to-morrow, where Mr. Henderson is seeking to win the seat and return to Parliament. Conservative agents in Burnley, the premier declared, had been parading the streets there carrying big placards inscribed, "Premier Repudiates Henderson."

WAS INDISCREET

Mr. MacDonald admitted that Mr. Henderson should have been more guarded in expressing his expressions and said that all his Cabinet ministers must speak with reserve and responsibility.

"But," he declared, "the honorable gentlemen opposite me want their resignations they won't get them, as far as I am concerned."

Declaring that his Government's foreign policy remained as he announced in his speech at the opening of Parliament and quoting passages from this speech, Mr. MacDonald severely reproved Mr. McNair for trying to embarrass the Government in the settlement of the tangle of foreign relations, which he said the Labor Government had inherited from its Conservative predecessor.

"If there is any party in the House at this moment, when there is a chance of settling problems which baffled our predecessors when they were in power, or derailing the caravans which they created, who ought to be generous to foibles and mistakes honestly made, it is the Conservative Government on the opposite side of the House," the premier added.

CADET ARNOLD'S FATHER DEMANDS OPEN PROBE OF TREATMENT OF SON

KINGSTON, Feb. 27.—Following a conference at the Royal Military College to-day, in which he was asked to state the scope of the board of inquiry appointed to investigate the circumstances surrounding the departure of his son, ex-Cadet M. Arnold, from the college, Major E. G. Arnold, D. S. O., stated that he was not at all satisfied and would take steps to have an open investigation conducted. He immediately proceeded to write a letter to the Minister of Militia, in Ottawa, protesting against the present investigation and asking for an open inquiry.

PROPOSE WAR ON RABBITS IN NORTH DUMFRIES AREA

By Staff Correspondent.

TORONTO, Feb. 27.—Representing the Dumfries Wild Life Association, A. W. Menon and J. Lawrence, of Galt, called upon Hon. Charles McCrear to-day, asking that farmers within the preserve be allowed to destroy rabbits, which have become a pest.

As a result, the department has been asked by the minister to submit a formal request from the association asking that certain game be protected, and others, such as rabbits, not protected. The fish and game department will co-operate in working this out and facilitating the aims of the organization.

SOUR STOMACH IS CAUSED BY ACIDS

Says We Must Keep Feet Dry,
Avoid Exposure, Eat No
Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste, also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with wheat, and is used with excellent results by thousands of folk who are subject to rheumatism.

Members of Salesmanship Club

MRS. ELIZABETH SMITH

Mrs. Elizabeth Smith, 70 Rectory street, is another ardent booster for The London Free Press, who is making lots of new friends for herself by her work in the campaign. She believes in consistent producing and is out to win the \$1,000 extra for the best work up to March 3.

E. P. WALSH

E. P. Walsh is a well-known conductor on the London & Port Stanley Railroad. Mr. Walsh's friends are numerous and all of them are anxious to see him win high honors in the campaign. He resides at 423 Adelaide street. His score to-day puts him in third place in the entire campaign and he expects to be in first place when the big day, March 22, comes around.

EIGHT-HOUR DAY BILL FOR BRITISH COMMONS

LONDON, Feb. 27.—Secretary of Labor Shaw told the Commons to-day that he proposed to introduce at an early date an eight-hour day bill. This would not apply, he said, to agricultural workers, seamen, shop assistants or domestic servants, but to all other classes of workers. He said that he would find sturdy allies on the ministerial benches.

RIOTING AT STRIKE OF UNION DRESSMAKERS

CHICAGO, Feb. 27.—A strike of union dressmakers, called by the International Ladies' Garment Workers to-day, started out with a half-dozen riot calls and reports of several acts of violence. According to police reports, a manufacturer was attacked and a number of nonunion workers were struck. Union headquarters claims 5,000 dressmakers are on strike.

OTTAWA GOVERNMENT NOT YET IN COMMUNICATION WITH RUSSIAN MISSION

OTTAWA, Feb. 27.—No direct communication has yet been received by the Minister of Trade and Commerce from the Russian Soviet delegation now in Montreal and the question of their reception in Ottawa has therefore not yet arisen. But no difficulties have so far arisen in the way of their being received. As the delegation has apparently been able to satisfy the British Government of their bona fides they have been admitted to Canada.

POLICE CHIEF SUSPENDED.
WINDSOR, Feb. 27.—It was learned to-night that the Sandwich Town Council has suspended without pay Chief of Police Slider pending a report to be made next Monday night by the committee. The reason for the action is not known.

MRS. ERWIN RUTLEDGE

Mrs. Rutledge is a popular member of The Free Press Salesmanship Club who is making a splendid drive for the \$2,000 home or one of the 14 cars. Mrs. Rutledge has been one of the leaders ever since she entered the campaign and no doubt the auditors will have to reckon with her score at the grand finale on March 22. She resides at 1291 Dundas street.

BOYD ROBERTSON

Boyd Robertson, 567 Grosvenor street, is a salesman with an established reputation for success in anything he sets out to do. Mr. Robertson is sending his total skyward slowly but surely and the stimulus of double credits and has been ranking among the leaders ever since he entered the race.

TRUCK FREIGHTING IS SUBSIDIZED

Claim of Toronto Professor To
Good Roads Association.

URGES STUDY OF PROBLEM

Doubts If Trucks Are Paying
Share of Maintenance.

TORONTO, Feb. 27.—(Canadian Press Dispatch.)—That the country is subsidizing the truck freighting industry was the opinion expressed by Prof. A. Laing, associate professor of applied mechanics of Toronto University, addressing the meeting of the Ontario Good Roads Association to-day. The municipalities were able to solve their own road problems until the freighting truck arrived and time had come, he said, when it must be considered seriously whether the trucks were paying a reasonable price toward the maintenance of the roads they used so freely.

"To what extent can the country go on subsidizing the freighting industry?" the professor asked. "In my opinion, all industries should be compelled to stand on their own feet, and it would be better for all concerned if the matter could be solved on some strict economic basis."

NOT LOCAL QUESTION.

The matter had become of so much importance that it could no longer be handled in the strictly local basis, but must be viewed provincially or nationally, he continued. One of the problems in this connection was to work out the apportionment of cost, and another was to take into consideration the employment of the trucking companies.

Another problem of importance was that of federal aid. Prof. Laing approved such help for highway work where the superintendents and county and township officials might get together and go into road problems in a more detailed manner. A number of delegates suggested that they accept the offer, but the point stood over for settlement.

**FARMER LOSES SUIT
FOR BOARD AGAINST
HIRED MAN'S ESTATE**

OTTAWA, Feb. 27.—The second appellate division of the Supreme Court of Ontario has upheld the decision of Judge Mulligan, who some time ago in the surrogate court, dismissed the claim of Howard Barber for \$1,800 for board and lodgings which he brought against the estate of the late David Cutbert, aged farm hand, who on small wages managed to save \$5,000.

At the time the claim was presented in the surrogate court it was represented that Cutbert had worked for nearly 50 years for Barber on the latter's farm at West Templeton. On behalf of Barber it was claimed that about 1915 Cutbert had been unable to do much work around the farm and that Barber told him that he must pay for his board and lodging if he desired to remain on the farm.

Cutbert, it was stated, did not state whether or not he was agreeable to paying for his board and lodging.

TO OPPOSE THE LAKE-SEA PLAN

Mayor Martin, of Montreal, Calls
Meeting For Monday

DETRIMENTAL TO QUEBEC

Also Against the Power Development
Proposal

MONTREAL, Feb. 27.—(Canadian Press Dispatch.)—Opposition to the St. Lawrence deep waterways system and development of proposed water power at Morrisburg will have a venue in Montreal on Monday next, when Mayor Martin will call a special meeting to discuss the project. He will demand that the Ottawa authorities refuse to give ear to the propositions of Sir Adam Beck.

He stated to-day that he was unalterably opposed to the deepening of the St. Lawrence to accommodate ocean bottoms as being detrimental to the interests of Quebec and to the whole country. He equally objects to the damming plans at Morrisburg, whereby further development of the Ontario hydro-electric system jointly with American co-operation would be effected.

If inland water routes are required he would prefer to see the Government push the Georgian Bay canal, which would connect this body of water with Lake Ontario, thus cutting off the great stretches of Lake Erie, Lake St. Clair, Lake Huron and their connecting rivers.

MOST VIOLENT 'QUAKE ALASKA HAS EXPERIENCED

ANCHORAGE, Alaska, Feb. 27.—An earthquake, declared the most violent ever noticed here, occurred at 2:07 yesterday morning. A series of three waves, whose movement was described as lateral, lasted six seconds. This was the sixth earthquake recorded at Anchorage in six months. A few broken dishes was the only damage reported.

ACCLAMATION FOR CARDIN.

MONTREAL, Feb. 27.—Hon. Arthur Cardin was to-day re-elected by acclamation as member for Richelieu County. Mr. Cardin submitted himself for re-election on entering the Cabinet of Premier King. No further candidate appeared at the nomination meeting to-day.

ADMITS ENMITY TOWARD BAVARIAN MINISTRY

Former Chief of Police, Charged With
Treason, Makes No Attempt to
Conceal Attitude.

MUNICH, Bavaria, Feb. 27.—Herr Poehner, former chief of police of Bavaria, one of the defendants in the November "putsch" trial, gave testimony to-day, making no attempt to conceal his enmity to the government and his share in the plot to overthrow it.

Herr Poehner, whose testimony occupied the greater part of to-day's session, declared that Dr. Von Kahr, at one time premier, minister of the interior and foreign minister of Bavaria, and more recently acted as Bavarian military dictator, gave his unconditional consent to the revolt.

The president of the court announced that Dr. Von Kahr eventually would be heard as a witness.

CHARGED WITH PIRACY

Massachusetts Man Charged With Raid
on N. S. Ship.

BOSTON, Feb. 27.—Ray Cass, of Somerville, former boxing promoter, arrested to-day on a charge of piracy and attempted murder sworn out by the British consul-general here on behalf of the Nova Scotia authorities, was held in jail while a telegram was sent to the attorney-general of the Canadian province asking whether he will agree to Cass' release on bail. At a hearing before the United States commissioner, counsel for the Nova Scotia Government urged that the man be held without bail.

The charges against Cass both here and in Canada grew out of an attack last August on the British schooner J. Scott Hankinson, a run-runner, off Cape Ann.

A band which boarded the vessel wounded the skipper and cook, but failed to find any considerable sum of money.

SEEK TO DEFEAT TAXATION BILL

Regular Republican Leaders
Plan a New Move

LOSE CONTROL OF MEASURE

Aim At Veto By President As
Last Maneuver

WASHINGTON, Feb. 27.—(Associated Press Dispatch.)—Regular Republican leaders in the House to-day are engineering a movement to get all the regular Republicans to vote against passage of the tax revision bill. Having completely lost control of the bill the "old guard" leaders seek to defeat the measure or get it so loaded with objectionable amendments as to give President Coolidge excuse to veto it.

One feature put into the bill which has stirred the antagonism of the conservative Republicans is the graduated inheritance tax rates modeled after the British law. Indications are that the bill will pass, despite regular Republican opposition, in about the form the Democrats and Progressives want it.

President Coolidge will then be faced with the embarrassing proposition of either signing a bill which the conservative Republicans oppose, or vetoing a bill which reduces taxes, in the face of a presidential election.

REOPEN TOMB AT LUXOR SATURDAY

Visitors Will Be Admitted For
Period of Ten Days

GOVERNMENT'S DECISION

Inventory of Contents Made By
An Official

LUXOR, Egypt, Feb. 27.—(Associated Press Cable.)—The tomb of Tutankhamen will be reopened on Saturday of this week for a period of 10 days to permit its inspection by visitors sanctioned by the Egyptian Government. The premier and other members of the Cabinet and the diplomatic corps will come from Cairo on a special train on Friday night to be present at this ceremony.

For the past few days M. Lécuyer, director-general of the antiquities department, has been making an inventory of the contents of the tomb and laboratory as left by Howard Carter when he ceased work and closed the tomb on February 14.

After lowering the lid of the sarcophagus to insure the safety of the gold mummy case, M. Lécuyer sealed the doors of the two rooms containing the treasures still untouched.

JUSTICE MARTIN OPPOSES UNION

Former Saskatchewan Premier
Says Minority Not Protected.

ADDRESSES THE COMMITTEE

Dr. Gandier Denies Plan Was
Aimed At Catholic Church.

REGINA, Feb. 27.—A flat contradiction to the implication that the proposed union of the Presbyterian, Methodist and Congregational churches was aimed at Roman Catholicism was filed before the private bills committee of the Saskatchewan Legislature here to-day in the form of a telegram from Rev. Alfred Gandier, moderator of the Presbyterian Assembly, signor of the petition for enabling legislation. At previous sessions it was hinted such was the case and that organic union would create strife unheard of under existing conditions.

The session was featured by the appearance of Justice William Martin, former premier of Saskatchewan, as a counter-petitioner. He confined his remarks to legal points, contending that, if passed, would override the civil rights of a minority not protected under the provisions of the bill. The unionists practically closed their case.

EXPECT INCREASE IN WHEAT TARIFF SOON

WASHINGTON, Feb. 27.—(Associated Press Dispatch.)—President Coolidge is expected to issue an order within a few days increasing the tariff on wheat 50 per cent.

The tariff commission has completed its hearings, and while it has not given out what it will recommend to the president it is understood that it will favor the increase. The president has indicated in public statements that if an increase is recommended he will take action under the flexible provisions of the tariff law to increase the duty.

Speculation is rife here as to whether the Canadian Government will take retaliatory measures if the tariff is raised.

WASHINGTON, Feb. 27.—The funeral of William Jewett was held on Monday from his late residence to Green Hill Cemetery, Rev. J. H. Osterhout, B.A., B.D., officiating. He was 65 years of age.
