Fuller—Kingston, that accounts be passed and Reeve grant his order.—Carried.  
Kingston—Harper, that we adjourn.—Carried.  
W. S. Fuller, Clerk.

The death occurred suddenly at Wheatley on Tuesday night of Mrs. John Bodine, a former resident of Mosa township. Since the death of her husband a year ago Mrs. Bodine had been living with a nephew at Ridgeway. A few days ago she went to visit her sister, Mrs. Maxwell, at Wheatley. On Tuesday night, without any previous indication of illness she fell over and expired almost immediately from heart disease.

## A \$50 PRIZE LETTER

This district was represented last year among the prize-winners in the Willy-Overland letter-writing contest. In a booklet just published on "What my Car Means to Me," and among the letters that won \$50 each, appears the following by Rev. T. De Courcy Kayser of Watford:

A car may be a luxury to some but to a rural preacher like myself an auto is absolutely indispensable.

My car is a great time saver. My churches are seven miles apart and my car does the return trip one hour and a quarter quicker than a horse. My car does not eat when not working.

My duties refuse to allow me a choice of weather for my Sunday trips; but my car eliminates the discomfort of stormy travelling by providing a cosy shelter.

My car reduces the cost of living for our family by carrying home many gifts of fruit, vegetables, chicken-feed, etc.

Stable work, with its consumption of time and its clinging odors, so distasteful to a professional man, has been entirely eliminated for me by my car.

My car has frequently saved railway expenses by enabling several delegates to attend church conventions in various places at a cost equal to railway fare for one. Further, it eliminates the inconvenience of travel.

As my parish extends over fifty square miles, my car affords me great assistance in making pastoral calls. It enables me to give pleasure to invalids and others by taking them on my trips.

It carries me to assist in Life's great scenes, as recent events prove:—A Christening, eleven miles out. A wedding, seven miles away. A funeral, to a cemetery thirteen miles distant. Sick calls, nine miles from home.

It enables me to conduct services and give lectures in places where there are no railway connections. It also means cheaper and more enjoyable holiday trips for the family. Truly my car is a boon and a blessing to me.

An oil company of London has leased about 4,000 acres of land in the vicinity of the Sauble River West and the adjoining township of East Williams and have announced their intention of putting down a number of test wells. There are strong indications that oil underlies the limestone formation through which the river runs to Rock Glen.

## Pure Clean Milk

SIX REASONS WHY YOU SHOULD GET YOUR SUPPLY OF MILK FROM

## M. E. BUCHNER

1. We handle it in the way health inspectors demand (in bottles). Each bottle is sealed with waxed stopper with no holes in to let in the dust or disease germs. Milk is thoroughly cooled before being put into bottles.
2. We have the largest and most modern stable in town. Brick walls, (whitewashed) cement floors throughout, raised four inches were cows stand.
3. Our up-to-date stable keeps our cows' flanks and udders clean. Cows udders are kept closely clipped and are carefully brushed each time before milking. They are also washed frequently.
4. Dr. McGillicuddy will test our entire herd for tuberculosis when tuberculin arrives.
5. We deliver twice daily at 8 cents per quart.
6. We guarantee our customers their supply the year round.

M. E. BUCHNER, Watford.

LIQUID ANTISEPTIC

Very efficacious for sore throats and head colds—leaves such a cool, clean feeling. Use it to prevent the Flu! Throats sprayed with Klenzo resist all disease germs. Take home a bottle today.

A MILLION DOLLAR BABY

Naturally, those who see this heading expect to read about some "baby heir" of an American multi-millionaire, and they will be surprised to learn that such a description applies to a scientific preparation, tooth and mouth preparation, and they will doubtless wonder how such a product ever came to be spoken of as a "million dollar baby." So the story must be told. Over three years ago, the Research Department of the Rexall Company, in consultation with chemical specialists, began an exhaustive investigation into the disease Pyorrhea, and its proper treatment, and in their characteristic thorough way spent over two years before they perfected a compound which answered every test, according to their high standards. Such a remarkable demand has been created that they have named it "The Million Dollar Baby." Probably no preparation that is devised for use as a germ combatter was found so efficacious in preventing all contagious diseases that enter the system through the mouth and nose as Klenzo Liquid Antiseptic. Especially was it proved that users of it completely escaped all attacks of the flu when so prevalent last year. This Rexall product can be purchased in 35c. and 60c. special toilet bottles at

**J. W. McLAREN**

THE REXALL STORE

For white teeth and a clean mouth. Just the most delightful dental preparation you ever used. With Klenzo, children don't have to be drugged at tooth-cleaning time. Take a tube home to try.
