## THE MUNICIPAL ELECTION.

The municipal elections are over and the men who are to compose the council and Sewer Commission of 1904 stand ready to take hold of the work before them. The result is satisfactory. Some say in criticism that the timber which was offered this year was, on the whole, not as good as usual, but the people have measured it up and selected the best. Alderman Kranz defeated a strong candidate in winning from Mr. A. Bricker and should be pleased with the honor he has won. He had the advantage of being in harness when the contest opened and owes his election to the support of those who admire pluck and independence in a public man. Some opposed him on the ground of his youthfulness. But this is a young man's age and Mr. Kranz will no doubt prove his fitness for the position by performing good service for the community.

With respect to the council, Aldermen Gross, Weber, Collard and Hartung are experienced men, while Mr. McKay has had years of experience at township and county council boards. Messrs. Campbell, Cram, McBrine and Rose are new men who should be able to make good. If the members of 1904's council remember that the interests of Berlin as a community are paramount to and advance its welfare, they will command the approval of its citizens. Keeping "Berlin" as its watchword and "Harmony" as its ruling spirit to be observed, the council will be able to end the term with credit to all concerned. Regarding the Sewer Commission, which is to be composed of Messrs. Honsberger, Cochrane, Staebler and Pequegnat, it should prove a capital set of men. It has its work cut out and in solving the sewer difficulty will perform a good work for the town. Mr. Staebler is thought to be opposed to the carrying out of the plans prepared by City Engineer Davis, and adopted by last year's council. He had many years of experience with the sewer farm when it was inaugurated, and is said to favor an extension of the original system, but after studying the situation as it exists today, he will, no doubt, see how inadequate the old system is and give the present plans his hearty support. The News Record wishes the newly elected boards a pleasant and successful twelvemonth in filling their honorable though arduous positions and hopes that each may be able to earn the satisfaction which comes from performing their duties well and faithfully.

## BLOOMINGDALE.

Bloomington, Jan. 5.—Mr. and Mrs. Ward, of Toronto, spent the holiday season with Mrs. Ward's mother, Mrs. Oberholzer. Mrs. Pugh, of Toronto, is at present visiting her parents, Mr. and Mrs. Chas. Bedford.

Mr. and Mrs. McMurray, of Shelburne, holidayed in the village, the guests of relatives and friends. Mr. and Mrs. D. Benis, of Toronto, spent Christmas at the family fire-side.

Miss Mary McAllister spent Xmas and New Year's with relatives in Nanawake. The Misses Joanna and Aysia McAllister and Mr. John McAllister spent New Year's in Listowel.

Miss Stone, of Toronto, was during the holiday season a guest at the residence of Mr. Geo. McAllister. Dr. Karn, of Berlin, had the misfortune one day last week to lose his valuable horse run away on him while attending a patient in the village. Fortunately the horse was not hurt, although the equine rebelled St. Jacobs in his wild run.

Several of our townpeople took in the recent hockey matches during the holiday week in Berlin. The next open meeting of the Literary Society will be held on Saturday evening, Jan. 9, for which a good program is being prepared. A lengthy dialogue and a debate, "Resolved that memory gives greater pleasure than hope," will be the principal features.

On Friday, Jan. 1, a very pleasing event was celebrated at the residence of Mr. and Mrs. Thos. Bedford, it being the 25th anniversary of their marriage, when a large gathering was present from this village, also from Eriepoint, Tavistock, Berlin, Hawkesville and Shelburne. After ample justice had been done to a sumptuous dinner, consisting of all the delicacies of the Xmas season, a choice program was rendered. Rev. Mr. Abbott occupied the chair in his usual able manner, when selections were given by Mrs. Peppier, Mrs. McAllister, Chas. Bedford, Mr. Shepherd and Mr. McAllister. A large number of costly and beautiful presents were received by the host and hostess, signifying the high esteem

In which they are held by their many friends. The remaining part of the day was spent in conversation and music, the gathering on dispersing wishing Mr. and Mrs. Bedford many happy years of continued health and prosperity.

Miss Waterman, who has been spending some weeks at the home of Rev. Mr. Abbott, left this week for London. Miss Waterman made many friends during her short stay in the village, who will be sorry to lose her from their midst.

Mr. and Mrs. John Lackenbauer spent Christmas with Mr. Lackenbauer's parents in Waterloo. Mr. C. Allenburg is wearing a broad smile lately on account of a new acquisition to his family. It's a boy. Congratulations.

## MUNICIPAL ELECTIONS

Vote Polled Was Not Large Owing to Extreme Cold Weather.

Municipal Ownership Backed By Many Towns—Long List of Bylaws, Aiming at Local Improvements, Carried by the People—Local Option Carried in the Town of Toronto Junction—Mayors Elected.

Toronto, Jan. 5.—Elections were held in the cities, towns, villages and municipalities of the Province yesterday, but the vote polled was not large, owing to the severity of the weather, and in many cases to the lack of interest caused by so many elections by acclamation to the chief executive positions. On the whole, the results are important in a great measure by reason of the number of bylaws passed upon by the electors.

Municipal ownership came well to the fore in the estimation of the people. Ingersoll frowned on the proposal to purchase the gas and the electric plants, but Waterloo and Belleville smiled, while Peterboro showed its intention of controlling its street railway system.

Local improvements and inducements to factories to establish plants met with approval. Brockville will spend \$50,000 in improving its electric light plant. St. Mary will borrow \$10,000 for new sidewalks. St. Thomas will bonus the Marquette car shops, and so all along the line.

Woodstock voted to build a free library, while St. Mary's decided to accept a gift from Carnegie. One voting machine, a home made article, was tried with success at Colborne.

Below is a list of the bylaw votes: Local Option Votes.

Local option carried yesterday in the Town of Toronto Junction (population over 7,500). It was defeated in York Township (population about 11,000). It was also carried in the Township of Niagara, Lincoln County.

Goderich—The vote on the bylaws resulted as follows: O.P.R. bonus, for 452, against 19; National Cloak Co., for 472, against 22; school bylaw, for 162, against 27 majority.

St. Mary's—Carnegie library bylaw was carried by 27 majority. Harrison—The bylaw to aid rebuilding of the High School carried with little opposition. The bylaw to exempt the Dowling-Leighton Co. from taxes was defeated.

St. Mary's—The bylaw for the purpose of borrowing ten thousand dollars for new cement sidewalks was carried by 102 majority.

Kingsville—Bylaw granting loan to Gingsville Woollen Mills was carried by a vote of 216 to 19.

Collingwood—The good roads and the elevator bylaws carried by large majorities.

Brockville—The vote on a bylaw to raise \$25,000 for improvements to the lighting plant of the town resulted in a majority of one hundred in favor of the bylaw. Another bylaw to amalgamate the light and

water boards was defeated by 20 votes.

Welland—The Frost bylaw for the exemption from taxes was defeated. Kingston—The bylaw to elect aldermen at large was defeated by a large majority.

Athens—The referendum vote taken at Athens on Monday for the location of a site for the Town Hall was carried in favor of the Green site by a majority of 31.

Ingersoll—The bylaws for the purchase of the gas and electric light plants and a new Town Hall were all three defeated by large majorities.

Colborne—At the Colborne municipal election the new voting machine invented by G. M. Peebles of Colborne was tested and proven very satisfactory. The voter passed in, pressed the button opposite the name of the candidate and the machine registered the number of votes cast.

Holland Landing—Vote on county roads system resulted as follows: For 9, against 46.

Woodstock—The bylaw to establish a free library here was carried by 350 majority.

Chatham—Three bylaws were voted on, one to issue debentures to consolidate the city's floating debt of \$50,000, one to make a loan of \$30,000 to Wybrew of Birmingham, England, to erect a pork factory, and one to add a road electric railway by a loan of \$50,000. All three were defeated.

Dundas—A bylaw was carried by a majority of 62 for the issue of debentures for appropriation of \$14,000 for sidewalks.

Waterloo—The \$10,000 waterworks bylaw to increase the town's present plant carried. The plebiscite on the town's purchasing of the electric lighting and gas plants also carried a good majority.

Belleville—The bylaw authorizing the council to borrow \$50,000 with which to purchase, repair and run the gas works as a municipal concern was carried, the vote being, for 353, against 237.

Oshawa—The citizens by a large majority voted in favor of pumping water from the lake instead of being supplied from Raglan Springs.

Peterboro—The Street Railway bylaw was voted on and carried by over 400 majority. The bylaw for the expenditure of \$10,000 for the purchase of a gravel pit was also carried.

St. Thomas—Pere Marquette car shops bonus bylaw was carried by a large majority. The amount voted was \$20,000.

Lindsay—The bylaw to grant \$10,000 for waterworks extension was carried.

Perth—The bylaw for the purchase of the plant and equipment of the Perth Electric Light Company by the town was carried by a majority of 138 votes. The free library and reading plebiscite was defeated by nine votes.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years ago I would have two days of severe pain, and could find no relief, but one day when visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound, and she had used it with the best result, and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."

—Miss Alice M. Smith, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee, Minneapolis Study Club. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound carries women safely through the various natural crises and is the safe-guard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

## LOSS OF \$40,000 BY FIRE

Government Uninsured on Burned Ottawa Postoffice.

One of the Most Grand Public Buildings in Canada a Prey to the Flames—Two Floors Completely Destroyed and Bottom Story and Contents Badly Damaged by Water—Aftermath of the Chicago Horror.

Ottawa, Jan. 5.—The city post-office, one of the most ornate public buildings in Canada, was practically destroyed by fire last night. Smoke was seen about 8 o'clock issuing from windows in the third, or roof, storey, in which are located the offices of the Railway Mail Service and the Ottawa River Works. The frame-work of the roof, as well as the floors, partitions and massive tower structures were all of wood, and in half an hour the entire flat was afire.

The night was bitterly cold and the fire brigade was also handicapped at the outset by difficulty in locating the seat of the conflagration so that it was not until the flames burst through the roof that the dozen hose beams from the fire engines and hydrants direct could be brought to bear upon the burning woodwork.

In an hour the roof was burned away and the second flat, occupied by the Inland Revenue and Customs, was soon after a prey to the flames. Their further progress was three stages, however, and the ground floor, in which was the postoffice proper, was damaged solely by water, as were also the examining warehouse and other customs offices in the basement.

The postal staff, as soon as the fire broke out, all went to work to save the mails. These and the other movable equipment of the postoffice were taken to the House of Commons, and from there the mail will be despatched, pending the completion of other arrangements of temporary quarters.

The building was of dressed freestone in the Romanesque style of architecture, and cost when erected thirty years ago \$100,000. Its roof storey, by reason of the great mass of woodwork of which it was composed was a veritable fire-trap once the flames gained a footing, no water supply could stay their progress.

The damage to the postoffice building is about \$40,000. The Government carries no insurance on its public buildings.

## THEATRES REMAIN CLOSED.

Plan Proposed by the Managers Turned Down by Mayor.

Chicago, Jan. 5.—Five chorus men, arrested on a charge of manslaughter in connection with the fire at the Froquois Theatre, were released yesterday on bonds of \$600 each. Eight chorus girls, kept under police surveillance at the Union Hotel since the fire, were released on bonds of \$500 each. All will be arraigned before Justice Caverly Jan. 11, on a charge of manslaughter.

Corner Tracer has received information that more than half of the stage hands were in a saloon when the fire was discovered. It has been learned that the smaller stage door opened in, not out, as the city ordinances require, and that it was torn from its hinges when the stampede of chorus girls occurred.

## HOW IT'S DONE.

It's from the stomach the blood is fed and the nerves controlled.

Undigested food ferments for lack of gastric juice. The fermentation and putrefaction in the stomach and alimentary canal are the main causes of disease.

It upsets the nerves. It poisons the system.

Dr. Leonard's Anti-Pill increases the necessary supply of gastric juice in quantity and quality to insure perfect stomach action. It has similar action on bile formation. Anyone can prove this for himself by addressing WILSON-TYLE Co., Niagara Falls, Ont., for free sample.
