SUBJECTS FOR PRAYER.

OCTOBER.

For the great Empire of China, and the Chinese people scattered throughout the world; for the thousands of these foreigners in British Columbia; that abundant success may attend all missionary efforts to enlighten and evangelize them; for Miss Lake, and the inmates of the Home for Chinese Girls, that their way may be opened up for service in missionary work among their own people, and that many more may be induced to enter the Refuge.

JAPAN WORK.

From Miss Lund.

Tokyo, April 24th, 1890.

After considerable delay in securing a passport, we left Tokyo on March 20th and travelled to Shizuoka. While in that ken, Mrs. Ueshioka and I held meetings in six places, and Miss Hargrave and I in one.

In all these places, save one, the attendance was as large, and in two places larger than last year. The attention while I spoke was so much better than last time, that though I had not succeeded in my Japanese so well as to be able to speak extemporaneously, as I hoped to do when out this time, I felt I had gained a good deal.

How I did enjoy those meetings, in spite of rainy weather and almost impassable roads! After six days there, I returned to Tokyo, and next morning left for Kofu. If the roads in Shizuoka were bad, I do not know what to say of those leading to Kofu. The rain seemed never to stop, but we managed to reach our destination a day late. While there meetings were held by Miss Preston and myself, sometimes with other help, in eight places.
