Gentlemen

When you were manufacturing Engines and Mill machinery in 1872 you supplied me with all the machinery for my Saw-Mill at Midland.

Every part of the work was strictly first class and gave me the greatest possible satisfaction. I never saw as good a lot of Machinery. The material was the very best quality and the workmanship unsurpassed. Until my Mill was burned and rebuilt I did not fully realize how entirely you carried out your agreement to do me a first class job.

The Engines, Boilers, Circulars, Gauges, and connections worked splendidly. In the erection of the Machinery we had no trouble everything was according to the plans and specifications furnished and was put together without alteration of any kind.

I am pleased to learn that you have repurchased the patterns and plant you sold to the McMill Manufg Co and intend to manufacture all kinds of Mill Machinery. You shall have all the work I can send you.

Yours very truly

H. H. Cook

President of the British Canadian Lumbering and Timber Co.
