

Hopkins and Hume coming from work list. Green's dog disappearing round a corner with a bone.

Hume—What's that dog got?

Doc (with great seriousness) —Hope it's pie; it will save some poor beggar's life.

## Personals

Mr. J. C. Macdonald, B.S.A., '97, Managing Editor of last year's Review, has succeeded Mr. Paterson as Fellow in Biology.

—o—

Mr. Wm. Gamble, B.S.A., '97, is now attending McGill University, Montreal, in preparation for going to Germany, where he will study for the degree of Ph. D., in Chemistry.

—o—

The opening of the College has brought back two of our old students to take the third year. Mr. A. M. High, '91, of Courtland, Ont., and Mr. Wm. E. Butler, '95, of Dereham Centre, Ont.

—o—

Mr. G. C. Creelman, B.S.A., '88, has given up his position as Professor of Biology in Mississippi State College, and is now district agent for the Ontario Mutual Life Insurance Co., in Cobourg, Ont.

—o—

Prof. H. H. Dean moved into his new house, on the top of Forbes' hill, on the road out to the College, on Friday, Oct. 8th. He has built a fine house on a good site, and will now be much nearer to his work.

—o—

Dr. A. Lehman, B.S.A., '83, has been appointed Demonstrator of Organic Chemistry at Queen's University, Kingston, a position which he is well qualified to fill, having received the degree of Ph. D. with the highest possible honors from Leipzig University, Germany.

—o—

On September 22nd a happy event took place at the home of Mr. Fritchard, Fergus, Ont., when his daughter, Miss Ida, was married to

Mr. R. R. Elliott, '91. Mr. and Mrs. Elliott have gone to their home in Ottawa, where Mr. Elliott holds the position of herdsman at the Experimental Farm. They carry with them the heartiest congratulations of all who knew Rob. at the College.

—o—

Many of our readers will be sorry to hear of the illness of Prof. J. H. Panton. He was taken ill while at Harvard University this summer, and is now suffering from nervous prostration. It is not expected that he will be able to resume his work at the College till after Christmas. We hope that his recovery may be as speedy as possible, but as yet there has not been very much improvement in his condition.

—o—

Mr. R. N. Morgan, B.S.A., V.S., '92, is now farming near New Orleans, Louisiana. He is interested principally in the growing of alfalfa hay. Owing to the fact that hardly any hay is grown in the State, the prices range from \$13 to \$18 per ton. From experimenting he found that alfalfa would give about six cuttings of hay a year, besides three for green fodder. Under such circumstances, he has good reason to expect to make money.

—o—

We are pleased to announce the wedding of Mr. G. E. Day, B.S.A., '93, to Miss Tessie Campbell, of Toronto, but formerly of Guelph. The ceremony took place in Avenue Road Methodist Church, Toronto, on July 14th. After a very pleasant honeymoon in Muskoka, Mr. and Mrs. Day returned to Guelph, where they are making their home. We take this opportunity of tendering our most sincere congratulations, and wish them a long and happy married life.

—o—

Mr. T. F. Paterson, B.S.A., '96, who has held the position of Fellow in Biology here for the last year and a half, left for British Columbia on the 25th of last month, with the intention of organizing Farmers' Institutes in that Province. He intends to remain there three months, if not longer. Pat. was always a favorite, and will be missed very much, both at the College and in the city. We wish him every success in his undertaking, and hope that his efforts may result in the advancement of agriculture in the West.

—o—

We were sorry to learn that Mr. J. J. Ferguson, B.S.A., '91, had been the victim of a runaway accident. While returning from Merrickville fair, where he had been exhibiting stock, his horses took fright, upsetting the wagon on the side of the road. Besides getting badly shaken up, Mr. Ferguson received some internal injury, which may prove serious. The last word we heard of him was that he was so far recovered as to be able to sit up. We hope that he is very soon be entirely well. Mr. Ferguson has been carrying on a private dairy and has received from 22 to 25 cents per lb. for his butter all summer, so he must be succeeding pretty well.
