CHEMICAL LABORATORY, DALHOUSIE COLLEGE,

Halifax, N.S., Jany. 30th, 1885.

I have made analysis of samples of the Emulsion of Cod Liver Oil, prepared by the Putnam Emulsion Co., and they have explained to me the details of their process. The ingredients used, and the mechanical processes to which they are successively subjected enable this Company to prepare a permanent Emulsion, without the use of acids or alkalies. This preparation has been known to me for many years, and when carefully prepared is certainly a great improvement upon the Crude Cod Liver Oil, not only being milder in flavour, but having the more substantial advantage of being in the best form for digestion and assimilation.

GEORGE LAWSON, Ph.D., LL.D.

Fellow of the Institute of Chemistry of Great Britain and Ireland, Prof. of Chemistry.

TESTIMONIALS.

MONTREAL, QUE., Nov. 15th, 1883. I hereby certify that I have analyzed and tested the material called "White Bronze," manufactured for monumental purposes by the St. Thomas White Bronze Monument Company, and I find it composed, as represented, of Refined Metallic Zinc, of a very superior quality to sheet zinc, and almost absolutely pure. Its great durability under all exposure to weather and storm is therefore fully assured by its high quality. And it will resist decay and further oxidation when its surface is once coated. It is then more durable than stone, and will not lose its handsome appearance from generation to generation. I know of no other material which is equally capable of combining elegance of form, beauty of surface and indefinite durability.

(Signed) J. BAKER EDWARDS, Ph.D., D.C.L., F.C.S., Public Analyst.

E. E. Myers, Esq., Architect of the Michigan and Texas State Capitols, says:—

"White Bronze will outlast Marble, Granite and Yellow Bronze."

Designs and prices sent on application. We want reliable agents.

Only Manufactory in the Dominion.
