*To Prepare Cod-Liver Oil*

*so it shall be palatable requires great pharmaceutical skill. But to have it "odorless and tasteless" at the full expense of its therapeutical power is another question.*

**Scott's Emulsion**

*"The Standard of the World"*

*is as odorless and tasteless as any preparation of cod-liver oil can be, when the whole oil is used. Of course it is easy to make an odorless and tasteless cod-liver oil, if you throw away all the oil, or fat, and mix a little of the iodine, bromine, etc., with aromatics and alcohol.*

*But what about the therapeutical power? Just keep in mind: these fancy so-called preparations of cod-liver oil do not contain a single drop of the oil. SCOTT'S EMULSION is precisely what it claims to be: the best Lofoten Cod-Liver Oil, thoroughly emulsified, Glycerine and the Hypophosphites.*

*Two sizes, 50c. and \$1.00. In prescribing, please specify unbroken package. Small size put up especially for convenience in cases of children.*
