MANUAL
OF . . .
PUNCTUATION

AND SOME
TYPOGRAPHICAL
MATTERS . .

DESIGNED FOR

Printers, Students, Teachers and Writers

BY JAMES P. TAYLOR

This little book of eighty-two pages aims to make every student of it an adept in the art of punctuation, and we do not think we claim too much for it when we say that it will accomplish all it aims at.

The exercises, one or two excepted, have not been taken from any work on the subject, but from every outside source that provided the best for illustrating the subject. Many have been taken from the School Readers; and it is believed that they are sufficiently numerous and well chosen to afford all necessary assistance to aspirants for proficiency in this much neglected art.

Mailed, postpaid, on receipt of price.

Paper, 25 Cents.

GRIP PRINTING & PUBLISHING CO., TORONTO

Lumsden & Wilson's

THE above cut shows the design of four celebrated Buttonless Footballs as registered in Great Britain. Compare it carefully with other designs; you will notice that it actually has less sewing, and experience has proved that it keeps its shape better than any other pattern. Our second quality are also Scotch made, and superior to many fancy-finished match balls which are offered by other dealers at about the same prices. It is in the quality and tanning of the leather, not in the surface finish (which quickly disappears) that durability is attained. Each ball is fitted with a Mackintosh rubber, natural color, stamped and guaranteed.

PRICE LIST.

ASSOCIATION FOOTBALLS COMPLETE

THE LATEST. THE BEST.

SIXTH EDITION

Arithmetical Problems

Senior and Entrance Classes in Public Schools,

G. H. Armstrong, Principal Niagara Street School, Toronto.

This edition contains nearly 900 Problems. The Entrance Papers for the last twelve years are appended, also the Public School Leaving Examination Paper for 1892. The answers to all the Problems are given. No other work possesses these features. Seventy-five per cent. of the Public Schools of Ontario use it, also several Commercial Colleges.

READ WHAT TEACHERS AND INSPECTORS SAY OF IT:

I am highly pleased with your Arithmetical Problems for Senior classes. It suits my Entrance candidates exactly. A book such as this is needed by every Fourth Class pupil.—GEO. KIRK, Head Master M.S., Chatham.

I have just examined your Arithmetical Problems for Senior Classes. The problems are very suitable and the collection must prove very valuable to teachers. I heartily commend it.—G. D. PLATT, B.A., P.S. Inspector, Prince Edward.

After a careful examination of your "Arithmetical Problems for Senior Classes," I find them well graded and very suitable for the purpose intended. The teacher who uses them for home or class work, will save himself a vast amount of labor, and in all probability secure to his pupils much better results.—J. S. DEACON, Inspector, Halton.

I have no hesitation in saying that for the purpose for which it is intended the work is infinitely the best with which I am acquainted. Its strong point, to my idea, is the logical sequence in the problems by which the pupil is almost insensibly led on step by step until he reaches quite a difficult style of question. The printer, too, has done his work very well, and there are but few typographical errors. I shall certainly recommend every teacher in my inspectorate to use a copy.—J. C. MORGAN, M.A., Inspector, Barrie.
