

A WELL-KNOWN figure in Montreal has been removed by death. Mr. Gilman Cheney, president of the Canadian Express Company, died on Wednesday last. He had not been in good health for some time past, and his illness assumed a serious phase about a week ago. Born in New Hampshire, in 1822, Mr. Cheney came to Canada about 1854, representing Rice & Co., express forwarding agents. This company was afterwards known as the American Express Company, and latterly became the Canadian Express

INVESTMENT

Partner wanted with \$1,500 to \$2,000, for growing book, stationery, and wall paper business in leading western city. Apply "BOOK-SELLER," care of Monetary Times, Toronto.

Tenders For City of Calgary Debentures

Sealed tenders, marked "tender for debentures" will be received at the office of the undersigned up to the first of October, 1898, for the purchase of \$25,000 city of Calgary debentures. Said debentures are redeemable in 25 years from the first day of September, 1898, and bearing interest at the rate of four per cent. per annum, payable half yearly. The highest or any tender not necessarily accepted.

C. McMILLAN, City Clerk.
Calgary, Alberta, 26th August, 1898.

Canadian Goods for New Zealand

To Canadian Manufacturers

Our MR. YEREX—a Canadian—but for the last ten years a resident of New Zealand, will arrive at Vancouver by the Aorangi on August 11th, and will proceed eastward touching at the leading towns en route. He leaves the same port again by the same steamer on Nov. 17th, and while in Canada would like to make arrangements to represent any firm or firms who wish to have their goods introduced to the New Zealand public.

We have had eight years' experience in importing American manufactures and we think we understand the New Zealand market.

References—The Union Bank of Australia, Limited, Wellington; J. S. Larke, Esq., Agent for the Government of Canada, Sydney, N.S.W.

THE YEREX & JONES COMPANY,
Head Office—WELLINGTON

Branches—Dunedin, Christchurch, Wanganui, and Napier. Agencies throughout the Colony.
Address at once GEO. M. YEREX, care Monetary Times, Toronto, up to October 1st.

Union Station, 'phone 441. North Parkdale, 'phone 5063.

M. C. DICKSON, D.P.A.,
Toronto.

Company.—Another well-known Montrealer, whose death is announced this week, is Mr. Romeo H. Stephens, eldest son of the late Harrison Stephens.

A DRUG trade journal catalogues 4,320 patent medicines, and estimates that in the United States there are as many more not on the list. How harmless must these remedies be, or else how strong must be the stomachs of the people who consume them in such quantities as the Americans do.

UPWARDS of five years ago, Rennie Bros. opened a general store at Newton, investing between them something like \$1,500. Success did not crown their efforts, for they made very little headway from the start. Last month they sold out their stock and now make an assignment.

THE ST. JOHN EXHIBITION.

Good weather signalized the opening day of the St. John Exhibition, Tuesday, September 13th. The formal opening was made in the early part of the day, Sir Charles Tupper delivering an address, and the premier of the province, Mr. Emmerson, following him. There was a very gratifying attendance. Some disappointment was experienced by visitors who were interested exclusively in agricultural and stock matters. They said that the live stock display was inferior to that of former years; also that the show of horses was disappointing. This could not truthfully be said, however, of the industrial features of the exhibition, which were very creditable, and very interesting. Our correspondent does not give us particulars by wire, as to the most prominent exhibits, but we hope to have something from him by mail concerning manufactures exhibited, which we can lay before our readers next week.

QUEBEC PROVINCIAL EXHIBITION.

Unusual interest was shown in the opening day of the Provincial Exhibition at Quebec, on Tuesday. Nearly 10,000 persons visited the grounds. The Industrial Department makes a good display, but still more interest seems to attach to the exhibits of cattle, horses, swine, sheep and agricultural and dairy produce. The Eastern Townships are well represented.

EVERY PUFF

of steam costs money. No steam appliance saves so much money, so much power, or so much heating expense as a good steam trap. The HEINTZ is the best because it's the most perfect in construction and operation. It never freezes, never fails to operate in any position. Guaranteed under any and every condition if properly installed.

The HEINTZ has but six parts beside the case, with nickel valve guaranteed not to corrode. It has no floats, no screws, no pit-cocks, no rotating parts. It operates to open and close the valve at one degree of heat—at 211 it's open—at 212 it's closed—and stays closed until condensation takes place in the pipe, then valve is automatically operated upon allowing water to escape, valve closing with the first entrance of live steam.

There are cases where the HEINTZ has saved one-third of the usual coal bills, and increased the power. We will send you a trap on 30 days' trial. Booklet B will interest every manufacturer of an investigating turn of mind.
