Dear Sir,

Following the very successful campaigns conducted for the past two years, by the Branches of the Great War Veterans Association of Toronto and District, it is proposed to again conduct the Poppy Day Campaign, this year, under the same auspices.

Last year our campaign was exceptionally successful, when the sum of upwards of thirty thousand dollars was collected in Toronto and District, largely due to our splendid list of patrons.

These funds were expended for the relief of distress among veterans and their families who were in need, and untold good was done in thousands of cases.

However, we are sure that you are familiar with the objects of the Poppy Day Campaign and the Veterans of the Dominion know of your great interest and sympathy in all matters concerning themselves, so it is unnecessary to enlarge upon this.

I am writing therefore, to ask if you will kindly act this year, as last, in the capacity of Honourary Vice-President of the Campaign, and to inquire if it will be possible for you to be in Toronto on November 10th. and 11th. next.
