## LETTER TO MAJOR MAGRATH.

DEAR MAGRATH,

I have your note, and it appears to me that nothing can be more simple than to make out your account, which only requires application, the orders you talk of are just as good as so much money, they must stand for themselves to show how the funds have been expended,—you have more time and more than double pay compared to poor me, so just begin and scroll out the Dr. and Cr. of the account, and it must balance itself, as you remember we did before when it proved right. I shall be happy to have it clean copied for you, but am very busy here to-day,—can not Count Heath, scroll it out, or Captain James,—both idlers.

I am, &amp;c.

(Signed) JOHN MAITLAND.

Major Magrath,  
&c. &c. &c.

## LETTER TO MAJOR MAGRATH.

TORONTO, 6th May, 1840.

MY DEAR SIR,

I herewith send you (enclosed) Colonel Mackenzie Fraser's cheques (eight) and the statement from the Farmer's Bank, showing a balance of £28 7s. 6d. Currency, on 18th July 1839,—lying then to the credit of the races, which sum as I mentioned, Col. Fraser gave a cheque for in your favour some time after. These vouchers will still further enable you more easily to make out your statement for 1839.

I don't care how soon you send me that £3 6s. 6d. ——— should ever the outstanding subscriptions be collected of course they will be paid into the race funds.

I have &amp;c.

(Signed) JOHN MAITLAND.

Major Magrath,  
&c. &c. &c.

## LETTER TO MAJOR MAGRATH.

TORONTO, 24th July, 1840.

SIR,

I suppose you are aware that Mr. Boulton your successor has called upon me as well as yourself for an account, to show how the race fund stood before his acceptance of office, and you being in full possession of all the documents and vouchers connected therewith should have long ere this done so, and not required any notice from
