

*Bridges Point, St. John River*

To the mind of the native tourist the Tobique River conveys a boundless vision of all that is wild and primitive for woodland scenery, and all that is exciting and otherwise enjoyable for plentitude of fish and game supply. He, who, with birch canoe and brawny Milicete polesman, has ascended its pure, translucent waters to Long Lake or Trowsers Lake — the principal sources of this lovely mountain stream — will have secured a wealth of picturesque experience that will remain with him in reminiscent form as long as life shall last. He will have seen a region untainted, for the most part, by the touch of man; where forest trails are scoured deep in the solid turf by countless generations of moose and caribou; where the tremulous note of the loon is borne afar on the pulseless wings of the evening air; where the unsophisticated trout will seize a flannel rag as readily as the most alluring fly; where great rafts of black duck arise in clamorous flight
