

NEWS OF SPECIAL INTEREST TO WOMEN

HIGH CROWNED HATS RULE NEW SEASON

Both Large and Small Shapes
Are Favored in Latest
Models.

"FLOP" IS NOW WORN

Diminutive Toques Are Likely
to Be Popular for Winter
Wear.

Every possible style of beauty has undoubtedly received its full share of consideration this season, judging from the widely varied range of stunning chapeaux provided for the feminine world by Dame Fashion for the approaching season. These are hats of startlingly wide brim, and hats with no brim at all. There are hats of every conceivable shape, size and outline, without one exception, will feature the high chic crown decreed by Parisian authorities.

For immediate wear nothing could be more universally becoming than the simple "flop" in velvet, or velvet and felt combined. At present these models are allowed to droop with no definite line about the face, being worn well down on a low coiffed head. No trimming is shown just now, although in a very short time worsted and cloth flowers sewn flat on crown or brim will rival metallic trimmings of various descriptions.

Another very popular type of hat is the velvet or silk beaver hat, with severely cut brim, wide and definite in line. Handsome black corded ribbons are often the only trimming on these models, and when a less tailored effect is desired, is substituted by a slim, graceful feather mount.

Later in the season, when furs wrap the devotees to the tips of her ears, and reach way above her chin, tiny toques, almost ridiculous in their diminutiveness, will be featured in styles or all of fur to match the skins exploited on the wearer's costume. Small high cloche turbans, mounted with handsome birds' plumage, or paradise, will rival the broad-brimmed hat decked with ostrich for formal wear.

CATHOLICS ADVISED NOT TO TAKE PART

Those Attending Technical School
Will Ask to Be Excused From
Religious Exercises.

All Roman Catholics in Toronto whose children are attending the new technical school have been instructed by Archbishop McMillan to excuse them from taking part in the religious exercises which are held at opening times each morning.

The technical school opening services consist of Scriptural reading, recitation of the Lord's Prayer and the singing of an undenominational hymn. The Catholic congregations were notified by their priests on Sunday to send written protests to the Rev. Dr. McKay, principal of the technical school.

Only 35 Roman Catholics attend the technical school out of a total of 1100 students. Dr. McKay, the principal, said yesterday it was "nothing but a tempest in a teapot." He was only, he declared, what the law demands with regard to Scriptural exercises in all high schools and colleges in the province. The technical school was a high school and so came under the jurisdiction of the law in this regard. "Further than that," he said, "there is a clause in the school regulations which says that if the parents of any pupil object to the religious exercises, they can have that pupil excused from attendance by writing me a personal note."

MR. AND MRS. GLOSTER MARRIED FIFTY YEARS

Anniversary Celebrated, of Wedding Which Took Place Half Century Ago in Toronto.

At their house, 1101 East Gerrard street, Mr. and Mrs. M. J. Gloster celebrated their golden wedding. They were married Sept. 18, 1865, at St. Michael's Cathedral by Bishop James and 12 children have been born to them. Six of them are married and living in Toronto, namely, T. J. Gloster, B. J. Gloster, M. J. Gloster, Mrs. J. Jennings, Mrs. W. Brooks, Mrs. J. Halley.

Mr. and Mrs. Gloster, both hale and hearty. At the celebration about 40 relatives attended. Among the guests were Rev. Father Finnegan, assistant pastor of St. Joseph's church, and the family physician, Dr. P. J. Brown and wife. The happy couple were the recipients of a great many presents, and also an illuminated address from their children.

PATRIOTIC INDIANS HELPING RED CROSS

Farmers Gave Wheat and Famous
Band Held Concerts and
Others Went to War.

The excellent patriotic work of the File Indians at Balcarres, Sask., continues, and the Canadian Pacific, through W. R. Baker, the secretary of the company, has received another encouraging report. It was in October last year that 23 of these colonists subscribed \$502.10 to the patriotic fund, each farmer giving a certain number of bushels of grain, when sold, amounted to the above sum. During the winter that followed, the now famous Indian Brave Band gave concerts, thereby raising another \$212, which went to the Belgian relief fund, and since March last, the Red Cross branch of this colony has raised \$500 and endowed a bed in Cliveden Hospital.

The young Indian women have done a great deal of knitting and sewing. The branch has a membership of 86, while there are only 160 souls, 36 men, 26 women and 96 children in the colony. The patriotism of these Indians does not stop here. Two young men went to the front with the second contingent, and six more are going with the next. The File Indians lay claim to having the oldest Red Cross Society member in the British Empire in the person of Pointed Cap. This celebrated character says that he is the ripe old age of 107, and on Nov. 12 next will attain his 108th year. He is now an "associate member" of the Red Cross, and proudly wears on his heart the little red cross, the emblem of the society. It is quite possible that an addition to the six latest recruits for the front, older members of the colony, will go as one man, who is the father of nine children, has expressed his intention of so doing, and his wife says, "I will not stop him."

Despite the fact that a hailstorm last month destroyed all the crops in the colony, the File Indians are not downhearted, and have made arrangements to continue their good work during the coming winter months to the boys across the sea, thus showing a patriotism worthy of a king.

REV. WESLEY MEGAW PREACHED
AT COOKE'S.

Sunday morning the Rev. Wesley Megaw, B.A., preached for the first time on this side of the Atlantic in Cooke's Church. He took for his subject, the "Transfiguration," and gave an excellent discourse, both logical and vigorous.

Mr. Megaw has a good strong North of Ireland accent, which coupled with a forcible style of speaking, made a very favorable impression.

Rev. Dr. Patterson preached in the evening to a magnificent congregation.

LAWYERS EXPECT TO BREAK DOWN HORWOOD

Spectacular Sessions Looked for
at Winnipeg Graft Trial in
Few Days.

WINNIPEG, Sept. 20.—All who have followed the case against the ex-ministers are looking forward to spectacular sessions during the next two days, when E. F. B. Johnston, of Toronto, will undertake the cross-examination of Victor Horwood, the most important witness for the crown, upon whose evidence depends to a large extent, the success of the prosecution. There can be no doubt that Mr. Johnston will handle him without gloves.

According to the arrangement entered into Horwood will be examined in detail only by this one lawyer, but other lawyers for the defence may be at liberty to ask questions which they think he has omitted. There are nine lawyers for the defence.

READY FOR CONSCRIPTION TO DEFEAT GERMANY

John Hodge, M.P., Tells French
Socialists of British Determination to Win.

PARIS, Sept. 20.—"We do not want a premature, but a complete and lasting peace," said John Hodge, a member of the British Parliament, in an address last night at a meeting of French Socialists. "We do not want conquests, but the liberation of all oppressed peoples."

"We are anxious to beat Germany," declared Mr. Hodge, "by voluntary service, but if the government says we have had the last man by the voluntary system and must now have conscription, then I say we'll have it."

The meeting was the first of a series organized to explain to the French workers what England is doing in the war.

ROAD WORK IN CLAY BELT MAKES PROGRESS

District Offers Great Farming
Prospects, Says Inspector.

J. F. Wittson, government inspector of roads for Northern Ontario, arrived in Toronto yesterday and said that the season's road improvement work, involving an expenditure of about \$650,000, is almost completed. Mr. Wittson said that they have been favored with splendid weather up till last week, when the rains interfered with grading.

Like every person else who knows the clay belt in the north, Mr. Wittson is loud in his praises of its possibilities for crop raising. At Ground Hog River, he says, root, grain and garden crops are grown to perfection. There was only one slight frost during the fall, which did not hurt the growth.

CARRIED WOUNDED MEN TO SAFETY UNDER FIRE

Berlin Soldier Will Be Rewarded
for Distinguished Conduct
at Front.

Special to The Toronto World.
BERLIN, Ont., Sept. 20.—Private advice received here from London, England, tell of the heroism displayed in a recent battle by Private Ed. Wackett, who left Berlin with the first contingent a year ago. The report says that the young man, unarmed, under shell fire, carried to a trench, under safety, 14 wounded men, and while getting there himself, was hit by a shell. Col. Becker, his commander, made a note of the heroism, but the gallant officer fell at the same battle.

An effort is being made by his old country friends to have the young man rewarded.

RUSSIANS RESIST FOES STUBBORNLY

Lines Round Dvinsk Ample

Onslaughts.

EXACT HEAVY TOLL

Germans Twice to Thrice
Muscovite Strength With
Ample Artillery.

LONDON, Sept. 20.—The Times today publishes the following despatch from a correspondent with the Russian forces, sent on Saturday from Dvinsk:

"I spent three days on this front where a terrific battle is raging almost unceasingly. When attacks die away at one place, they begin instantly at another. The nearest front is only 12 miles from Dvinsk, whose deserted streets resound with the detonations of heavy gun fire."

"The Russians are holding the Dvinsk front in an excellent line of trenches, three deep, and despite constant fierce attacks supported by concentrations of heavy artillery, they have held the enemy off thus far. Many times the first line has been taken by the enemy, then retaken by our counter-attacks. The Germans are twice or three times our strength and have enormous superiority in guns and always, but hitherto they have gained no decisive advantage, each of their attempts being paid for with heavy loss of life."

Morale Unimpaired.
"I find the morale of the Russians unimpaired. They are fighting in the same stubborn, determined manner while the situation as regards the supply of ammunition and rifles is made up, and the fate of Dvinsk and the whole line along the Dvina River is undecided."

"The capture of the city will be effected only by heavy sacrifices. In the meantime, the town has been evacuated in the same orderly manner seen at Warsaw, and if the Russians ultimately leave the Germans will occupy the same empty shell as in their former victories."

"The nature of the country here is ideal for defense and undoubtedly the Germans are paying two to one in losses. It is not apparent why the Germans attach so much importance to this sector; but if they are willing to pay the price they possibly can take it."

"A large proportion of the population of Dvinsk has fled."

WARSHIPS BOMBARD TURKISH BATTERIES

Constantinople Reports Minor
Actions With Allies on Gal-
lipoli Peninsula.

CONSTANTINOPLE, Sept. 20, via London, Sept. 20, 4:44 a.m.—Statement issued by the Turkish war office says: "Our reconnoitering parties near Anadolou on Saturday night drove away similar parties of the enemy and successfully threw bombs into the enemy's trenches."

"Our artillery successfully bombarded Saturday the enemy's camp near Kemikile Liman. Private advice received here from London, England, tell of the heroism displayed in a recent battle by Private Ed. Wackett, who left Berlin with the first contingent a year ago. The report says that the young man, unarmed, under shell fire, carried to a trench, under safety, 14 wounded men, and while getting there himself, was hit by a shell. Col. Becker, his commander, made a note of the heroism, but the gallant officer fell at the same battle."

CONSUL DREHER LEAVES TORONTO WITH REGRET

Julius D. Dreher, United States Consul in Toronto, said yesterday that it was with mixed feelings that he had heard of his change of office from this city to Columbia, Mo. He has been in Ontario, and Mrs. Dreher and myself have made many friends, but after our seven years' residence in Tahiti and the fact that we have found the northern climate very trying, I have suffered a good deal from rheumatism, and consequently look with a good deal of relief on the possibility of getting back to a tropical climate."

ONTARIO TOWNS ARE DOING THEIR DUTY.

"It is not of any great vital importance where they enlist, but it may not do any harm for Toronto to know that the province at large is helping swell the numbers of the Queen City's recruits," stated E. E. Scott, once of Collingwood, but lately of Toronto and Detroit, who has just been visiting his old home town. He says that Collingwood and other northern towns are not getting the credit they deserve, simply because so many volunteers go to Toronto and other large cities. This is true of many of the smaller centres of Ontario.
