

As will be seen by the annexed printed report, which is to be taken as part of this Prospectus, it has been estimated that there exists a profitable business enterprise in acquiring the late residence of Mr. James Dinsmuir standing on about five acres of land with water frontage on Victoria Arm, and converting the same to provide suitable accommodation for guests and to operate a private unlicensed hotel to be conducted on the lines of a private unlicensed hotel or restaurant combined with some of the advantages of a private Club. This will be effected by inducing resident customers to take shares and become co-proprietors.

There is upon the property an existing encumbrance of \$10,000. It is intended by means of 8 per cent. debentures to seek to raise the sum of \$50,000 thereon to pay the incumbrance aforesaid, the price to Dr. Hall and, with the assistance of share capital, the cost of additions and furnishings.

The debentures are in amounts of \$100 and will be issued by the Company as a charge upon the whole of its unnumbered real and personal property including its uncalled capital. The debentures will share equally and carry interest at 8 per cent. per annum and can be paid off at any time by one month's notice by the Company, or will be paid out by the Company on twelve months' notice. Interest payable half yearly. It is of course intended to discharge these debentures numerically as soon as possible.
