

THE FORMULA OF "FRUIT-A-TIVES"

Is On the Outside of Every Box
For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics.

Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true.

Fruit juice consists of about 91 per cent. water, 8 per cent. of sweet principle, and 1 per cent. of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus increasing the medicinal or curative qualities.

The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known far and wide as "Fruit-a-tives."

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known from their introduction to the public.

"Fruit-a-tives" is Nature's stimulant for the liver, bowels, kidneys and skin. In cases of Constipation, Liver Trouble, Indigestion, Backache, Rheumatism, Headaches and Impure Blood, this wonderful fruit medicine cures when everything else fails.

"Fruit-a-tives" is sold everywhere at 50c a box, 6 for \$2.50, or trial box, 25c, or will be sent, postpaid, on receipt of price by Fruit-a-tives, Limited, Ottawa.

FATAL BOILER EXPLOSION

One Man Killed and Two Injured in New Ontario.

GOCHANE, Ont., Oct. 7.—One man was killed and two injured by an explosion of a saw mill boiler yesterday at Frederick House, seven miles west of here.

The dead man was Otto Breise, and the injured were William Breise and Fred Breise, all members of the same family.

Otto Breise was about 46 years of age, and came to this country with the rest of the family from near Bracebridge, Muskoka district.

Victim of Infant Paralysis. ORHAWA, Oct. 7.—Fred Gibson, aged 21, night operator on the Grand Trunk, is dead after only twenty-four hours' illness from infant paralysis. His body will be taken to Napanee, his old home, for interment.

SAFETY RAILWAY APPLIANCES

Will Be Attached at Cost of Fifty Millions of Dollars.

WASHINGTON, Oct. 7.—Definite standards of safety appliances to be attached to railway cars and locomotives, finally have been agreed upon after a third of a century of effort.

It is estimated that the proposed changes in equipment will cost the railroads about \$50,000,000.

Left Money to Missions.

The estate of Miss Jane Diana Barkie, who died July 29, totaled \$7324. In addition to a number of bequests to cousins she willed as follows: Knox College endowment fund (about) \$2000; Home Missions Society, \$500; Women's Foreign Missionary Society, \$500; Aged and Infirm Ministers' fund, \$500; Augmentation fund, \$500; Widows' and Orphans' fund, \$500.

NO WILD RUSH AFTER CADETSHIPS IN NAVY

Applications For First Examination Should Be in by Oct. 15—Best Opportunity Now Offers.

OTTAWA, Oct. 7.—Young Canadians have not been applying in great numbers for places as cadets in the Canadian navy. The Naval College at Halifax is to open in January. Competitive examinations for the admission of the first thirty students are to be held all over Canada by the Civil Service Commission on Nov. 6, and to take that examination application must be made by the fifteenth of the present month, yet but few applications have been made. It looks as though the admission to the first class would be easier than ever again, for the number of competitors promises to be small, and the number of cadetships is just double what it will be each year hereafter. The first class will have better chances of speedily gaining high places as officers, as they will qualify just as the construction of the first lot of ships is being completed.

The head of the college has just been named. He is B. S. Hartley, who has been recommended for the Canadian post by the British Admiralty. He has had eighteen years' service and is now instructor of sub-lieutenants in the British Naval Academy at Greenwich. A captain of the college and yard has also been appointed in the person of Commander Edward H. Martin of the Royal Navy. A contract has been given to Faulkner & Macdonald of Halifax to make over the old marine hospital at Halifax into a building suited for the accommodation of forty-five cadets and their instructors.

It was at first intended to admit to the examinations boys between the ages of fourteen and sixteen only, but it has since been decided to increase the age limit to seventeen years. The examination is one which any advanced high school student should be able to take easily. It is the same examination which is held in England for the admission of cadets to the Osborne Naval School, and there the candidates must be between the ages of twelve and thirteen years.

LUMBER VULCANIZING

New Process for Wood Preservation Will Have Great Future.

The conservation of natural resources is a question very much in the air at the present time, and in no product is this more emphasized than that of lumber. It is a fact that there has been a ruthless use made of Canadian timber, and that care will have to be exercised in future, if the demands of posterity are to be provided for.

Perhaps nothing is accomplishing as much in this regard as the Howard Process of vulcanizing lumber. This process, unlike so many other preservatives, makes no use of chemicals, the essence of the invention being a series of chambers which are heated; the ultimate operation resulting in what is termed "vulcanizing."

By means of machinery pine, basswood, birch or hemlock, green from the saw, are dried perfectly in twenty-four hours and not only is this accomplished, but these woods are so changed that the life of the wood is lengthened very materially, while soft woods, by this means, are enabled to be used in the place of the more expensive hardwoods. Samples of hemlock, actually cut from the mills, which have passed thru the Howard Vulcanizing Process, can be seen in as high a state of finish as the very choicest grades of high class hardwoods.

The company, which is an offshoot of the National Lumber Vulcanizing Corporation of New York, has established a plant for demonstration, near the Rosedale sawmills by the Don; the officers of the company being at 210 Mc-Kinnon Building, Toronto.

Plans made by the company can be installed at any mill at a moderate expense, and every lumberman in the province should inspect the Howard Process, and become convinced of its value as an adjunct to the lumber business. The company invites the strictest scrutiny of the claims which it puts forward for wood preservation, and the promoters are to be complimented for their efforts for economical results.

Mr. Charles Howard, the inventor, superintended the erection of the plant here, and will continue in charge of the demonstration.

Y. M. C. A. CONVENTION

Some of the Speakers Who Have Been Already Secured.

A strong list of speakers has been secured for the thirty-seventh International Convention of the Young Men's Christian Association of North America, to be held in Toronto, October 28-31.

Among the number will be Rev. James Logan Gordon of Winnipeg; Dr. George L. Robinson, Chicago; Dr. J. A. Macdonald, Toronto; Alfred E. Marling, New York; N. W. Rowell, K.C.; Toronto; Christian Phillips, Geneva, Switzerland; John R. Mett, New York; Dr. C. A. Barbour, Rochester; Ernest Thompson Selton, New York; and F. S. Brockman, China.

A unique and interesting feature of the convention will be the international athletic meet and gymnastic exhibition which will be held in the Armories on Saturday evening, October 29.

Physical Training Classes. In the Margaret Eaton School of Literature and Expression. Classes daily at 10 o'clock. Special class for women Thursday morning at 10 o'clock. Tuesday evening classes at 7.20 and 8 o'clock.

Two Arrests. LOS ANGELES, Oct. 7.—Two men are under arrest to-day in connection with the hunt for the Times Building dynamiters. They are Charles Mohr and Frank Russell. Mohr, according to the report turned in by the arresting officers, declared that "unions" have something also up their sleeves.

The Day for Overcoats

This is the big Overcoat day of the season. It is all that because we have decided it should be so. We have imported from the mills a better and larger collection of cloth for Overcoats than has been seen in our branches at any time in our history. That is to say there can be no better found anywhere.

Thousands of yards of this cloth which has just arrived from the Mills and is in full Mill Webs. It includes the famous "Bannockburn" overcoating and a hundred other weaves in as many patterns. It will make the very best of warm ulsters, or if you prefer the smaller coat you will find something in lighter weight textures to make a good "Chesterfield."

Made-to-Order Suit or Overcoat

NO MORE \$15 NO LESS

The designs from which we make our clothing are specially sent to us by our agents in London and New York. You may select either when ordering your overcoat. We guarantee satisfaction or will refund you the money you have paid.

"MILLER'S ILLUSTRATED": Our fall magazine is just out. Write for it. "Miller's Illustrated" is worth reading. It is right up-to-date.

OUT-OF-TOWN MEN:—Ordering with us by mail is as easy for you as if the measure were taken by our own cutter. The chart and the instructions positively insure that your measurement will be properly recorded. Write us for books of samples and for sample plates.

SCOTLAND WOOLEN MILLS CO., LIMITED

139 YONGE STREET, TORONTO

Branches—Montreal, Hamilton, London and Winnipeg.

AUTHORITY OF THE BIBLE

Dr. Griffith Thomas Addresses Wycliffe Students.

Dr. Griffith Thomas, until recently of Oxford, England, in his first lecture before the student body of Wycliffe College Thursday night, spoke on "The Question of Authority as Applied to the Holy Scriptures."

The mere question of authority, he said, was the foundation of all religious law, and if we could tell what was the real authority we would be able to test everything by it. The answer to the search for authority was God and the revelation of God to the world. This was necessarily a personal revelation.

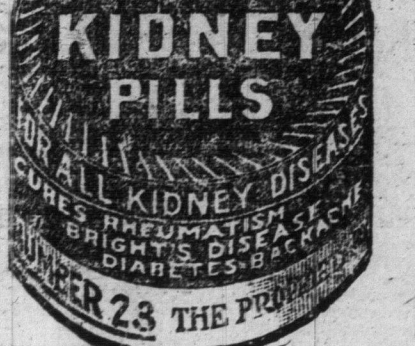

Having stated this promise Dr. Thomas contrasted the position of the Roman and Anglican churches. "In the United States and Canada Rome was seen at her best."

"We cannot be assured of authority if we assume it to be received from any ecclesiastical organization," he said.

We must defend this sufficiency of Scripture and its supremacy of authority against every form of rationalism," he concluded.

Botha Will Get Seat.

JOHANNESBURG, Oct. 6.—General Botha will not be opposed in Leasberg.

TRUE EDUCATION

Subject of an Interesting Address by Prof. Bowles.

The formal opening for the fall term of the Methodist Deaconess' Training School, took place Thursday afternoon, when Prof. R. P. Bowles gave an address on "Education."

His interpretation of what a true education meant was far different to the general impression which he thought prevailed, viz., that education was the acquiring of so much knowledge, the gaining of historical facts, or the acquiring of other educational information which would be readily reproduced at any stated time.

His opinion was that a true education depended not so much on the quantity of what has been learned, but how it was learned. To be a true student was to be a person who remembered first of all that he was ignorant and who possessed a perverted thirst for gain knowledge—a thirst that had for its foundation a disinterested curiosity, a desire to accomplish an end without an attendant desire to gain in some way therefrom.

The student to be a scholaristic success must be possessed of a sentiment—a deep feeling—for the work in which he is engaged. He did not mean that sentiment which borders on sentimentality, but that sentiment which is guided by common sense and self-control.

Rev. Dr. Chown, who presided, fully concurred with what Prof. Bowles had said. He further remarked that in the Deaconess College there was afforded an opportunity of securing both the scholastic and spiritual educations, which he thought, formed the ideal education.

Maple Syrup Adulterated.

OTTAWA, Oct. 7.—(Special).—An inspection of 138 samples of maple syrup by the chief analyst of the inland revenue department shows 12 per cent. adulteration; 117 samples were found to be genuine, although in many cases there were indications of manipulation.

Suing the Mayor.

MONTREAL, Oct. 7.—(Special).—Germain Beaulieu is suing Mayor Guerin for \$500, claiming that his worship asked him certain questions during the "Emancipation" enquiry that injured him in the eyes of the public.

BORDEN LAID CORNER STONE

Halifax Will Have New Y. M. C. A., Costing \$120,000.

HALIFAX, Oct. 7.—(Special).—R. L. Borden laid the cornerstone of the new \$120,000 Y. M. C. A. building this afternoon, in the presence of a large gathering. Mr. Borden, in the address which followed the laying of the stone, said the Y. M. C. A. had a claim on all right thinking men.

"This is an age imbued with the commercial spirit," said Mr. Borden. There always was and always would be a certain dominance of the spirit of the market, but for this very reason, men should strengthen the hands of those who endeavor to make the Y. M. C. A. what it is, calculated to benefit the wellbeing of the young men.

REFUNDED INCOME TAX.

OTTAWA, Oct. 7.—(Special).—The board of control to-day, on the advice of the city solicitor, decided to refund \$294 income tax to Hon. S. N. Parent, chairman of the Transcontinental Railway Commission, who wrote saying that, being an outside civil servant, they could not collect this tax. There is an agreement between the City of Ottawa and the government whereby civil servants need not pay income tax.

GOOD DEMAND FOR SEATS.

As an indication of the increasing interest which is being taken in Cobalt and the mining markets dealing in the shares, it was reported yesterday that four different parties were trying to buy seats on the Standard Stock Exchange. Twenty-five hundred dollars was bid for a seat, but none was available at these figures.

PILES

Dr. Chase's Ointment is a certain cure for hemorrhoids, piles, itching, bleeding and protruding piles. See testimonials in the press and get your money back if not satisfied. 60c. a box. Dr. CHASE'S OINTMENT.

KING SENDS THANKS

Letter From King and Queen Dowager for Memorial Pictures.

Sir James Whitney received from Lord Grey yesterday a letter written by Lord Grey conveying the thanks of His Majesty King George for the photograph of the memorial service to King Edward VII. in Queen's Park.

Sir James Grenville, on behalf of the Queen Dowager, also wrote:

My Dear Lord Grey—I am desired by Queen Alexandra to thank you for having presented her with the photograph taken at Toronto of the memorial service to His Majesty the late King Edward VII. Her Majesty is much struck by the enormous crowd, and deeply touched by the feeling of sympathy shown by the Canadians.

If Queen Alexandra's thanks could be conveyed to them in any way it would be her wish. Believe me,

Yours sincerely,

Sidney Grenville.

FEEL YOUNG FOREVER

Let Me Put Vitality Into Your Blood, Nerves and Body. Follow Me to Health and Manhood. I Can Show You What Others Have Done to Change Debility, Weakness and Despondency Into Health, Strength, Vigor.

Nothing can
down me now.

Call or Send
To-Day for
the Free
Book Which
Tells All.

Vitality is the measure of the man in this day of big deeds and monster achievement. He who has great vital strength cannot grow old. Years count for nothing if you have the vitality in your blood and nerves. My Health Belt with suspensory attachment is the FOUNTAIN OF PERPETUAL YOUTH. It pours quantities of electro-vital force into your weakened system. It works quietly, mildly, continually hour after hour, while you are sleeping. It is your opportunity, as it has been the opportunity of tens of thousands before you, it supplies you with that vitality upon which health and courage depend. It is a power and strength giver of the highest order. No drugs, nothing to take internally, no dieting, no hardships of any kind. Simply use the Health Belt nights until you are restored to vigor. It never ceases until you have as much courage and self-reliance as the biggest, fullest-blooded man you know. Your eyes will have the sparkle of full health, you will have the vigor of a strong, healthy man. Henry Egman, Norwich, Ont., writes: "Thanks to the use of your Health Belt I am young again. It restored me after all else failed. Use my testimonial as you see fit." This is but one of thousands. Get the free books and read of others.

Special rheumatism attachments to my Health Belt carry the Electro-Vitality to any part of the body: the neck, back, arms, legs, feet. It finds and drives away all pains and aches; it has often completely cured weak back in one night, so that it never returned again. It is a wonder remedy for chronic ailments of the nerves, blood and muscles.

FREE UNTIL CURED

Call or write to me and I will at once arrange to let you have the Belt on trial, not to be paid for until cured. No deposit or advance payment. Send it back if it doesn't do the work. Liberal discount for cash, if you prefer to deal that way.

THESE BOOKS SENT FREE

Let me send you these books. They contain much valuable Health Information, are fully illustrated, describe my Health Belt. Fill in coupon or send your name and address on a postal card, or if possible call at office and see Belt. Office hours: 9 to 6; Saturdays until 9 p.m.

DR. A. B. SANDEN CO., 140 Yonge St., Toronto, Ont.

Dear Sirs—Please forward me your book, as advertised.
