Gossip of the Turf.

An association of amateur steeplechase riders and hunting men has been formed for the purpose of giving a three days' meeting at Morris Park some time between Oct. 16 and Nov. 1. The National Association will be asked to sanction the races. It is proposed to give two steeplechases for regular horses and two for hunters, and two long-distance flat races each day of the meeting.

Green B. Morris has sold the 3-year-old chestnut filly Gold Rose, by Goldcrest—Roseben to Clint De Witt for $12,000.

Harry Kuhl of the New Orleans Jockey Club, drew up the bill of sale and a partial payment of $1000 was made, the balance to be paid one-half Saturday and one-half Monday.

Father Bill Daly's Colonsay is dead. The horse died of pneumonia on Saturday. The disease developed while he was on his way here from Hot Springs. Francis R. Hitchcock has lost a 2-year-old filly. She also died of pneumonia. The health of the horses generally here is excellent. These were simply isolated cases of serious illness.

Silver Dream, Jule Garson's Henry of Navarre filly, who was paralyzed while at work on the track at Memphis, died Saturday. This is the third horse that Garson has lost by death in less than a year, and, with the exception of Goldfleur, they were the best in his barn.

The Ardelle Stakes at Memphis Saturday for 2-year-old fillies at 4 furlongs, furnished an exciting finish between the first three, Toots Mook winning on the post by a nose from French Nun, the even-money favorite.

The southern racing circuit, comprising the cities of Atlanta, Macon and Savannah, will probably be revived next fall. Circulars have been issued by men interested stating that a 12-day meeting will be held at Piedmont Park, Atlanta, beginning some time in October. Macon will follow Atlanta and Savannah will close the season with about a 12-day meeting.

Fred Gerhardy, who was recently appointed starter for the Indianapolis meeting, has also been offered the same position for the Columbus meeting. Mr. Gerhardy may also be secured to start on the Southern Fair Circuit tracks.

The good fortune of the Washington Jockey Club continued Saturday, when, with more splendid weather for racing, more than 8000 enthusiasts went to the Bennings track. Five favorites were defeated. While Romanelli rode two winners, Jockey Baird, the riding sensation of the meeting so far, handled a winner and three seconds in four mounts. H. T. Oxnard's 3-year-old filly, Santa Catalina, provided a stunning surprise in the third race, for 3-year-olds and up at 6 furlongs, when, with 91 pounds on her back and Baird in the saddle, she took the measure of Dave Johnson's Roseben, 113 pounds up, which was the only other starter and a hot favorite at 1 to 20. Roseben was under the whip all thru the last quarter. Much interest centred in the sixth Spring Hunters' Steeplechase, in which Hylas was made the favorite, with Twilight a strong second choice. The latter fell at the first jump and the best the favorite could do was third. Two favorites and one second choice won.

The feature at City Park, New Orleans, Saturday, was the match race at 5½ furlongs between Gold Rose and Floral King for a side bet of $500, a purse of $600 and gold plate valued at $500. It was a beautiful race, Gold Rose lasting just long enough to win by a short neck at the end. Frisco Gardner, owner of Floral King, lost a bundle of money on the race. The small betters kept off the race, but between bookmakers, plungers, horse owners and heavy betters a big sum of money changed hands. Starter Brown did not take advantage of the opportunities offered for a perfect start in a two-horse race and sent them away with Gold Rose in motion a half a length to the good and Floral King making a laborious beginning. The filly immediately went out at a terrific clip, opening up a big space of daylight. Floral King did not get to moving until the stretch. Then, when three lengths behind, he began to run. At the sixteenth pole he was lapped with Gold Rose and began crawling up, but could not quite get his head in front at the post. In the next jump he was half a length in front.

The Semi-Ready Sack Suit for Tall Men. . . . . .

The Semi-ready four-button sack suit is particularly adapted to tall men.

It has the same graceful lines as the three-button sack—the broad natural shoulder, with the collar fitting closely to the shirt collar, and the extreme point practically square, giving a broad-shouldered effect.

The roll of the collar is not quite so long as in the three-button, and the buttons are closer together.

It is an education in men's styles to look over the Spring models now on view at the Semi-ready wardrobes. You are always welcome to look as much as you wish.

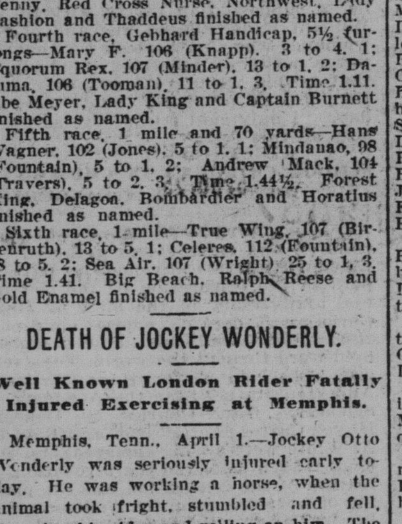
DEATH OF JOCKEY WONDERLY.

Well Known London Rider Fatally Injured Exercising at Memphis.

Memphis, Tenn., April 1.—Jockey Otto Wonderly was seriously injured early today. He was working a horse, when the animal took fright, stumbled and fell, throwing his rider and rolling on him. The boy was badly cut about the temples and was at once hurried to a hospital. An examination there disclosed the fact that several small bones in his head were fractured.

He was thrown from the filly Myopia at Montgomery Park Saturday morning, while schooling her to the barrier, receiving a concussion of the brain, from which he never regained consciousness, altho operated on three times. He died at 10.15.

Wonderly was under contract to Joseph



Seagram, and his first mount in Canada was to have been on May 20 on Inferno in the King's Plate.

Wonderly rode in better form during the Hot Springs meeting than ever before in his riding career.

Wonderly's home was in London, Ont., and so much was his services sought after across the line that he was not seen at the Woodbine in recent years until last spring, when he came at the call of his fellow-citizen, Hon. Adam Beck, to ride Hawkins in the King's Plate, finishing just outside the money behind Sapper, Nesto and War Whoop. He remained thruout the meeting, riding for Messrs Beck, Hendrie and Seagram, principally for the Waterloo turfman. Wonderly returned for the autumn meeting, and headed the list of winning jockeys, followed by McCafferty, who was killed last month at New Orleans. He also accepted outside mounts, his principal wins being on Persistence II., Caper Sauce, Scotch Plume and Light Brigade. Wonderly's last mount at Woodbine Park was in the long race that was won by Persistence II., carrying 95 lbs., a weight that forced the London lad to accept a leg on Wire In, finishing outside the money.

Wonderly was a quiet, unassuming lad, of a sad countenance, and, tho a persistent cigar smoker, was a most exemplary boy. He always rode carefully and honestly, and thus was one of the most popular jockeys on the turf.

HON. JAS. SUTHERLAND AT HOME.

Hon. James Sutherland's party passed thru Toronto in a private car last night for Ottawa. The minister of public works was not, however, in the party, illness having compelled him to remain at Woodstock.

Locust Hill Clippers.

Locust Hill, April 1.—A meeting of the Locust Hill Clipper F. B. C. was held at Locust Hill on Friday evening, when the following officers were elected:

Patrons, W. Armstrong, James D'mma, J. Jarvis; hon. president, A. C. Reesor; president, M. R. Hoover; first vice-president, John Thomas; second vice-president, A. F. Dimma; secretary-treasurer, M. R. Hoover.

After considerable discussion it was finally agreed to leave the electing of a captain till the season commences. It was decided to again enter the Midland League.

Baseball Brevities.

Matty McIntyre, the State Island boy, has just learned the war is over and has signed with Detroit at a reduced salary.

Pitcher Doc Reisling says he will not join the Brooklyn team this year, but will pitch independent ball for the Caldwell (O.) Club.

Dad Clarke is still in harness. The veteran has signed to pitch for the Portland Club of the Pacific Coast League.

The Buffalo players, who have been practising at Haddocks, Ga., are on the way to Buffalo. The pitchers are expected to be able to shoot out most any kind of curve desired.

The greatest record of long-distance hitting was made by Ted Sullivan's Waco team in the Texas League during 1903. In one game on the Corsicana grounds the Waco team made nine home runs, Bateman getting four, Wolfe three, Walsh one and Welter one.

Al Wagner, brother of Hans, it is said, would be in fast company were it not for his erratic disposition. Fred Clarke believes he would be a star from the start, for he is a smashing hitter and a natural ball-player.

Unglaub, the utility infielder of the Boston champions, is regarded as the equal of many of the American League regular infielders, but the chances are against him displacing such stars as Parent, Collins and Ferris.

The Rochester team, consisting of 12 players, have gone to Lexington, Ky., for practice. Buckenberger thinks he will come close to having the winner.

Bob Emslie, the National League umpire, whose home is at St. Thomas, Ont., was in Buffalo recently, on his way home from New York, where he, with the other big league umpires, met President Pulliam, and they went over the baseball rules.

Hans Wagner favors abolishing the bunt. The Pirates' great batter says the fans are tired of seeing the game played in the same old way, and that 10-year-old boys in the grand stand frequently calls the play before the batter leaves the bench. "People tell me," says Hans, "that the sacrifice bunt often looks childish to them. Cutting out the bunt will improve the batting, as the batters will then have to swing at the ball with more chances of getting base hits."

College games Saturday across the line resulted: Columbia 25, "Poly Prep," 0; Yale 17, Tufts 6; Georgetown 11, Villa Nova 10; Philadelphia State 11, Annapolis 1; Pennsylvania 9, Gettysburg 6; University of West Virginia 8, Virginia Military Institute 4; University of Virginia 11, Lafayette 6.

The Manchesters will hold a special meeting on Tuesday at 8 p.m. at 10 Baden-street. All players and those wishing to join are requested to attend.

J. A. Lea, captain Marlboro B.B.C., hereby challenges the manager, J. A. Lea, of E. & S. Currie Co., Ltd., B.B.C., to a game on Wednesday between 12 and 1 p.m., the game to be played on Mowat-avenue lot, provided James Brydon of the Y.M.C.A. does not play.

The Marlboro Baseball Club, champions Don Valley League, will hold a special meeting of the team on Tuesday evening at 262 St. Patrick-street. All players and those wishing to play this season are requested to be on hand not later than 8.30 p.m.

Central Y.M.C.A. Gymnastics.

The exhibition of gymnastics given by members at Central Y.M.C.A. on Saturday night was a credit to the institution. The dumb bell drill was put on remarkably well. Miss Ruthven, violinist, was very loudly applauded. Sergeant Mayor Brooker and Mr. Beaton gave some fine exhibitions of fencing. The drill put on by boys was done splendidly. The club swinging put on by the ladies' corps was remarkably well executed. The horizontal bar work could not be spoken of too highly, and its a question whether it could be done any better by professionals. The pyramid work was very interesting and reflects great credit on the director, Instructor Crocker.

NORTHERN LEAGUE BASEBALL

Winnipeg Will Have Team Composed Principally of Canadians.

Duluth, Minn., April 1.—Duluth, Fargo and Winnipeg have been especially active in signing players for the Northern League season. There will be a heap of trying out work done this year before the opening of the season, and there will be an unusually large number of ambitious performers left to guess again when the season actually opens.

There certainly will be something doing on Northrop field between April 25 and May 18. The players anxious to belong to the White Sox of Duluth will assemble in Minneapolis on the former date. The athletic board of the University of Minnesota has given the Duluth team Northrop field to practice on, and the White Sox aspirants will brush with the varsity team.

Negotiations are now in progress for the Chippewa Falls team to come to Duluth and play a few exhibition games after the White Sox get back from Minneapolis.

Season to Open on May 18.

The schedule for the coming season soon will be issued. With the opening of the season on May 18, Duluth will be at Brainerd, Crookston at Fargo and Grand Forks at Winnipeg. The first game to be played in Duluth will be on June 1, and the visitors will be the marcons of the Manitoba metropolis. The series at each town will consist of three and four games.

Manager Van Praagh of Duluth has been drawing heavily on Minneapolis baseball talent. Among those that he signed recently were Henry Rees, a pitcher, and A. Hill, a shortstop. They were affiliated with the Toozes last year, one of the fastest amateur nines in the west. Frank Werring, a catcher, who was with the Javas, is the third and Charles Phyle, a brother of Billy Phyle of the Millers was the fourth. Sam Menice, a local player, also has been signed for the outfield.

The players signed by Fargo will report in that city about May 1. Games will be arranged with neighboring towns, the agricultural college team and other independent nines. Playing Manager Traeger already is making his arrangements to that end. The Fargo team has for outfielders Rose, H. C. Baer, and Traeger. Infielders are Bouton, Hoover, Emmeth, McGarry, Walter Nelson, P. J. Osborne, John Pokezwinski, F. E. Wilson and Carl. Pitchers are Pete Hanson, M. C. Smith, Fay and Tmmerson. Catchers are John Jarvie, Fred Brown, Jackson and Glen J. Miller, George Plum, Hugo Seqnist and M. J. Wanish also have been signed.

Line Up of Winnipeg's Team.

It has been announced that Winnipeg will have a team composed entirely of Canadian players, but it transpires that T. F. Howard of Minneapolis has been signed. The team is composed of the following: E. F. Howard, F. Flaherty, Conrad Whitman, F. Green, J. McLellan, J. T. Macke, Bud Sanders, J. T. Hammil, Lawrence C. Piper, Bert King, E. Taylor, James Bradley, Casey, W. Tripp and Bill Wilson.

The St. Cloud-Brainerd aggregation will, according to reports from those cities, be of good quality. Crookston and Grand Forks are expected to have strong teams, altho they are not making much noise just now. The managers are doing the gum shoe act for players. M. Stanchfield of Grand Forks will be the manager of the team representing that city.

Amateurs Only for Cannington.

Cannington, April 1.—On Friday evening a public meeting of those interested in the promotion of a lacrosse club for 1905, was held in the Standard Bank chambers, when the following officers were elected:

Hon. president, Reeve William A. Robinson; president, Rev. D. M. Martin; vice-presidents, Fred Brandon and Nelson McLeod; secretary-treasurer, C. E. Argue; managing committee, W. D. Jewett, A. M. Gilpin, N. V. Pipher and William Wallace; manager, W. A. Mullen; captain, George H. Halward; C.L.A. representatives, Rev. D. Martin, N. V. Pipher and W. D. Jewett.

A resolution was unanimously adopted that the club play home men only, and strongly favored the adoption of an amateur clause by the Canadian Lacrosse Association.

10 LACROSSE TEAMS WANT TO PLAY

At Brooklyn With the Crescents and Fergus Refused a Game.

Fergus, April 1.—During the lacrosse season of 1904-5 the Fergus Thistle Lacrosse Club accepted cordial invitations from L. J. Doyle, manager of the Crescent Athletic Club of Brooklyn, N.Y., to play the Crescents of that club a friendly game of lacrosse, and for the season of 1905 have received a third invitation, which was read at the recent annual meeting of the club and found impossible to accept, owing to the uncertainty of getting together as fast a team as that which contested Mr. Doyle's stalwart twelve during the past two seasons. However, the Fergus boys who were Mr. Doyle's guests at the Crescent Club during the past two years will never forget the kind hospitality of Mr. Doyle and the club. The following pressing invitation shows the kindly friendship which exists between the two clubs. It was addressed to A. C. Steele:

This is a peculiar time to broach the subject of lacrosse with you, considering that you are about buried in snow, and the Canadian winter is upon you.

The reason I mention the subject of lacrosse at this time, is due to the number of applications from Canadian teams who are very anxious to play us next season.

I have ten applications already and only five Saturdays to give away.

As I told you last year, you are cordially invited to pay us another visit, and you have the preference for June 3.

Would like an expression of opinion from you in reference to the possibility of your boys' participation in the game the coming season, as I understood from you that you were not certain if you would have the old team together.

By getting a definite answer from you and should your decision be not to come to Brooklyn, I shall reluctantly be obliged to offer this date to another team.

Frisco Boxing Gossip.

San Francisco, Cal., April 1.—Sportingmen are scoffing at Battling Nelson's efforts to force Jabez White, the Englishman, into a battle before the latter tackles Jimmy Britt. Nelson has posted a forfeit of $1000 to say that he can knock White out inside of ten rounds. This was in reply to one of Charlie Mitchell's bad cracks. There is little chance of such a meeting being arranged at this time.

Willie Britt is reported to have had a four-round battle off the chain with Enrico Robles, a bullfighter, on a bet he could knock out the latter. He failed utterly.

Jack Johnson, the negro heavyweight, and Marvin Hart, victor over him, left the city to-day. Johnson is going to Chicago for a visit, while Hart is on his way to his home for a rest. He made no promises before he left regarding a match with Gus Ruhlin.

OXFORD WON BY 3 LENGTHS CAMBRIDGE LOST IN 20.35

Annual Race of Varsity Blues Rowed in Perfect Weather—Winners Ahead All the Way.

London, April 1.—Oxford to-day won the sixty-second annual boat race between the Universities of Oxford and Cambridge, defeating the latter by three lengths. The race was rowed in beautiful weather.

There was not a ripple on the water and the wind was very light. Consequently there was not much advantage in the chance of stations. The contest always is attractive, and drew an unusually big crowd to-day, as the waterside experts had all prophesied the best race in years, owing to the evenness of the crews. The prophecy, however, was not fulfilled, Oxford speedily taking the lead and heading the procession to the finish.

Cambridge won the toss and selected the Surrey side of the river. The boats got away to a splendid start at 11.34 a.m. but Bucknall set the dark-blues (Oxford) a slashing stroke of 36 to the minute, and almost immediately established a lead, which was never lost. When Crawen steps were reached the Oxonians were almost a length to the front, and the cheering of their supporters on the river banks was something to be long remembered. Both crews were still rowing strong, but the dark-blues continued to come away, and soon had two lengths' advantage.

Passing the Saccharin Works, Taylor (Cambridge) called on the light-blue (Cambridge), who made a gallant response and closed the gap by half a length. But the dark-blues' stroke soon shook off their rivals, and Oxford quickly regained the lost advantage and added to their lead.

Off Chiswick it was evident that the race had already been decided. Some of the Cambridge crew showed signs that they were weakening, but Taylor made another effort with a stroke somewhat faster than that of Oxford. It was not well pulled thru, however, and a lack of rhythm was manifest. Thereafter the leaders were never pressed, and passed the ship at Mortlake, the easiest of winners, but three lengths. Time 20 minutes 35 seconds.

There have been now 62 boatraces rowed since the contest first commenced in 1829. Of these Oxford has won 34 and Cambridge 27, one race resulting in a dead heat.

In addition the universities met five times between 1845 and 1855 at Henley regatta, Oxford winning three times, and in 1844 at the Thames regatta, when the dark-blues triumphed. In the race of 1851, at Henley, Cambridge rowed home with seven oars, Oxford winning easily.

The first race, in 1829, was rowed at Henley, and the next five, between 1836 and 1842, from Westminster, to Putney. Since, the course has been from Putney to Mortlake, with the exceptions of 1846 (the first year of outrigged boats), 1856 and 1863, when the start was from Mortlake. The present style of boats and oars was introduced in 1857. In 1872 the race came off in a snowstorm, and the next year, 1873, both used sliding seats for the first time, Cambridge making the record time of 19 minutes 35 seconds and not beaten till 1892.

In 1877—ever memorable for a dead heat—the Oxford bow broke his oar. Ten years later No. 7 in the Oxford boat also broke an oar, victory being on each occasion within the grasp of the dark-blues.

The heaviest man in any university contest was J. J. Toogood of Balliol College, Oxford, in 1829, who scaled 206 pounds. The lightest was Higgins (Oxford); he only weighed 132½ pounds, and stroked the winning boat. The heaviest stroke was W. A. L. Fletcher, the present Oxford coach. He handled the winning Oxford boat in 1890 at 182 pounds. The earliest race rowed was in 1865, at 7.48 a.m., and the latest in 1841, at 6.10 p.m.

Stamina was thought to be the strong point of Cambridge, but the dark-blues outstayed them, as well as outrowed them. If, as experts held before the race, Cambridge is a good average crew, then Oxford by her showing to-day is one of the best.

The men and weights of the crews were as follows:

	—Oxford—	Pounds.
1	R. W. Somers-Smith (Merton), bow	150¼
2	H. M. Farrer (Balliol)	162¾
3	A. H. Hales (Corpus)	170¼

Stanley Gun Club.

The regular weekly shoot of the Stanley Gun Club took place on their grounds on Saturday. In addition to the regular practice, the return match in the City Bluerock League was shot between the Stanleys and Balmy Beach Gun Club. The day being fine, there was a large turnout of the members and friends of both clubs. The match was shot 17 men a side, and was won by the Stanleys by 59 birds. A stiff northeast wind blowing from behind and across the traps caused the right quarter and straight away to dip sharply, causing the contestants to overshoot their birds which kept the scores lower than they would otherwise have been. The following is a summary of the shoot:

Stanleys—Thompson 22, X X. 18, McGill 25, Ingham 21, Herbert 15, Dunk 22, Rock 24, Martin 16, Holme 18, Thomas 17, Green 22, Charles 20, Wilson 19, Fritz 15, Hogarth 18, Morsehead 19, Dey 16; total, 327.

Balmy Beach—J. A. Shaw 20, Booth 19, Ross 19, Casel 12, Seager 20, Ten Eyck 22, Smith 15, Adams 15, Hambly 14, Hunter 18, Pearsall 12, Lyonde 15, Draper 11, Pen 11, Pearce 16, J. G. Shaw 20, Davis 9; total, 268.

HACKEN SCHMIDT, STRONG MAN.

Wrestler Born in Russia is of German-Swedish Descent.

Chicago, April 2.—George Hackenschmidt, champion Graeco-Roman wrestler and strong man of the world, arrived in Chicago from San Francisco yesterday morning, and will leave to-day for New York, where he has several engagements. Hackenschmidt's physical developments are marvelous and greater than those of Sandow. The tape shows his height to be 5 feet 8½ inches; his neck, 22 inches; his chest, normal, 48 inches, and expanded, 52 inches; biceps, 18½ inches; thighs, 27½ inches; his weight, 210 pounds. Besides being the boss wrestler and strong man, he is an expert swimmer, athlete and acrobat. His specialty outside of wrestling is tumbling and high jumping. He can clear the bar at nearly five feet standing, and several inches over six feet with a short run. He demonstrated his ability as a high jumper in his room at the Sherman House about an hour after his arrival, when he cleared, without an effort, a chair, over the back of which were several overcoats and three stiff hats.

Unlike most professional strong men, Hackenschmidt does not crave notoriety, and hates to stand before the camera. It was only reluctantly that he consented to have his photographs taken in his room here. Then the big visitor, with his open hands, lifted a man weighing 165 pounds out of a chair as easily as the ordinary man would lift a heavy overcoat.

Hackenschmidt is known as the "Russian Lion," and, altho born in the czar's country, not a drop of Russian blood courses thru his veins, as his father is German and his mother a Swede. The champion was born on July 20, 1877, speaks English fairly well and a half-dozen other languages fluently.

He has never lost a fall in a wrestling match and during his seven years on the mat, has met the best men in the world except Frank Gotch. He also knows a thing or two about boxing, but does not fancy the game, because, as he said, he doubted if he could ever become the champion. He thinks, however, that he knows as much about the fine points of that game as does Gotch, and if he cannot induce Frank to engage him on the mat he would not mind trying him out with the mitts also.

SPECTATORS AT GAMES GET THEIRS MR. JUSTICE TEETZEL SAYS THINGS

Grand Jury at Ottawa Reports on Rough Play in Hockey, Lacrosse, Etc.

Ottawa, April 1.—(Special.)—Roughness in sport was dealt with by the grand jury and Justice Teetzel at the spring assizes to-day. At the opening of the court the judge asked the grand jury to make a report on some way to put a stop to rough play. The jury, in making its presentment, said:

"Your lordship's reference and suggestion that the grand jury should take notice of the rough play which is too often associated with games of hockey, lacrosse and other athletic games, regret very much the unfortunate results of a game of hockey which took place at Maxville in an adjoining county. We would suggest to the several leagues the appointment of two referees at all games and the ruling off of any player for rough play for the whole of the game, who for the second time indulges in such play. This, we think, would greatly assist in obviating similar unfortunate occurrences in the future."

Mr. Justice Teetzel, in commenting on the presentment, said that the clerk would forward copies of the presentment to the different hockey, lacrosse and other sport associations.

"The presentment," he said, "in my opinion, does not go far enough, but it is a good start in the right direction. I think there should be a severe punishment for even a first offence at rough play. For the first offence a player should be ruled off for the game and for a second offence off for the season. Something radical has got to be done to reform, not only the players, but the spectators, who are much to blame in exciting acts of violence. Till a higher tone is acquired by the public of Canada we can't expect complete reformation by the men who play. Spectators should insist on fair play, should demand that the players play the game and not that 'they put him out' or 'give it to him.' The spectators should insist, as they do in England, on clean sports. They should show their disapproval of acts of violence, should insist on clean games and fair play, or not patronize the game. Some advancement is made by the process of education, some by process of law; both are necessary and doubtless some good will result from the consideration given the question."
