AGED HAMILTON LABORER ENDS HIS LIFE WITH ACID

Body of John Fleming is Found at the Foot of the Mountain.

Hamilton, April 18.—(Special.)—Even tho' he had reached the three score and ten years allotted to man, John Fleming, a city laborer, could not wait for death to overtake him and he ended his own life by carbolic acid. He had been resting since yesterday morning, and his dead body was found at the foot of the mountain near the east end of the incline railway this afternoon, with a bottle beside him. It is thought that the pain from rheumatism is what caused him to take his life. He lived on North Hughson-street, near the central fire station, and leaves a widow and one daughter, Mrs. Morden, 220 King William-street.

Two more stores will be added to the Hotel Royal.

NO HOPE FOR PHILLIPS. Crown Attorney Won't Consent to Dropping of Prosecution. "The conspiracy charge will not be dropped," Crown Attorney Curry emphatically told The World last night apropos of the Phillips case. The crown attorney's attention had been drawn to a statement in an evening paper to the effect that the crown might recommend the attorney-general to let the matter rest. "There is not the slightest chance of that—not one chance in a million," added Mr. Curry. "Phillips will probably be committed for trial, without bail, to-morrow." It is stated that the security and funds which Phillips is handing over amount, directly and indirectly, to \$200,000 in one way and another, and Crown Attorney Curry admitted that that was a fairly correct neighborhood.
