ity of the grain will be appreciably improved.

United Kingdom—On the whole, the winter has been very favorable for the British wheat crop, and for the farming interest generally. For the week ending Feb. 18, the supply from imports and home delivertes was 1,200,000 bushels in excess of estimated requirements, but the estimated imports due to arrive in the succeeding two weeks were about 600,000 bushels less than the requirements.

Leading Wheat Maskets.

Following are the closing prices to-day at important centres:

As a preparation of Mait and Hops, combined with the least percentage of alcohol, Hofbrau stands first. True, Hofbrau has been copied and pfrated by many respectable (?) concerns, but it still stands as the Leading Mait Extract of the day. Nothing more wholesome can be found for the convaisseent, the invalid, the nursing mother or the bon vivant, or any who may require a helpful, healthy and hearty mait ronic. Try it. It is not a drug, yet you can get it at any first-class drug store. Wine 2nd liques merchants all keep it.

OZONE--For Lung Trouble.

"ADVISED BY THREE DOCTORS TO MAKE HIS WILL." Dear Sirs,—I take much pleasure in recommending Ozone. I can truly say it saved my life. I caught a severe cold which settled on my lungs. I was so run down that I had no hope of recovery. Three doctors told me to make my will. I tyied everything recommended for consumption. It had taken nearly a dozen bottles of Cod Liver Oil, besides spending one hundred dollars in doctors bills, until at last I was advised to try Ozone. Before I had taken two bottles my cough was entirely cured. Before I had taken Ozone two months I was as well as ever. I am, yours truly, William Paul, Orillia, Ont.
