BRANTFORD YOUTHS CONFESS TO THEFTS IN ECHO RESIDENCES

BRANTFORD, Aug. 27.—Echo Place house robberies, involving the loss of over \$200 worth of jewelry, were cleared up here today, when County Constable Fred Kerr secured a confession from two 16-year-old boys, who took the constable to the spot where they had hidden their loot. Ex-Warden Ross and others whose places had been robbed decided to enter prosecution of the pair when their goods were returned intact.

\$5,000 FIRE LOSS.
Asphalt which had become over-heated in the tank-room caused a blaze at the plant of the Brantford Roofing Company here at noon today. The sprinkler system of the main plant saved that part from damage, but the melting building was badly gutted. The loss will approximate \$5,000.

CROPS FIFTEEN DAYS EARLIER AT RUTHERVEN

RUTHERVEN, Aug. 27.—Tobacco, grapes, potatoes and all other fall crops are being harvested ten to fifteen days earlier this year, it is expected. Tobacco is ripening fast, and already many fields of burley have been partly cut and are now hanging up in the barns, curing out an extra golden color. The late tomato crop is doing wonders just now. Many baskets of the earlier varieties of grapes have been shipped, and big prices have been received. The large corn crop will be a winner, and will be harvested much earlier than the 1913 crop.

**SEPTEMBER IN
ALGONQUIN PARK**
September is the year of the most deli-
cious months of the year in the "High-
lands of Ontario" and Algonquin Park
offers attractions that are not found
in other districts. The beauty of the
park is in the fact that it is at an alti-
tude of 2,000 feet above the level of the
sea. It assures the visitor of a pure
breathing air that rejuvenates body and
mind. A few days here is better than
months of tonics and saves doctor bills.
The territory is also easy of access via
the Grand Trunk, 200 miles north of
London and 170 miles west of Ottawa.
"The Highland Inn," a charming hotel,
affords most comfortable accommo-
dation at reasonable rates. The Inn is
heated by steam. Great fires for cool
evenings add cheer to the indoor
pleasure. The cuisine is all that can be
desired. Good fishing in the many lakes
in close proximity to the hotel. A fine
clay tennis court offers a means of
physical exercise. "The Highland Inn" is
operated by the Grand Trunk Rail-
way. Make your reservations early.

WHEN the appointed time for the
presentation of medals to the veterans
of the West Nissouri Red Cross Society
in front of Mr. Wheaton's residence
of the afternoon, Dr. F. C. Copeland
was the first to deliver an address. He
was followed by the people of the coun-
try, who were endeavoring by means of the
presentation to show in a small way their
appreciation of the sacrifices of the
veterans.

"The war has shown," he said, "that
the outcast and materialism are service
of the service. That our boys are effi-
cient and materialism are service of the
service. That our boys are efficient and
materialism are service of the service."

BUSHMAN AND BAYNE IN "DARING HEARTS" AT GRAND THEATRE

Scenes of Beautiful Picture
Laid in Alsace.

Alsace, the beautiful province which
has provided material for an indefinite
wealth of literature, is the locale for
most of the scenes in Vitaphone's
super-production, "Daring Hearts,"
featuring Francis G. Bushman and
Beverly Bayne, which will be shown
at the Grand Theatre today, tomorrow
and Saturday, daily at 1:45, 6:30 and 8:30
(standard time). Albert E. Smith,
president of the Vitaphone, and Cyrus
Townsend Brady, who collaborated in
writing the scenario, were able to find
unlimited material based on fact to
support their romance of Alsace. The
result was a motion picture that re-
pairs the neglect that Alsace has
suffered at the hands of the film in-
dustry. It is a story of love, of the
"Lost Province." The screen's two
"Hearts," are enabled to bring their
high artistic ability into full play.

THE LAKE OF BAYS.
There was never a region better de-
signed for vacation purposes than the
"Lake of Bays" district. Huntsville, on
the Grand Trunk Railway, 145 miles
north of Toronto, is the gateway
through which you pass to this lovely
summer playground. Good fishing, high
altitude (1,000 feet above the sea), im-
munity from hay fever, lovely water
trips, good hotel accommodations, and
golf are some of the many attractions.

WEST NISSOURI VETERANS TENDERED FINE RECEPTION BY RED CROSS OF TOWNSHIP

**Ceremony Was Held at Ever-
green Farm, Wyton, and
Was Attended by 3,000—
A Splendid Program of
Speeches, Sports, Etc.**

BY STAFF REPORTER.
WYTON, Aug. 27.—That the recep-
tion tendered to the returned veterans
by the West Nissouri Red Cross Society
yesterday afternoon and evening was
a tremendous success in every respect
a statement which any one of the
3,000 visitors at Evergreen Farm, the
home of James Wheaton, where the
dinner was held, would readily in-
dorse. In addition to the complete and
excellent arrangements made to insure
provision of the soldiers, every
detail of the reception was of the
highest order. A splendid list of
dresses of the returning veterans, and
of the women who had been in the
service, was also made for the en-
tertainment and comfort of the hun-
dreds of guests. A splendid list of

was the first to deliver an address. He
was followed by the people of the coun-

"The war has shown," he said, "that

have been the men who have been the
backbone of the country. You have been
the men who have been the backbone of
the country. You have been the men who
have been the backbone of the country."

Another Test Coming.
"The courage and zeal of every
Canadian," continued Dr. Copeland,
"will be tested in the coming days as
strenuously as they were during the
long years of the war. People should
work together for the betterment of
the whole country. The churches are
recognizing, too, the wishes of the
returning veterans, and are making an
effort on the part of the Christian
churches."
Great care should be taken, the
speaker advised, that nothing be done
which would engender the disruption
of the province and the unity of the
nation. He concluded, "with
honest, progressive, heroic and virtu-
ous spirits to the aid of the
democratic law to make it fit to live
in, and not the walking, smiling en-
emies of men."

Rev. Capt. Cummer presented the
welcome address to the soldiers. He
welcomed the boys and their wives,
Nissouri who volunteered and with
whom he had worked in Canada and
England. He said: "The duty of the
people of the country to assume the
care of the returned veterans, who
have given us their lives, is a duty
which no citizen can ignore. It is a
duty which no citizen can ignore. It is
a duty which no citizen can ignore. It
is a duty which no citizen can ignore."

The presentation of the gold medals
was scheduled to be awarded to the
country boys at the junction. The
medals were lined up in front of the
audience, but the ceremony had to be postponed
because of the non-arrival of the
medals. The contracting jeweler, it was
stated, had been unable to secure the
required amount of gold in time to com-
plete the total number of medals, as
each decoration contained almost \$10
worth of the precious metal.

In reply to the address of welcome,
Rev. Capt. Riddiford, who was the 142nd
Battalion chaplain, explained that the
boys had often encountered disappoint-
ments worse in nature than the an-
nouncement of the unavoidable absence
of the medals. He paid a tribute in
glowing terms to the nursing sisters
who worked so gloriously for the boys,
and made special reference to Miss Ada
Buckle, who went overseas in No. 10
Stationary Hospital unit, in company
with himself.

"I know what they went through,"
he said, "and how they overcame it
to get the nursing sisters out of the
wards and into the dug-outs every time
there was danger, and it was about as
easy a task as the handling of ten
wives would be, couldn't keep them
away from the wards for more than a
minute."

Catch Their Spirit.
"We are up against problems in peace
as serious as those during the war,"
said Mr. Frank Glass, M.P., the next
speaker. The boys over there met all
difficulties that came their way, and
now that they have settled peace for
us, it is your duty to bring the spirit
of co-ordination and co-operation with
which the boys finally won the struggle.
It is the only spirit which will solve our
peace troubles. The people of Canada
are faced today with a national debt of
about \$2,000,000,000, and if it is to be
paid, co-operation in agriculture must
be made. You men of the farms have

London Newspapers Pleased by Canada's Welcome to Prince

LONDON, Aug. 27.—(Reuter).—All
London newspapers are featuring the
extraordinarily enthusiastic welcome
the Prince of Wales is receiving in
Canada. The Westwards, the Gazette says:
"No one ever doubted that the prince
would receive such a welcome; his
position, his personality and the part
he played in the struggle wherein the
Canadians bore so great a share were
sufficient to assure that. But the people
of the Dominion are surpassing all ex-
pectations by the heartiness of their
welcome and by the keen pleasure they
are obviously taking in the prince's
visit. In the midst of all these mani-
festations of public interest and of his
own popularity the prince is being
himself well, displaying that quiet cour-
tesy and modesty which have already
endear him to the people at home."
