Curling Down to Skating Honors At Hockey Varsity 21 Laval 5

Note and Comment

The ice in Queen City showed little mor than the four degrees of frost called for by the rules, but the sheet was better than fair. The borrow was half across the rink and, owing to the big gallery the air became warmer towards the clos -fiel the draw was good eight feet.

Owing to the recent mild weather the players lacked practice and showed it; everyone missing occasionally, but on the average the curling was superb.

It was end and end with one apiece till Slop Wilson netted two thre seventh, but Skip Rennie came back the very next head with a pair, followed up by one and the eighth saw them tie, with five each. Queen Citys counted the next and were up the only time of the game. Next end wilson drew to the tee. In fact his superb play kept the Grantes in the van.

Queen City had a draw to tie the score

During his stay in Toronto this week Jack Johnson by his time form shown has converted many former believers in the prowess of Jim Jeffries. The champion closes his engagement at the Starto-day, then on to Buffalo and Detroit and soven weeks more in the show business before he goes into actual training. Johnson says he will enter the ring July 4 weighing 198 or 200 lbs., and may the best man win.

Carefully kept breeding statistics recentify published show that the Derby, Oaks and St. Leger have been won 42 times by the produce of mares in their tenth year, and this has proved to be the most successful age for such mares, according to the records. The youngest mare to throw a Derby winher was in her sixth year, and the oldest was 22 years old. From the seventh to the fourteenth year seems to be the most successful period.

fans would like to figure on it. Here it is: There are three men on bases and none out. The batter hits the ball. It is not a safe hit and there is no error made. Still three runs score and there are two assists and a put out on the play. Can you sists and a put out on the play. Can you itsure it out? After everybody had given it up. Clymer explained that the batter hit a drive up against the fence which scored the three men. But in turning first he falled to touch the bag. The right fielder linew to the second baseman, who, in turn, relayed the bdil to first, and the umpire called the batter out. As he did not reach the first base, his drive could not go as a shit, but as there were none but the three runs counted. The right if fielder and second baseman get assists and the first baseman gets a put out.

Fourteen Athletes Enter.

When the entries closed last night for the Canadian Derby the management was in a quandary. No less than 14 runners, representing Canada, the United tSates, England and Sweden, had made formal entry. Even in Madison Square Garden there is not room for 14 men to compete at one time, so Messrs. Eck' and Flanagan have hit upon the scheme of dividing the race into two heats and a final as the only fair and reasonable way of affording the gallopers a chance to demonstrate their superiority.

Here is a list of the men who think that they can get a share of the money which hangs at the end of the 15-mile journey: Shrubb, Butler, Selien, England; Crowley, New York; Ljungstrom, Sweden; Woods, Montreal; Neberher, Montreal; Meadows, Guelph; Redden, Hamilton; Acoose, Grenfell, Sask.; Red Hawk, Penetang; Simpson, Peterboro; Green, Caledonia; Begley, Toronto; Lee, Boston; an unknown, Boston. WOODSTOCK, Jan. 28.—(Special.)—The famous Stratford intermediate bookey team, having the Indian sign on the local bunch of puck artists here this evening, won out after a rather one-sided game by the score of 12 to 5. The Indians brought with them a large trainload of rooters, fully 300 accompanying the team. Referee F. C. Waghorne got the game started about 8.30 p.m. The first half ended 4 to 3 in favor of the visitors. In the last half they had things all their own way and scored goal after goal. The ice was in fairly good condition. For the locals, Thompson and Bryce were the stars, and for the visitors F. Rankin and Simpson captured the honors, The work of Referee Waghorne was in most cases satisfactory. The line-up was:

A hockey comedy was enacted at Mutual-street last night with Varsity the star attraction, the Laval goalkeeper being the comedian, and Referee Norman Henry the leading lady. Suffice to say it was the worst and most uninteresting exhibition seen here this season, Varsity winning by 21 to 5. The score at half time was 7 to 3.

ning by 21 to 5. The score at half time was 7 to 3.

Laval at only one stage in the first half, when they had the score 4 to 3, did they show any form, but after that the balloon went up and the score was only a matter of time. Both teams played very bachy the first half, very little team work being shown, while in the second period it was only a rout.

Laval's goalkeeper was the biggest joke for a goalkeeper was the biggest joke for a goalkeeper seen here in a long time, he hardly ever standing in the net, but two or three feet outside, while Referee Henry followed the play about as far as the goalkeeper was out of his net, Laval's showing here every season, however, has been the joke of the year, and the Intercollegiate would do a good turn if they would get Ottawa College into the fold in place of Laval. The teams:

Varsity (21): Goal, Richardson; point, Galile: cover, Code; rover, Armstrong; centre, Evans, right wing, Frith: left wing, McSloy.

Laval (5): Goal, Denoncourt; point, A. Archambault; cover, Valiquette; rover, Desposers; centre, St. Louis; right wing, Referee—Norman Henry.

Fred Toms will be the referee, but he will have to ring his bell extra hard, for the Toronto Canoe Club rooters are going to be out in full force. The plan is on sale at 189 Yorge-street. The teams:

This morning a draft for \$25 came to the Journal from the Union Bank of Toronto. The forger had evidently secured \$25 from the Union Bank on the strength of the forged paper.

McLeod, or whoever he is, tried a particularly nervy act, when he walked into the headquarters of the Traders Bank, Toronto, and tried to get another \$25 on a sight draft on the Journal. The nerve of the act will be recognized when it is remembered that it was the Hamilton branch of the Traders Bank which the forger worked

The head office staff were, of course, posted about McLeod, and tried to get him arrested, but he evidently took fright, as he went out suddenly.
