LIVE STOCK MARKET

Following after Monday's exceptionally heavy run. Tuesday's receipts and trading were more than ordinarily quiet, but the market for the offerings, such as they were, was inclined to be steady, especially for the good cattle.

Heifers were fairly strong, selling up to \$9.15, while the stocker trade was undoubtedly a trifle easier. The demand was not so active as on Monday, and this was reflected in the price, which was practically lower, probably about 1½c per lb.

The market for sheep, lambs and calves was steady, especially for the calves, and here trade was recognized as being strong.

There was a very light run of hogs, between 300 and 400, but while the packing houses were not very much in evidence, the number being so small, a few private buyers anxious to get some small lots, put the price up to 18c, and at this figure a number of decks were cleaned up. Where the packers buying was in evidence the price was \$17.50 fed and watered.

Receipts were 36 cars, 566 cattle, 82 calves, 366 hogs, and 659 sheep and lambs.
