

EARLSCOURT KEEPS DAY OF JUTLAND

Boys' Naval Brigade, B. I. A. and Naval Veterans Celebrate Victory.

An impressive memorial service was held in the Oakwood Theatre on Sunday evening, to commemorate the battle of Jutland. An hour before the meeting began the boys' naval brigade of the Navy League, with Bandmaster Dowell, the boys' brass band of the British Imperial Association, led by Comrade Bentley, naval veterans and members of the British Imperial Association, marched along St. Clair to the theatre. A moment of naval cadets, nearly a hundred strong, in charge of Chief Officer James Burling, Seaman Officer Cokes, Signalling Officer Roffey and Assistant Instructor Mackenzie, with their bugle band, also marched with the boys followed by Earlscourt boy scouts 120 strong, under Scoutmaster B. Lindo.

On the platform was a model of a battleship of the Iron Duke class flying the flag of the vice-admiral with the signals: "Form division in line ahead; the course to be 28 knots." This model was the object of great interest by the two thousand or more people gathered to do honor to the brave British seamen who lost their lives in this great naval battle.

Appeal for League. John R. MacNicol, president of the Earlscourt branch of the Navy League, presided, and making a strong appeal in support of the league, and reviewing the work of the British navy, pointed out the necessity of our maintaining a Canadian navy to protect the eastern and western coasts in defence of the empire. "The gallant deeds of the men of Earlscourt and the speaker, 'not only in the navy, but also the army, and we should thank God for what the navy league had done in keeping the great British navy up to its proper strength; this had been its real work before and since the war, and right well had it succeeded, or the Lockersidge now be overrunning this fair Canada of ours. The chairman thanked Reeve Miller for the beautiful floral memento in the form of an anchor, the meeting at the city hall on Wednesday.

It was decided to hold a public meeting at an early date, to which prominent speakers will be invited.

Children Partake. The ming began by the singing of the hymn, "Eternal Father," and prayer was said by Rev. S. Boal, chaplain of the navy league. A featured event was the choir of about 100 Earlscourt little children dressed in white, who rendered very ably a piece entitled "Come Forth," conducted by Mr. Bentley.

Mr. Bentley was given by John R. Robinson, editor of The Evening Telegram, who said that time and history vindicated the might of the navy in the defeat of the Germans at the Jutland battle had found its finale at Scapa Flow.

On November 21, 1918, when the German battleships were scuttled, the difference between the Hun and the fleet of the British navy, as the former were sent out for the specific purpose of the destruction of liberty, while the British fleet was built for the protection of liberty, not only the world, he said. In Nelson's day, said Mr. Robinson, the fighting range was about half a mile; at the battle of Jutland the range was 10 to 12 miles, but although the difference was so great the mettle of the men was the same. The eternal value of a battle is measured by the principle for which it is fought, and not by the preponderance of man power.

Kept Canada Free. It would be well to remember how the British navy were to every ship's company at the battle of Jutland, for it was represented by the three varieties of our flag, the white ensign for the British navy, the Union Jack for the army and the red ensign for the mercantile marine. If we had lost the battle of Jutland the Hun would soon have been sailing up the Gulf of St. Lawrence, and we should have been a free nation no longer, said Mr. Robinson.

Chaplain Boal pleaded for a liberal collection for the widows and orphans of seamen and while the offertory was being made the official band played the march "The B. I. A. Band played the march, the audience sang the Maple Leaf Forever. C. E. Johnson sang the death of Nelson.

WARD TWO FORMS RATEPAYER BODY

Officers Elected by New Association and Active Campaign Planned.

A well-attended organization meeting of ward two ratepayers was held recently at M. Croble's store, 550 East Queen street, with M. Croble in the chair. Roy J. Tanner, who organized the gathering, outlined the aims and objects of a ratepayers' association, and pointed out that the ward has been long neglected by the city council and showed the real need of such an association and the many vital questions to be promptly taken up, such as the Toronto Street Railway situation, the harbor front improvements and a new freshet for Ashbridge's Bay. The latter, Mr. Tanner declared, if erected, would induce manufacturers to locate and would boom the locality by the employment of all descriptions of labor.

The lack of playgrounds, the speaker also pointed out, is a crying disgrace to the section, O'Neill's playground, the only place of recreation for the vast number of little children, being totally insufficient.

Mr. Tanner's remarks were well received by the meeting and the following resolution was unanimously adopted: Moved by A. McDonald and seconded by Miss Kathleen Frawley, "That the ratepayers organize an association to be called the Ward Two Ratepayers' Association."

The following officers were elected: M. Croble, president; Miss Kathleen Frawley, first vice-president; E. Sehor, second vice-president; Roy J. Tanner, secretary, and Mrs. H. E. Moore (sister of Hon. Manning Donnelly), treasurer. Executive committee, Mrs. Joseph Tanner, Daniel Robertson, A. McDonald, James Burke and Arthur Lockerman. Delegates will be appointed to the Central Council of Ratepayers, and application will be made for admission at their next meeting at the city hall on Wednesday.

It was decided to hold a public meeting at an early date, to which prominent speakers will be invited.

BUSINESS OF CHURCH MUST BE PERSONAL

"The Business of Christianity" was the subject of a forceful sermon preached by Rev. A. I. Terryberry, pastor, at the morning service yesterday in Hope Methodist Church, Danforth avenue, before a large congregation. The preacher, in outlining the character and magnitude of Christianity, said it is the greatest and most important of all business concerns, and there is no other business whose work affect its various followers as does Christianity for time and eternity.

The same problems in creating and meeting demands confront both the store and the church, and the same simple yet fundamental principles are required to operate for success. As a successful business is built up by careful consideration of the demands of the day, so the church must take into consideration the needs of the world and the demands of men.

One great department of the business of Christianity is missionary in character. In conclusion, the preacher said the press is a mighty force and should be wisely used.

Anyone who wants to do business by advertising must not neglect personal work, and the man who wants to sell goods to the multitude must get to the place where the multitude are, so with the business of the church, to be effective it must get into personal touch with the people.

SCHOOL TRUSTEES PURCHASE SITE

Woodbine Heights Section Obtain Property on Coxwell and Salmon.

A well-attended meeting of school trustees and ratepayers of school section No. 7, Woodbine Heights, was recently held in Plains Road School, when it was decided to purchase five and one-fifth acres of land, the property of William McKay, with a frontage on Coxwell and Salmon avenues, at \$5000 an acre, as a site for the proposed new school for the southern portion of the district. By an almost unanimous vote, it was decided to apply for the issue of debentures for \$37,000 to cover the cost of the land.

Charles Roberts occupied the chair and the feeling of the meeting was that the site selected was conveniently situated and that an eight-room school should be immediately erected.

Walter Taylor, secretary, pointed out that already there are between 40 and 50 houses in this section in course of construction.

Robert McGregor thought that the price of the land was satisfactory, pointing out that the Dutch Farm land, adjoining, was recently sold at \$10,000 an acre. The vote for the site was 64 for and 13 against. For the ratepayers organize an association to be called the Ward Two Ratepayers' Association.

LABOR NEWS

WILL WAITRESSES ASK NEW WAGE SCHEDULE?

Will the waitresses present a new wage schedule? This is a question which has become prominent in view of the increasing activities of this new association of women in the field of labor. This organization, which is holding a eucbre-dance at Columbus Hall, Linden and Sherbourne streets, tonight, has become an organization of increasing strength and progressive ideal. Asked as to whether or not they intended to present a wage schedule, as had been rumored for some time past, the leaders of the union had nothing to say. The union is not yet affiliated with the Union of Waiters and Cooks, but this may be considered as a definite move in the near future. The president of the union is Mrs. Tanton; its secretary, Mrs. Jean Johns, and its associate president, Mrs. Jenner. Both the Waitresses' Union and the Union of Waiters and Cooks will be largely represented at tonight's eucbre-dance, which is understood to be one of the social events of the year in labor circles. The most cordial relations exist between the union and the employing bodies.

P. O. EMPLOYEES CO-OPERATING

For the first time in several years the Labor Temple was practically closed yesterday, not a meeting being registered, morning or afternoon. There were two reasons, firstly it was the fifth Sunday of the month, and also the weather was such that all indoor sessions yielded to outdoor launds. However, S.O.E. Temple was busy, and the several departments of the postoffice were represented in sessions at which delegates were elected to the round table conference of the Postal Employees Associations, which convenes some time this week. The delegates selected by the Postal Clerks' Association were W. P. Valvy, Fred Willis and Dave Snider. The round table conference is meeting to discuss the advisability of the formation of a composite body of employee associations to better take up the varied grievances of the government employees. Returned soldiers now form strong aggregations in all the departments of the postoffice department.

SAY CONDITIONS IMPROVE.

St. John, N.B., May 30.—The forest fire situation in New Brunswick is reported somewhat improved, according to Chief Forester Prince. The fire at Glenora, Sunbury County, has been extinguished, and those which had been sweeping Restigouche County are reported under control.

A new outbreak has occurred about ten miles from Salisbury, Westmorland County. The warden for that district, however, reported to headquarters that it was not of serious nature, and he hoped to check it before it had made much headway.

FIRE RAGES AT RIVER HEBERT.

Amherst, N.S., May 30.—The forest fire at River Hebert continues to rage with unabated fury. Changes in the direction of the wind have involved an entirely new area, that contains thousands of feet of valuable timber. For five miles toward MacCam there is a blackened stretch. From that point the fire cut in a circle and swung around the 'Sloan's Back' towards Parrsboro. The fire is winging towards Shuben.

Hundreds of men from the mines at Joggins are fighting the flames day and night. Their efforts, however, are of no avail in controlling the flames. They have saved many homes and the mills on the River Hebert, together with cut timber. They cannot check the flames, which today had covered a stretch over eight miles in length and left destruction in their wake. The loss tonight is well over a quarter of a million dollars.
