

**Actual and Relative Number of Mankind according to their Religion.**—Each square represents 1,000,000 souls. Ontario about two squares (1,923,225). Quebec about one and a-third squares (1,359,027), Roman Catholics in Ontario and Quebec about one and a-half squares (1,491,557).

Out of every 100 church members only **TEN** GIVE ANYTHING WHATEVER to Foreign Missions. \$9 out of every \$10 contributed by **ONE-TENTH** OF THIS ONE-TENTH. \$98 is spent for religious purposes among the comparative few at HOME for every \$9 expended among the hundreds of millions of HEATHENS ABROAD. In the United States (and I assume in Ontario and Quebec) there is one minister to every **600** persons, but in heathen lands only one to every **500,000** !

If each of the 28,000 Baptist Church members in Ontario and Quebec would contribute only half of a cent a day for Foreign Missions it would amount to \$51,100 a year—more than four times the amount that has ever yet been expended in one year for that purpose.
