DANCING.

Pavicwa Academy Attracting Big Crowds—Features Introduced Here the First Time in Canada—Pavicwa

No better evidence of the popularity of Pavlowa Academy could be had than to see the vast crowds this splendid amusement place is now attracting. The increased volume of business has made it necessary to increase the size of the orchestra, nd the music at Pavlowa Academy, along with the cabaret, promises to be even a stronger attraction than ever. The orchestra receives direct from New York all the new dance hits as soon as published. No matter where you chance to be you will not find a better or more select place not find a better or more select place to enjoy this great pastime than Pavlowa Academy. It is getting now to be the custom for parties instead of engaging a small hall to go to Pavlowa: it does away with the worry and arrangement, and the many advantages in this big academy with the many advantages in this big academy with the many advantages in this big academy with the many advantages. make the pastime far more enjoy-

Exclusive patronage, original features, excellent ventilation, a good dancing surface and superior music have established Pavlowa Academy as the leading amusement place in this city. For those wishing to learn the new dances the school in connection is the best place for you to go. You are taught the standard steps in dances which have been adopted by the leading academies in New York City. The system of instruction used makes it restable for your to accurate makes if possible for you to acquire these dances in a very short time. MASSAGE.

Massage. Electricity. Swedish Movements and Facial Massage. Patients treated at their residences if desired. Miss Howells, 482 Jarvis street. Telephone, North 3745. **GROWTH OF TOBACCO DEPENDS ON START**

Results of Experiments at Ottawa Will Be Furnished to Interested Parties.

It is recognized by authorities that in the growing of tobacco the quality of the leaf produced depends much on the manner in which the plants Taylor, Elsie Kingdom, Viola Lyons, are started. It is realized also that Gaynell Farrell, Beatrice Rodden, Haexpense can be saved by doing this in expense can be saved by doing this in the best way. For six years the experimental farms have been investigating the problem of tobacco culture and in order to give growers the advantage of the lessons learned there has been issued a bulletin entitled: "Tobacco Seed Beds." It is numbered 21 of the second series. This pam-Spence, E. Jenkins, J. Farrell, Jr., D. Young, C. Brown, J. Lepper, J. Gleason, W. Nolan, S. Boyd, A. Currie, F. Moore, W. Ball, H. Webb, G.
