### The Fall Styles are Pleasing

Especially to men who admire "distinctive" modes—something just a little out of the ordinary, and strictly correct.

Our Fall Suits possess this quality of "distinction." They are specially designed by the high-salaried designers of the Twentieth Century Company, who spare no expense to make their product perfect.

Quality of fabric, linings, trimmings—excellence of tailoring—**EVERYTHING** about these superb suits shows the result of the infinite pains taken by the makers.

Can we fit you? Certainly, for 20th Century Suits are fitted to **LIVE MODELS** in the making. And the fit is permanent, for the honest inside work prevents shrinking, sagging or stretching at any point.

SUITS... \$10.00 to \$26.00

### SUPERIOR PAINLESS DENTISTRY!

"There is a world wide cry against the dentists that they torture their patients. Those of strong physique submit and endure the agony. With a second class this is simply impossible, and thousands of teeth are neglected and lost even though the patients may be able to pay for our most skilful services. Then there is a third class who, after months of mental torture in anticipation, finally come into our hands, and, with nerves strung to a hurtful point, pass through the ordeal, but at what a cost! We do not sufficiently consider the consequences of shock in the dental chair, do not unduly consider the nervous system and even years from injuries to the nervous system received whilst in our hands.

The greatest duty of our profession today is to discover and adopt a mode of painlessly performing our operations."

NOTE—The above is an extract from a paper read by an eminent dentist of New York City before a society of dentists in Philadelphia.

The famous Hale Method of painless dentistry, for which we are sole agents for Canada is the best Method on earth.

A meeting of the liquor license commissioners of Victoria county is to be held on the 26th of this month to consider the application of Daniel Mullin, of Andover, for permission to conduct a tavern on his premises near the boundary line, and to be known as the Cottage Hotel.

The Montreal Witness says of the women's golf championships—"The meeting this year is robbed of a certain amount of its interest owing to the fact that neither Miss Thomson, of St. John, N. B., nor Mrs. Clarendon Mussen, Royal Montreal, the winner and runner up this year, is competing. Miss Thomson met with an accident to her thumb recently, the carriage window falling down and crushing it while traveling. Mrs. Mussen has not been in practice this year, having hardly been seen on the links at all."

### BARK TROOP WAS SET AFIRE BY SOME OF CREW

#### Followed Trouble Between Capt. Durkee and Men Says Report Brought to Victoria

The Victoria Colonist of Sept. 8 has the following—The R. M.S. Empress of Japan, Capt. Pybus, which reached port yesterday from Hongkong and way ports, leaving Yokohama on August 24, brought news that the burning of the British bark Hovell D. Troop, which was scuttled at Yokohama as briefly reported by cable, was due to incendiarism on the part of six members of the crew, who made their escape.

The vessel had on board part of her cargo of kerosene for the Standard Oil Company when the fire was discovered in No. 1 hold, spreading quickly to the other holds. Rockets were sent up as distress signals and firemen came off. A tug took the vessel in tow and started for Kanagawa, but the fire gained such headway it was found necessary to scuttle the bark. Altogether 9,100 cases of kerosene were burned and part of the ship's hull.

Mrs. Durkee, wife of the captain, was transferred to the steamer Pinna soon after the outbreak. The vessel was being repaired when the Empress left Yokohama. The incendiarism followed trouble between Capt. Durkee and the crew and the six seamen who are missing are being sought by the police.

### STIRLING COULD NOT GET AWAY; THAT'S THE REASON

There was great disappointment in Halifax that Stirling was not there to run against Cameron, and it was even suggested that Stirling was not anxious to meet the fast Amherst man. The fact is that Stirling was not able to get leave of absence. It is hoped that he and Cameron may come together yet this fall, in what would be the most interesting race seen here for years.

The Every Day Club sports of Oct. 9th will be the next athletic event of special interest in St. John.

The Halifax Exhibition Commission proposes to have a ten mile part road and track race about Sept. 25, and about the 25th will have five, one, half and quarter mile races on the track. It is not known whether any St. John athletes will attend.

### SCHUMANN-HEINK IN ZENITH OF CAREER

If St. John enjoys the privilege of hearing Schumann-Heink on the evening of Oct. 4th the vast audience that will then gather to honor the diva will bear the wonderful contrast to the very height of her career. She is probably the youngest of all the really famous singers of the present age, being only in her 37th year. It will be ten years yet before in the ordinary course of events before she will show a diminution of her wonderful powers. Even then she will be younger than Nordica or Sembrich, neither of whom are by any means past their prime.

The description list at Landy's music store is rapidly filling, although a great many names are desired before Saturday when it will be necessary to make the final announcement as to whether or not the great singer will grace the Opera House stage on the above date. All communications should be addressed to F. G. Spencer, St. John. Phone number 864-21.

### MERCHANTS AND CITIZENS THANKED

The president and officers of the "St. John City Civilian Association," appreciating the kind consideration of the merchants and citizens who contributed money and prizes to the merchants' match held on the Dominion range on Wednesday afternoon, auxiliary to the Veterans' shield match, competed for in the morning, acknowledge the same with sincere thanks.

The following are the names of the subscribers:—The mayor, Robertson Foster, W. Hoban, Barnes & Co., F. S. Thomas, W. H. Turner, J. T. McIntyre, Vassie & Co., Brock & Paterson, T. H. Estabrook, Jos. E. Moore, McRobbie Shoe Co., Chas. Brown, Philip Grennan, James Hunter, Francis & Co., W. H. Hayward & Co., F. E. Williams & Co., Warwick & Co., T. McAvity & Sons Ltd., J. M. Humphrey & Co., W. R. Thorne & Co., Major J. L. McAvity.

Thorne Lodge, No. 259, I. O. G. T., meets this evening in the Haymarket Square Hall, at 8 o'clock sharp. All members are requested to be present.

York L. O. L., No. 3, will have an open meeting this evening in the Orange Hall, Germain street. Addresses will be given and a musical programme carried out. All members are entitled to bring their friends. Light refreshments will be served.

Elder Dempster steamship Borna left the Miramichi River yesterday for Sydney, (C. B.) to take on bunker coal after which she will come to this port. The steamer is on her way from Montreal and will call at St. John on her way to other ports. She will call at Havana and other ports, on the first trip of the new line. She is due here next Sunday.

### If Every Man Who is Ready to Buy Fall Clothes Knew These Facts, He Would Buy Nowhere But at Oak Hall.

#### If He Knew:--

- That he can get the best clothing made at Oak Hall.
- That he can choose from the most extensive variety to be found anywhere, at Oak Hall.
- That he can buy directly of the makers and save the middle-man's profit, at Oak Hall.
- That this saving amounts from 25 per cent. to 33 1-3 per cent. of the prices prevailing at other stores.
- That every garment sold at Oak Hall is guaranteed for satisfactory service, and that any defect which comes to light is made right immediately without quibble.
- That our immense business—the greatest retail clothing business in Eastern Canada—would never have grown to its unequalled proportions were it not for these facts.
- That he need only look around and make comparisons to be convinced that these facts are indisputably true.

We hope it's a case of "show me" with you—because we never were so well prepared to prove our case as we are this fall. Our clothing is at top notch in quality, in style, in beauty of fabrics and patterns. It fits right. It will hold its shape and it will give the best wear that any clothing can give—and our prices are a fourth to a third less than such clothes could be bought anywhere else.
