Gas On Stomach

Won't Let You Sleep

Gas often presses on heart and
other organs, causing a restless,
tossing feeling which prevents sleep. Simple
buckthorn bark, glycerine, etc., as
mixed in Adlerika, expels gas and re-
lieves pressure almost INSTANTLY,
inducing restful sleep. Adlerika often
removes surprising old matter from
BOTH upper and lower bowel which
poisoned stomach and caused gas.
EXCELLENT to guard against ap-
pendicitis.—J. Benson Mahony, drug-

Paint

Protect & Preserve

Wintry Blasts will soon be here!

PAINT and varnish usually suggest beauty, but they are protection and preservation.

Here is a freshly painted house, glistening in its new coat, ready to outlive every storm of the coming winter. Indoors, varnish safeguards the woodwork in like manner.

How proud and glad the owner of this house should be. He has that confident feeling which one experiences when fully protected.

His home is insured against fire, and now, with the blanket of safety which paint and varnish yield, it is insured against time and the elements. Paint and varnish this Fall and then—let storm clouds gather and burst, let winter come, no matter how far behind be spring, you may smile at the wintry blasts from your cozy fireside.

CORK LEG A GOOD BRAKE

Washington, Sept. 29.—A new use for artificial legs has been reported to the Veterans' Bureau, which implies at least one advantage over the natural variety.

A claim has just been received from an Indian veteran for replacement of a

cork leg destroyed recently in an emergency. The claimant says that while he was hauling coal up a hill it be-

came necessary to brake the wheel. Lacking a brake, he took off his leg and stuck it in the wheel. The wagon

was stopped, but the leg was destroyed.
