This great difference in men MAY BE DUE SOLELY to the difference in the AMOUNT OF IRON IN THEIR BLOOD—Today about one person out of every three is said to suffer more or less from the great devitalizing weakness brought on by malnutrition or lack of sufficient nourishment; which is caused NOT BY LACK OF FOOD but often by LACK OF SUFFICIENT IRON in the blood to enable us to GET THE STRENGTH OUT of our food.

numbered among the many friends Dodd's Kidney Pills have made on the Prairies.

"I have found Dodd's Kidney Pills the best I ever used," she stated, "I would not use any other kind.

"Yes, you may publish what I say," she concluded. "I only hope it will help other sufferers.

Thousands of women, not only on the Prairies, but all over Canada look on Dodd's Kidney Pills as a friend in need. They are purely a Kidney remedy. By toning up the Kidneys to do their full work of straining the imparities out of the blood they strike right at the root of the disease.

Pure blood coursing through the veins speedily relieves that weariness and weakness so many women know. It brings in their place a health that is the foundation of happiness.

Healthy Kidneys are an absolute necessity if the body is to be healthy. If you haven't used Dodd's Kidney Pills for any kind of Kidney trouble ask your neighbors about them.

EVENING'S FINE

T. Merritt, C. Jamieson and Mrs. Hamilton, a wrestling match between Walter

iiton, a wrestling match between Walter O'Toole and an unknown, and a four round sparring match between Paris and Lockhart.

The wrestling match was the feature event of the evening, both men giving a good account of themselves. O'Toole won with a toe hold in fifteen minutes. He then demonstrated a number of jiu-jitsu holds, and wrestling holds, both with hands and feet. He is a scientific wrestler and evidently deserves the title of "The Man with 100 holds." He said he was willing to meet any welterweight in Canada and would also willingly meet a reputed English champion, who is in this country seeking matches.

matches.

Kid Rudolph also issued a challenge to box McHarg of West St. John, saying he was willing to concede him weight.

The alleged boxing bout was then held. It was supposed to be an exalbition, but was so one sided that it developed into a joke. Paris evidently could give a good account of himself, but his opponent apparently did not understand the rudiments of boxing.

It has called upon the President to present to the next session of congress a program of naval construction drawn up by the general staff of the Admiralty and to be carried out for a term of years.

The reason given for this proposed increase is that it is necessary because of Brazil's new position in the world as a signatory of the Versailles Treaty and as an effective member of the League of Nations. Another reason ascribed is the necessity of defending a long coast

FOOD IS WORTH NOTHING UNLESS YOU GET THE 5TRENGTH AND NOURISH-MENT OUT OF IT. In fact it often happens that THE MORE YOU EAT THE MORE IRON IS THE MASTER PRINCIPLE
OF THE BLOOD AND BLOOD IS LIFE.
It is the iron in your blood that carries oxygen
to your brain. Without iron your brain gets no
oxygen. Without oxygen, your brain becomes dull and heavy;
it cannot think right; YOU MAKE BAD DECISIONS; DO
FOOLISH THINGS; YOUR INTELLECT IS POOR; your
memory often fails—no matter how smart you may be by
nature, in your weakened physical and mental condition, you
are certainly no match for the strong, keen clear headed man
with plenty of iron in his blood. Although you may give two
men the same fire arms or swords in a battle, the strong vigorous fellow always has a decided advantage over a weak
tired-out opponent. MORE YOU EAT THE MORE YOU STARVE as your digestive organs are unable to handle much food, when your blood LACKS IRON and you often think you have stomach trouble when it isn't that at all—SIMPLY EAT LESS AND TAKE IRON. So a woman should not blame her husband too much if he is nervous, tired and wornout, at the end of a day, or if he doesn't make the MONEY and get along as he should—perhaps it isn't his fault at all. HE has the BRAINS, the ENERGY and the WILL TO DO, but it's IRON STARVATION of the blood that is WEAKENING his BODY and BRAIN and holding him
