MRS. JOHNSON IS READY TO TALK

Her Recovery by Tanlac is so
Remarkable She Would
Like to Tell Others.

"For the first time in eight years I am free from the terrible pains of rheumatism," said Mrs. Josephine Johnson, who resides at 26 Cabot Court, Halifax, Canada, in relating her remarkable experience with Tanlac. Continuing she said: "While for all these years, as I said before, I have never been free from suffering, for the past ten months the pains have been extremely bad, and lots of times I have wished I was dead, as it seemed impossible for me to get any relief. The rheumatism first started in my right hip joint and from there it spread all through my lower limbs. There seemed to be a catching pain in my hip joint and it became so stiff I could hardly walk, and every time I moved the pains were so intense it would nearly take my breath. My knees were swollen twice their normal size and were so stiff it was impossible for me to bend them. My left leg from the knee down was swollen all out of shape and pained me terribly and every step I took hurt me so I would almost scream, and I could hardly bear my weight on that leg, and when I tried to walk I would just have to drag my feet along, as it was impossible for me to lift them up. I finally got in such bad condition that from last January to May I never put my feet out of the house, and most of the time was unable to stand on my feet. All this time there was continual sharp, shooting pains through all my joints, and my feet and ankles were so badly swollen I could not lace my shoes, and the muscles in my legs just back of my knees felt like they were tied in knots. I could get but little sleep and many a night I would never close my eyes all night long, as that throbbing, jumping pain never let up for a single minute, day or night. I had scarcely any appetite to speak of and had lost weight until I was so weak the least little exertion would completely exhaust me, and I was in a terribly run down and nervous condition. In fact the way I have suffered is simply beyond description and I was in such agony all the time life was not worth living. "I tried everything I could hear of in the way of treatments and medicines before I started taking Tanlac, and while I have only taken three bottles I can say it is the first and only medicine of all I have taken in the past eight years that has helped me, and, in fact, it has done more for me than I ever expected any medicine could do, and the way I have improved has been simply wonderful. The terrible throbbing pain from which I was never free a minute is gone entirely. The swelling in my joints and limbs has all gone, and the serum is slowly but surely disappearing. I can use my limbs as good as I ever could and can walk without a particle of pain or discomfort. I can go up and down stairs now without any trouble, something that was absolutely impossible for me to do before I started taking Tanlac. I can sleep fine every night and my general health is all I could ask. Words fail to express how thankful I am, but if any one cares to see me personally regarding my recovery I will be only too glad to tell them of what Tanlac has done for me."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative. (Adv.)

TRINITY Y. P. A.
The Anglican Young People's Association of Trinity church last night enjoyed a very pleasing programme. Captain R. A. Armstrong gave an interesting account of a trip to the Pacific that he made some years ago. His address was fully illustrated with some very beautiful lantern slides, many of which were wonderful views of the Rocky Mountains. Following the address, a social time was spent in singing popular songs and in playing games. Refreshments were served by an able committee. The president, C. Upham, was the chairman and the evening was unanimously voted a most successful one.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only
few cents

Magie! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.
