### GIRLS WANTED

To Learn Telephone Operating

REQUIREMENTS Courtesy, Intelligence Grade 8 Education

TELEPHONE OPERATING requires special knowledge and training in the School for Operators. Not only is the instruction given without charge, but the company pays you a salary while you are learning. In many lines of work a girl has to give her time for several weeks, or even months, learning a trade, and often in addition has to pay for the instruction. When the trade is learned and she is fitted for a position, she frequently has to wait more weeks or months before she can secure one.

Upon successful completion of the Telephone School Course, you are assured a position at once. Rapid promotion to responsible positions is possible for girls with ambition and intelligence, who are alive to requirements of a present day business woman at salaries in excess of most other lines of business.

Apply to Chief Operator, 9 to 12 a.m.

The New Brunswick Telephone Co. 22 Prince William Street
