During the Summer, meetings were held regularly every month, until the end of November, after which time, owing to the bad state of the roads and the illness of the President, they were discontinued until Spring. A large bale of clothing was sent off in October, to Rev. Alfred Cook, Kutawa, N. W. T., of which an acknowledgement was received during the Winter. The children's Branch have continued their work of making quilts, to add to the bales and have kept up a regular attendance under the superintendence of Miss Kemp, their Secretary-Treasurer. We have to record a change of secretaryship, and regret the removal of our late officer; also of one or two other members, owing to which our list is smaller than in last year's report, but the financial statement, shows a very satisfactory amount of money coming in from the mite bags and other sources; and it is hoped that another bale of clothing will soon be in readiness for distribution.
