GOLDSTREAM SCHEME

Argues That Sooke Lake Proposition Is Cheaper Than Purchase of the Esquimalt Works.

(From Thursday's Daily.)

This morning His Worship Mayor Morley expressed himself in the strongest possible terms in regard to the attitude assumed by the Colonist newspaper in ommenting upon the water situation. Heretofore he had refrained from replying to or recognizing the comments in any way, but he thought recently they were becoming so much against the best interests of the city as to require attennewspaper in question, was beyond the means of the corporation at the valuation at present placed upon it by the directors of the Esquimalt Waterworks

clear he desired first to point out that no industry or business to the city would result from the spending of the purchase money if it was directed towards obtaining the Goldstream supply. On the other hand, the money expended in new devel-Hanna yesterday per steamer Indian-large body of men stretching over many apolis to Port Townsend for interment. opment would afford steady work for a Rev. G. K. B. Adams went with the terially to the prosperity of the commun-

waterworks holdings at Goldstream and

Sooke lake supply to the city would amount to \$1,500,000, in approximate figures. This was a carefully prepared esti-An application was made the other

mate. The expenditure upon a main, as laid down in Expert Adams' report, would be \$1,200,000, leaving \$300,000 for the head-\$1,271,000 for their holdings as they stand at present. To put the new system into active operation would necessitate an outlay of \$38,000 for the diverting works at the redistribution, something which everybody acknowledged was absolutely necessary. This brought the total up to

> The Mayor in enlarging upon his argument pointed out that of the latter sum and consequently would have to be put down as a distinct loss, in other words, money thrown away.

into consideration the difference reacher the exceedingly large total of \$420,500 The master of the Oranasia attributes the desertion to the desire of the sailors for a change.

Besides, he continued, the purchase of Goldstream would mean the spending of only \$649,500 in supplies and labor, while the adoption of the Sooke lake proposi -Geo. L. ITINENARY OF THE GOVERNOR-GENERAL

WILL VISIT ALL PARTS OF BRITISH COLUMBIA

Changes Made in Programme Te-Day Make Only One Stay in Victoria Possible.

(From Thursday's Daily.) The coming visit of His Excellency the Governor-General to British Columbia will occupy practically a month, during which he will visit every porand stay several days on Vancouver Island.

Entering the province by the Crow's Nest Pass he will reach Kootenay Landing on September 5th, thence proceeding via Nelson, Rossland, Greenwood and Kalso. He will then come north and reach the C. P. R. main line at Revelstoke on September 10th. From thence he will come to Vancouver and Victoria, as will be seen from the

itinerary given below. Considerable changes have made in the latter part of the prograntme previously given in the press. Col. J. Hanbury-Williams, C. V. O., C M. G., military secretary to His Excellency, arrived last night and was in consultation to-day with the Lieutenant-Governor's secretary. It was infishermen and as they dispersed to the tended that the Governor-General should return to Victoria after attending the forestry congress at Vancouver, but this idea has been abandoned He will go direct from that point to Ladysmith, and, after inspecting the coal mines and spending a day or so fishing at Cowichan, proceed direct from Ladysmith up the Fraser to New Westminster, opening the exhibition there on October 2nd. As far as ar-

ranged His Excellency's itinerary will be as follows: Sept. 5th-Leave Macleod 3.15 a. m.; arve Kootenay Landing 2 p. m.; arrive Sept. 6th-Leave Nelson 8.10 a. m.; ar-

Sept. 7th—Leave Rossland 7.30 a. m.; leave West Robson 9.30 a. m.; arrive Greenwood 2.28 p.m.; drive from Greenwood through the Phoenix Gap, a distance of about 20 miles.

Sept. 8th—Leave Grand Forks 4.54 p. m.;

by steamer 11.30 a. m.; arrive Lardeau .50 p. m.; leave Lardeau by steamer 1.30 b. m.; arrive Nelson 6.25 p. m.; leave Nelson 7.15 p. m.; arrive West Robson 8.40 m.; leave West Robson on steamer 11

presented by His Worship the Mayor. So far, the only other public function the reception at the parliament buildings on the evening of September 17th. At the last meeting of the city counpared, and was very well rendered, the cil a committee, consisting of Ald. audience being in a very appreciative Goodacre, Douglas and Yates, was apmood and the performers without ex- pointed to arrange as to a reception ception being in good trim and heart-ily applauded.

on behalf of the citizens of Victoria, but nothing can be stated definitely as to this until His Excellency's desires

OF CONSUMPTIVES

TO SPEAK IN VICTORIA

to Further Anti-Tubercolosis Campaign.

Rev. Wm. Moore, D. D., of Toronto, secretary, lecturer and organizer of the Canadian association for the prevention of tubercolosis, will deliver a lecture in the city hall on Wednesday evening next, September 5th. His Worship the Mayor will preside. Dr. C. J. Fagan, secretary of the provincial association, received word yesterday that Dr. Moore would arrive in the city on Saturday, and stating his willing-

ness to speak at a public meeting. Dr. Fagan at once arranged with the Mayor for the meeting at which it is expected there will be a large attendance. It will practically open the winter campaign in aid of the consumptives. Probably Dr. Moore will address other meetings at different points in the province.

The transactions of the sixth annual neeting of the Dominion association, held at Ottawa at the end of March have just been published. It contains some very interesting information regarding the work of the society, includ ing the report of the British Columbia

Included in the pamphlet is a memorandum, from which the following extracts are taken:

There are 1,070,747 families in Canada Of these, about 225,000 have already received a copy of leflet No. 3, 'How to Prevent Consumption.' This leaves about 846,000 families yet to be supplied. The cost of leaflets and envelops to match may be set out at \$2.877. The cost of filling and addressing envelope cannot be less than \$2.50 per 1,000-\$2,-115. At this rate, to cover the whole country in four years it will require

about \$1,250 per year. Dr. Fagan, who represented Victoria at the annual meeting, gave an inter esting report that aroused some discussion. It's effect can best be de scribed by an extract from a speecl delivered by the Governor-General. Among other things he said:

"In order to obtain sanatoria yo want money. The medical officer fron British Columbia has given us a suggestion that a collective sprat is th best way to catch the collective whale He also suggests-an excellent sugges ion-that there should be an antitubercolosis Sunday, on which the claims of the society should be advocated from every pulpit in the Domin-

"I have no fear that before long even our friend from British Columbia will be satisfied that some good work has been done in fighting the enemy-

The Victoria branch of the association will shortly commence this season's work on behalf of sufferers from tubercolosis. Recently a special committee visited the various proposed sites for the sanatorium near Kamloops and selected the one that appeared most suited to the purpose intended Until it is secured the exact location will not be made public. There is every hope, on the part of those interested, that actual construction will be started shortly.

Money is the great want, however The contingent government grant of \$5,000 will not go far towards the building and maintenance of a provincial sanatorium, and members of the society request that those willing to contribute do so at the earliest possible moment.

GREATEST FEMALE STRENGTH-ENER ON EARTH.

Thousands of women are wan, pallid, rundown and dispirited. What they need is that nourishing tonic Ferrozone. Soon they regain those laughing eyes, bright spirits and rosy cheeks. Ferrozone does this and more as Mrs. L. F. Adrianson, of Whitney Pier, C. B., testifies. "My daughter was very uch run down and had considerable troubles at times. Often I was at a loss to know what to do. I was advised to give her Ferrozone and I did so. Ferrozone cleared up all the

trouble, made my daughter healthy and well. Ferrozone gives good appetite, regulates, strengthens. I consider it a medicine every woman should use regularly if she wants to feel her best." Rebuild with Ferrozone, it is the King of all cures. Price 50c. per box at all dealers.

THE CITY-MARKET

THE CITY MARKETS.

Mutton, per lb.

Hay, per ton Oats, per ton Peas (field), per ton

sutter (Creamery), per lb.

 $\frac{5.00}{2.00}$

(Special to the Times.)

Otawa, August 30.-There is a very tricky wind for the shoting at the 500 yards range in the Governor-General's, the Dominion Match and the London Merchant's, which are the features of the Dominion Rifle Association meeting to-day.

In the grand aggregate up to the finish of the first two ranges in the Governor-General's and the first range in the Dominion the leaders are: Sergeant T. B. Brayshaw, 250; Lieut. Boult, 252; Sergeant Moscrop, 252; Lieut. Cunningham, 254; Sergeant Caven, 249; Capt. McHarg, 248; Sergeant Car, 247. These are all well up.

To protect an invention all over the world it is necessary to take out 64 patents in as many different co estimated cost of which is \$2,500.

LONGPRE-OUELET-At Cranbrook, on Aug. 22nd. by Rev. Father Chornell, George Longpre and Miss Mary

DIED.

BRYCE-On August 28th, at his residence, William W. No. 2 Jubilee avenue, William W. Bryce, a native of Dunblaine, Bruce County, Ont., aged 47 years. MIINSON-At Vancouver, on Aug. 26t Mrs. S. Munson, of Kelowna, aged 26 years.
