SEEING US AS WE ARE. (Hartford Conn.) Courtant. Possibly those 'distinguished noblemen,' who, according to the press dispatches, crossed the ocean with Buffalo Bill and are with him now, are taking for granted all the stirring experience they have run up against. It is conceivable that they think they are right in the usual swim of events in these United States. Going out to hunt for bears and elk, they have come upon a bank robbery and are asked to join in a man-hunt, where the reward is double for the robbers dead, and as they start off on this expedition they encounter the divorcee of Buffalo Bill himself, who is brave enough to hunt murderers, but begs the court to relieve him of matrimony on the ground that his wife is cruel to him and he cannot bear it. Murderers at large, hunted by armed sportsmen, and divorce proceedings accompanying the hunt suggest the spice that enlivens American life.

ONE POLICEMAN KILLED, ANOTHER FATALLY SHOT

Burglars at Bay Use Revolvers With Deadly Effect and Make Their Escape.

DETROIT, Nov. 18.—Patrolman John Daly, who was shot down and murdered in cold blood at midnight, had detected two burglars at work in the rear of Wm. Deidrick's store in Michigan avenue. Herbert H. Pickell, special officer for the Michigan Central Railroad, was shot through the abdomen and probably fatally injured when he ran to the policeman's assistance. The murder occurred in the heart of the business district of Detroit in an alley back of Michigan avenue and Wayne street. Patrolman Daly's revolver was found within a few feet of the store window, which the burglars had partially opened. He had evidently turned to follow his assailants after he had received a mortal wound through the breast. The patrolman's cry for help and the noise of the shooting awoke the neighborhood and a large crowd, pursued by a constantly increasing crowd darted westward zig-zagging between Lafayette avenue and the alley that parallels the avenue half a block northward. Officer Pickell was a leader in the chase. Pickell had followed the murderers nearly four blocks when they stopped near Lafayette avenue and Third street and shot him through the body. Having intimidated the pursuing crowd the fugitives escaped in the direction of the railroad yards. Patrolman Daly was one of the most popular and efficient officers on the force. All descriptions agree that one of the two was white and the other a negro. A colored man was arrested on suspicion within an hour after the murder.

PORT ARTHUR'S ARSENAL BLOWN UP BY SHELLS.

But Stubborn Garrison Still Holds Out--Jap Attacks on Russian Position Near Mukden Repulsed

ST. PETERSBURG, Nov. 18.—A despatch from Lieut. Gen. Sakharoff dated today says that during the night the Japanese attacked the Russian position in front of Poutouff hill but were repulsed. FAKKEBERG, Denmark, Nov. 18.—The second division of the Russian Baltic squadron has arrived here and is anchored near the lighthouse. TOKIO, Nov. 18, 3 p. m.—A telegram from Mori reports the destruction of another Russian arsenal and magazine at Port Arthur. The Japanese discovered, it is said, the location of the arsenal and centred their artillery fire upon it. After dropping two hundred shells in the locality they succeeded in blowing it up. The Japanese are widening their saps and are using them to move their guns forward. The Russians continue their spirited sorties using hand grenades in their attacks upon the saps. ST. PETERSBURG, Nov. 18.—The newspapers today devote long articles to praise of Lieut. General Stoessel and the heroic garrison of Port Arthur and to a general endorsement of the movement started at Kioff for a national subscription in behalf of the families of the dead and surviving defenders. POSSIET BAY, Siberia, Nov. 18.—

According to estimates made here exclusive of the garrison of their Yalu river positions, the Japanese have 25,000 men, Korea, including 600 at Gen-san, 200 at Hamhung and detachments at Hamkyong, whence scouting parties go so far as Pouchon. The discontent of the Koreans is increasing. Cases of armed resistance to the Japanese are reported. LONDON, Nov. 18.—The fact that the Russian torpedo boat destroyer Rastvoroff (which arrived at the Foo later than the date of General Stoessel's published report which relates nothing later than Nov. 3) is regarded as significant. Apparently, however, Tokio has not yet received as late news as is contained in the report of American Consul General Fowler at Chefoo, transmitted to the state department at Washington Wednesday. Special despatches from Tien Tsin report a heavy bombardment of Port Arthur as late as Nov. 12, and nightly sorties by small parties of Russians who lose heavily by bayonet fights. These reports give no reliable details, but concur in statements that guns are wearing out and that the Russian ammunition is becoming scarce. The Daily Telegraph's Tien Tsin correspondent says he has received a report that the Japanese have suddenly advanced in the direction of Mukden, from which place they are now only twelve miles distant. ST. PETERSBURG, Nov. 18, 2:15 a. m.—Rejoicing over the undaunted spirit displayed by General Stoessel in his telegram of congratulation to Emperor Nicholas on the anniversary of his accession to the throne, and officially announcing the failure of General Nodda's nine day attempt to present Port Arthur to the Mikado as a birthday gift, is tempered by grave information that the gallant commander of the garrison has been wounded. General Stoessel was struck in the head by a splinter from a shell while he was personally directing the repulse of a particularly desperate assault, but fortunately the wound is

GAYNOR AND GREENE CASE BEFORE PRIVY COUNCIL

Decision May Soon be Rendered Holding Them Over Again to U. S. Authorities

NEW YORK, Nov. 18.—A Washington despatch to the Tribune says that the case of Benj. Greene and John F. Gaynor which grew out of the case against Oberlin M. Carter, who was implicated in the Savannah river contract scandal, will be taken up by the privy council of England on Jan. 1. This tribunal may render a decision which may place Greene and Gaynor, who went to Canada while their cases were pending, in the hands of the U. S. authorities. Proceedings for the extradition of Greene and Gaynor were begun as soon as the American authorities received information that they had taken up their residence in Montreal. Accordingly application was made and a writ was issued by an extradition commissioner of Montreal. The two men, however, were apprehended in Quebec, to which jurisdiction they had made their way. They were taken to Montreal and a Quebec judge immediately issued a writ of Habeas Corpus, which was served on the Montreal jailer. He brought Greene and Gaynor back to Quebec, where a legal controversy ensued, which finally resulted in the issuing of another writ of Habeas Corpus by Judge Caron. It is this latter writ which permits the freedom of Greene and Gaynor within the bounds of Quebec and exempts them from interference from the U. S. authorities, and appealed to the privy council. Officials of the Washington government believe that a final decision will be reached before the first of the year.

At the opening of today's session the commissioners and others paid high tributes to the gallantry of the members of the fishing fleet. Dr. Woodhouse, representing the Russian government, said he would like to say in behalf of those represented how much they regretted what had occurred and how he agreed with the remarks concerning the bravery of the fishermen. It would give him the greatest pleasure, he said, to convey the purport of those remarks to the Russian government.
