PROVINCIAL NORMAL SCHOOL.

A special course of preparation for Manual Training teachers is announced to commence Jan. 9, 1905, and the director begs to call the attention of teachers to the desirability of taking advantage of it. A demand exists for male teachers of woodwork in Manual Training Departments; also for teachers, of either sex, who are able to give instruction in country schools having an equipment for Manual Training on a small scale. The liberal grants now being offered to teachers of Manual Training should lead some of our enterprising teachers to take up this branch of school work which is rapidly becoming such an important part of our educational system. In addition to this special course in woodwork, etc., short courses in paper-folding, color-work, cardboard-work, etc., may be taken at any time. Information as to any of the courses may be obtained from the director of Manual Training, Mr. T. B. Kidner, Fredericton, to whom early application should be made.

TEMPERANCE SUNDAY.

The 27th will be "World's Temperance Sunday." The lesson is from Isaiah 28: 1-13. C. A. Schofield, D. D., writing on this lesson in the "World's Evangel" says: "It is a timely lesson, for two facts are beyond question. The first is that drunkenness is increasing with awful rapidity in all the so-called Christian nations, and the second ominous fact is that the public conscience is becoming apathetic on the whole question. What is needed is not some new effort at reform, but from every pulpit and by every fireside the clear, stern teaching that drunkenness is not primarily a problem in sociology but a question with God. That drunkenness is sin, and that drunkenness excludes from the kingdom of God. It may be said at once that such preaching will avail little from the lips of that man who shrinks from also saying that with the drunkard scripture puts also the "covetous" and the "extortioners."

This is the position taken by the Temperance department in the Sunday school; the young are there taught that drunkenness is sin, that any dealing with the traffic is sin, and through the Sunday school this department is endeavoring to teach these truths by the fireside. It asks all superintendents and teachers in Sunday schools and ministers in their pulpits to teach and preach earnest, practical truth on this subject on the 27th, the "World's Temperance Sunday."

WHY HIS PASTOR FAILED.

It is because he did not read new books.

It was because he did not cultivate the pastoral habit.

It was because he did not keep fresh in sermonizing.

It was because he was late in getting into his study mornings.

It was because he spent too much time reading the secular papers.

It was because he failed to help himself into a truly devotional frame of mind.

It was because he did not enthuse himself over the missionary cause.

It was because he failed to take interest in the junior league of the church.

It was because he thought it above his dignity to take an interest in the young men and women of his charge.

It was because he spent more time juking the people than praying for their souls.

It was because he did not like to work hard to save souls, so he failed, and was moved, to fail again.—Rev. Robert Stephens.

Cheerfulness makes love of life, and love of life is half of health. On the contrary sadness and discouragement hasten old age.

Do you gain your living by your intellect? Then do not allow your arms and legs to grow stiff. Do you earn your bread by your pick-axe? Do not forget to cultivate your mind and to enlarge your thought.

Keep The Blood Pure.

Nearly All the Common Ills of Life are caused by Weak, Watery and Impure Blood.

Bad blood means bad health. That is why Dr. Williams' Pink Pills mean good health—they actually make new rich blood. Bad blood poisons the whole system. The nerves break down, the liver goes wrong, the kidneys get clogged and inflamed, the heart flutters and jumps at the least excitement, the stomach loses its power to digest food, the lungs are unable to throw off the lingering colds, in fact the whole body gets out of order. Then you have headaches, can't sleep and can't eat and feel utterly miserable. And it all comes from bad blood and can be cured by the rich, red blood Dr. Williams' Pink Pills sends coursing to every part of the body. Mr. Daniel McKinnon, of North Pelham, Ont., suffered from bad blood, but has been made well and strong by Dr. Williams' Pink Pills after all other treatment had failed. Mr. McKinnon says: "Until last spring I had been afflicted with a weak stomach, headaches and kidney troubles. At times I was completely prostrated and my sufferings were of a most severe nature. At different times I was treated by no less than seven doctors, and from none of them did I get more than temporary relief. As time went on I became hopeless of ever being well again. Last spring a friend drew my attention to Dr. Williams' Pink Pills and I decided to try this medicine. I had only taken four boxes when I found a decided improvement in my condition, and I continued using the pills until I had taken a dozen boxes when I was a cured man and the sufferings I had formerly endured were but a disagreeable memory. I admit being an enthusiastic admirer of Dr. Williams' Pink Pills, but I think I have just cause for my enthusiasm and will always recommend them to my ailing friends."

Just as surely as Dr. Williams' Pink Pills cured Mr. McKinnon they can cure anaemia, indigestion, headaches, back-

aches, kidney trouble, rheumatism, lumbago, sciatica, neuralgia, nervousness, general weakness and the special ailments of growing girls and women. All these ailments come from bad blood, and Dr. Williams' Pink Pills can cure them by filling the veins with new, rich, red blood. But you must be sure to have the genuine pills with the full name Dr. Williams' Pink Pills for Pale People on the wrapper around every box. Sold by medicine dealers everywhere or by mail at 50c. a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Miss Hartt

Pianoforte and Organ Teacher
Virgil Clavier Method.

That the Clavier and Clavier Method provide a new, superior and thoroughly scientific means of Technical and Musical Development in the Art of Piano Playing, is a fact which has been repeatedly demonstrated during the past few years by indisputable tests. It has been again and again proven that the Clavier, rightly used in conjunction with the Piano in teaching and practice, establishes the learner in a Truer Artistic Technique in a fraction of the time ordinarily spent, and, at the same time, in a superior manner facilitates Musical Growth as well. Besides private pupils and Class Lessons in Musical Instruction for Children, a Special Course of Study will be given to Teachers and advanced pupils who desire to become Teachers.
