## PRODUCE PRICES IN CANADIAN CENTRES

Montreal, Sept. 13.—HAY is in good demand on local account, but on account of the scarcity of ocean freight space here the export trade is quiet. No. 1 $14.50 to $15; No. 2 extra good, $12 to $13; No. 2 ordinary, $10 to $10.50; No. 3, $9 to $9.50; clover mixed, $8.50 to $9 car lots.

OATS—Canadian Western No. 2 47c. car lots ex store; extra No. 1 feed, 46 1-2c; No. 3 C. W., 46c; No. 2 local white, 45 1-2c; No. 3 local white, 45c; No 4 local white, 44 1-2c.

FLOUR—Manitoba spring wheat patents, firsts, $5.49; seconds, $4.90; winter wheat patents, $4.75; strong bakers, $4.70; straight rollers, $4.25; in bags, $1.85 to $2.00.

MILLFEED—Bran, Ontario, $23 to $24; Manitoba, $23; middlings, Ontario, $27 to $28; shorts, Manitoba, $25; mouillie, $26 to $32.

### CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh & Co.

New York, eSpt. 13.—There was no news to account for the further weakness of today's stock market which carried prices to a new low level for the movement and for the year. Such issues as U. P., B. & O., N. P., St. Paul and N. Y. C. touched prices at which from 5 to 5 1-2 per cent. could be returned on the investment. Under the circumstances the continued absence of investment buying became a dominating influence, and bear operators attacked market with more confidence, perhaps, than at any other stage of the current downward movement. The domestic labor disturbance and the foreign political situation were about the only tangible factors in the weakness, but there was no change for the worse in either instance. The cause of the decline continues to be of a general rather than specific character. It lies partially in the belief that large interests sold stocks heavily at a higher range and are doing nothing to prevent a decline to a level at which these stocks can be re-urchased at a handsome rofit, and artially in the dee distrust which ervades the investment world at large. The impression is growing that the general hesitation and apprehension which prevails in business circles will be augmented next year owing to the presidential campaign with its inevitable demagogic agitation against the large combinations of capital. This sentiment, if persisted in, will be sure to bring about a general contraction of business. Happily the present price of stocks discounts a great deal, if not all of the adverse probabilities, and there is no overextension of credits in any line. This situation should prevent acute demoralization of securities prices, although all things point to a lower level before there is a sustained recovery.

LAIDLAW & CO.

CANADIAN CEREAL & MILLING COMPANY BONDS
No bond investments in Canada have been as uniformly profitable as those in the bonds of the different flour milling Companies.
The bonds of the Canadian Cereal and Milling Company are a first claim upon not only the fixed assets of the company, but are a floating charge upon the company's liquid assets, such as stock in trade, etc.
Denominations, $100, $500 and $1000
Interest payable on 1st June and 1st December.
Price, Par and Interest to yield clear 6 per cent.

MADE WELL AND STRONG
By Lydia E. Pinkham's Vegetable Compound
Toronto.—I gladly give you my testimonial in favor of your wonderful medicines. Last October I wrote to you for advice as I was completely run down, had bearing down sensation in the lower part of bowels, backache, and pain in the side. I also suffered terribly from gas.

After receiving your directions, I followed them closely and am now entirely free from pain in back and bowels, and am stronger in every way.
I also took Lydia E. Pinkham's Vegetable Compound before my baby was born, and I recommend it highly to all pregnant women.—MRS. E. WANDBY, 92 Logan Ave., Toronto, Ont.
Another Woman Cured
Maple Creek, Sask.—I have used Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I am now in perfect health. I was troubled with pains every month. I know other women who suffer as I did and I will gladly recommend your medicine to them. You may publish this if you think it will help others.—MRS. F. E. COOK, Maple Creek, Sask.
If you belong to that countless army of women who suffer from some form of female ills, don't hesitate to try Lydia E. Pinkham Vegetable Compound, made from roots and herbs.

### CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh & Co.

New York, Sept. 13.—Today's cotton market was extremely narrow and the general dullness was relieved only by occasional spurts of activity.

Heavy buying by one broker at times during the afternoon greatly puzzled the trade, but the market's response was rather disappointing in view of the good volume of scattered short covering which supplemented the buying mentioned. There were rumors during the day that the National Ginners figures would show a condition between 68 and 70 as against 73.4 the last previous figures issued by that organization. There was little fresh news. Routine advices, from the southwest, were somewhat more favorable as to the condition of the crop. It seems to be quite evident that the world will pay but slight attention to bullish reports until the question of the date of killing frost is settled. Despite the deterioration that has occurred, the prospect for one of the largest crops in history remains, promising a plentiful supply during a period which, from all the usual indications, is likely to be one of general trade reaction. We therefore believe that contracts may be sold on all sharp bulges.

THE DEMERARA ELECTRIC COMPANY, LIMITED
Capital Stock
The net earnings of the Company since 1905 have shown a steady progress, with but a slight exception, and for 1910, after allowing for Bond Interest and Sinking Fund payment, amounted to 7 per cent. on the Capital Stock.
Quarterly dividends of 1¼ per cent. equal to 5 per cent. yearly are being paid, and the surplus at the end of 1910 was nearly sufficient to pay dividends for four years at 5 per cent.

## BEARS RENEW ATTACK ON PRICES

New York, Sept. 13.—Acute weakness once more developed in the stock market today. The meagre gains of yesterday were swept away before an attack which, as the session progressed, became increasingly severe and inflicted some heavy losses. Adequate support was entirely lacking. Trading was nervous and unsettled. It was a matter of debate whether the movement represented principally short selling or furtner liquidation of the character which was the predominating influence through the long decline. From time to time liquidation of this kind has been suspended, only to be resumed at the first indications of a recovery. Apparently that was the case today, although there were signs also of heavy short selling. The lack of substantial demand from any source undoubtedly emboldened the bear party to renew its attack, and the raid which sent prices tumbling toward the end of the session was one of the most spirited of recent weeks.

Union Pacific decline at the low price of the day was within a fraction of 4 points, one of the most severe drops of this stock during the summer. Missouri Pacific and New Haven lost a like amount, and both of those stocks as well as New York Central sold at their lowest prices since 1909. A number of prominent issues, including Reading, Southern Pacific, Canadian Pacific, St. Paul and Amalgamated Copper lost 2 points or more. The list of new low records for the year embraced a large share of the leaders. The market rallied briskly before the close under the influence of short covering, regaining part of the day's losses.

Rumors of various evils of the kind which almost invariably accompany severe declines were circulated industriously, but in the way of actual developments there was nothing to account for the movement. The depression in several railroads stocks was attributed, to some extent, to doubt whether the dividend rates would be maintained. This was especially true of New Haven, which also was affected by the unfavorable annual report of the Boston and Maine, one of its chief subsidiaries.

News from the Iron and Steel trade was another discouraging factor. The weekly trade review seemed to confirm earlier statements that the volume of business was falling below that of August. Price cutting of the steel industry has become widespread, although in most cases prices have not fallen far below the low levels reached earlier in the year. In spite of the volume of business which manufacturers have been able to obtain by making concessions, earnings probably will be relatively small prices having approached the low point of the last decade.

Europe played less of a part in today's market. Transactions for European account were estimated at 12,000 shares, about evenly divided between purchases and sales. International bankers said that the extent of oversea selling during most of the decline has not been appreciated. Speculative accounts in American stocks were extended abroad, particularly in Berlin, and liquidation from this quarter has run into large figures.

The bond market was heavy. Total sales, par value, $2,107,000.

United States bonds were unchanged on call.

## WATER BOARD IN SPECIAL SESSION

### Plans to Extend Kennedy St. Sewer Discussed at Meeting Yesterday—Other Business Disposed of.

A special meeting of the Water and Sewerage Board was held yesterday afternoon at which the question of improving the sewerage arrangements in the Marble Cove district and other matters were taken up. The engineer submitted a plan to extend the present Kennedy street sewer, running under the car sheds down past the St. John Boat Club, and have it enter the river some distance from the present outlet to Marble Cove. The engineer estimated that the cost of carrying out this plan, including the purchase of rights of way, would be about $6,000. By the new route the sewer will not pass through property of A. M. Rowan who wanted $5,000 for a right of way. The engineer was instructed to interview owners of property along the proposed route of the extension of the sewer, and make a report showing definitely the cost of the right of way required.

The question of paying A. R. C. Clarke for work done in connection with the aboideau at Marsh Bridge was then taken up. The city engineer said he would not pass the work. On his recommendation it was decided to have the work completed by day's labor to the satisfaction of the engineer, and charge the cost to Mr. Clarke. The city has withheld payment of $1,000, pending the completion of the work, and the engineer was of the opinion that this amount would more than suffice to complete the work to his satisfaction.

The engineer reported that several contractors for excavation work in connection with the water and sewerage extension plans of the Board had not started work at the time specified, and the Board ordered that the contracts be cancelled and the deposits forfeited.

The contracts cancelled were those of Pollock and Nice for excavations in Clarendon street and Tobias and George for excavations in Sydney and Barker streets.

A committee consisting of the chairman, Ald. Scully, and the engineer were appointed to visit Spruce Lake, and report on conditions there.

Those present at the meeting were: Ald. Wigmore, C. T. Jones, Smith, Elkin, Scully, McLeod and Hayes, with the common Clerk and the Engineer.

### Child Dead.

The many friends of Mr. and Mrs. Charles A. Metz will sympathize with them in the death of their little daughter Margery Helena which occurred yesterday morning. She was in her sixth year and is survived by her parents, one sister and one brother.

A High Yield Bond
With Ample Security
The cost of living has been increasing so rapidly that the average investor has been forced to try to secure a larger yield on his money and at the same time have a sound investment.
We can offer a number of high grade Industrial and Public Utility Bonds in denominations of $100 and $500, at prices to yield an annual income of 5 per cent. and over on the investment.
