## MEMBERS SHELL COMMISSION HERE FRIDAY

Inspected Factories where shells are being produced - Only here few hours.

A party of distinguished visitors arrived in the city yesterday morning in the form of the commission which is supervising the manufacture of shells in Canada. The members of the party were D. A. Thomas, representative of the Imperial government, accompanied by Major General Mahon, an English expert; R. H. Carl, W. Lloyd Owen, Mrs. Thomas and Miss Jamieson, and the Canadian shell commission, consisting of General Bertram, Lieut.-Col. Carnegie, Lieut.-Col. Watts and John Irving. Mrs. Bertram was also with the party. The party, headed by Mr. Thomas, are the guests of Premier Borden, while the other party are the guests of the Nova Scotia Steel Co., of which Mr. Irving is the representative. The private sleeper Rosignol and a government private car were occupied by the party which came in from Halifax yesterday morning and left shortly before noon on their way to Montreal. During their stay in the city the shell commission and Imperial representatives visited the plants which are producing munitions of war here. Proceeding first to the McAuliffe plant in the exhibition building an inspection was made, after which visits were paid to the Vulcan Iron Works, McAvity's brass foundry and the Phoenix foundry. The party were accompanied by George McAuliffe and Glen Fleming. Then in automobiles the Falls, which unfortunately at the time of the visit the tide was high and the falls were not in evidence. Deeply disappointed the visitors returned to the depot and boarded the train.

Members of the party expressed their gratification with the work that is being carried on in St. John in the to organize manufactures of this sort," said one, "but things seem to be progressing quite favorably, and we are in every way satisfied with the work here." The visit of the commission to St. John is largely due to representations made by Hon. J. D. Hazen. Shortly after their arrival several of the gentlemen were the guests of George McAuliffe and Glen Fleming at breakfast at the Union Club, but owing to the brevity of their visit no extensive programme of entertainment could be arranged.

D. A. Thomas and party spent a busy day in Halifax on Thursday. The Nova Scotia Steel Co. plant was visited, where an order for 20,000 shell boxes is under way, and a visit was made to the Starr Manufacturing Company's shell making plant in Dartmouth where the various stages of the manufacture of a shell were witnessed. The visitors were entertained by the Board of Trade. Mr. Thomas has not yet been in Western Canada, but will start on that tour after returning from the Maritime Provinces to Ottawa. He will return to New York for several weeks and then come back to Canada before leaving for England.

## WEDDINGS.

Dwight-Dickson

A wedding of some interest to residents of St. John and other New Brunswick points took place at St. Barnabas Memorial church, Falmouth, Mass., on August 3rd. The contracting parties were Miss Dora Campbell Dickson, daughter of Mr. Mary Roseford Dickson, and John Elidre Dwight, son of Mr. and Mrs. John Elidre Dwight, of New York City. The ceremony was performed by the rector, Rev. Henry Herbert Smythe. The bride was given away by H. G. Rogers, of this city. Thomas Keck, of Falmouth, was the best man, and Kitty Elidre Dwight, cousin of the groom, was flower girl.

After the service the bridal party repaired to the beautiful summer home of the groom's parents, where a dainty breakfast was served. The large number of handsome presents bore ample testimony to the bride's popularity. The happy couple left by auto for a six weeks' tour of the Eastern States and the Adriatic.

The bride was a graduate nurse, and her mother, until recently, was a resident of St. John.

Johnson-Seely.

At the home of Mrs. W. J. Seely, 248 Union street, on Wednesday afternoon her eldest daughter, Miss Estella May, and Maurice H. Johnson, of this city, formerly of St. Andrews, were married by Rev. Mr. Alder, of St. Paul's church. The happy pair left on the evening train for Montreal.

Noonan-Sweeney.

A pretty wedding was solemnized in St. Bartholomew's church, Melrose, July 28, when Miss Katherine Sweeney was united in marriage to William A. Noonan, of Melrose. The ceremony was performed by Rev. Father Landry in the presence of a large number of relatives and friends of the contracting parties. The church was beautifully decorated for the occasion. The out of town guests were William A. Carroll, of Halifax; Mrs. Charles Lawrence, of Boston; and Mrs. Ray, and Mrs. MacKenzie, also of Boston; Mrs. Jerry Holland and family, of Rochester, and Hon. F. J. Sweeney, of Moncton.

## MANAGER OF CANADA RAILWAY NEWS COMPANY

Chas. A. Phelan, vice-president and manager of the Canada Railway News Company of Montreal, is in the city today on a visit. Mr. Phelan has many friends in St. John who will remember him as having been in charge of the news depot at the Union Station from 1889 to 1899. He is a native of Toronto, and looks after the business of the Canada Railway News Co. from Kingston east. Since leaving here Mr. Phelan has prospered in a reasonably satisfactory manner. ## ARE GRADUALLY FILLING RANKS OF BATTALION

Recruiting slow here but brisk on the North Shore - Heavy Artillery.

Three recruits were signed on yesterday went forward to Sussex in the evening. The new men were B. O'Brien of St. John; E. Belton, of England; and J. M. Brown, of Brown's Plains. At the present time the depot company of the 56th at Sussex is slightly in excess of one hundred strong. On Monday, the second detachment to go will contain about fifty men.

A great asset to the life of the soldier at Sussex, is the notable work achieved there by the Y. M. C. A. in James Manning, of this city. The Y. M. C. A. equipment at the camp includes a large marquee supplied by the government, a piano, reading and writing room, as well as quilt and linen baseball. Soldiers are not only to make the social side of the soldier's life as pleasing and whole some as possible.

While the recruiting in and around St. John is disappointingly slow, yet on the North Shore it seems to be very brisk and large numbers of men are responding to the call from Bathurst, Dalhousie and Campbellton.

Until the ranks of the 56th are filled up, it is certain that recruits will not be called for the 64th Battalion. As yet, no transportation orders have been received regarding the heavy overseas battery.

## OPERA HOUSE

The splendid show that Jere Mc Auliffe and the Homan Musical Company have been presenting for the last half of this week will be repeated for a matinee and night performance to day.

Commencing Monday night there will be a matinee every day except Monday. Three complete changes of programme will be made next week the changes coming on Monday, Wednesday and Friday.

**DIVORCE COURT.**  
A session of the divorce court was held here yesterday morning. Mr. Justice McKeown presiding. The case of Maud Nancy Bugless vs. Clement Darlington Bugless was taken up. These parties belong to Albert county, and were married in Pittsburg in 1903. The plaintiff and Dr. James E. M. Carnwath, of Hills-boro, were examined this morning, and evidence taken in Pittsburg under commission was also read. This closed the case. The divorce is sought on statutory grounds. The case is somewhat unusual, as the offence is proved by presumption and not by direct testimony which is usually the case. Judgment was reserved. M. G. Teed, K. C., was the plaintiff's proctor, and the defence put in no appearance.

## ELECTRIC LIGHTS AT ONONETTE, LAST NIGHT, FOR FIRST TIME

Dynamo taken to Fair Grounds to illuminate scene tonight while Patriotic Fair is in progress.

Electric lights throwing their rays on the waters of the St. John river is the last word in suburban enterprise. Ononette had this experience last night when over a hundred electric lights cast their effulgence over the river and lighted up the grounds where the event of the summer season's festivities is to be held today when the Patriotic Fair will be held.

The announcement cards by means of which the committee in charge of the fair heralded today's event, promised prospective patrons that the grounds would be brilliantly illuminated. Being outside the city limits and the electric light zone, one naturally associated Japanese lanterns with the lighting scheme. An agreeable surprise, however, is in store, for the energetic committee has worked out a surprising lighting scheme for the fair and over a hundred electric bulbs will illuminate the grounds. A dynamo was transported to the scene, also the engine necessary to generate the power. The lights were tried out last night and worked well so there is now an added attraction for today's festival.

"All roads lead to Ononette," is the slogan the committee adopted. The weather man's mood is the only uncertainty now, as there is an assurance of a record attendance. All who go will enjoy the programme as there has been nothing omitted that will give the public a good time.

George Warwick has announced everything ready for the big celebration this afternoon, and ventured the opinion that those who attend will be well repaid for their trouble. Weather indications are now favorable, which removes the only remaining doubt. Almost every attraction is included among the ground amusements, and the ladies have worked incessantly to make the refreshment department a success. Mr. Warwick expressed himself delighted with what had already been accomplished by the various committees. Further details seem unnecessary to convince Saturday pleasure seekers that Ononette will be the popular rendezvous for the weekend.

The Mayor and Mrs. Prink, together with the commissioners and their wives have all signified their intention of being present. Steve Matthews, who has figured so prominently in many patriotic entertainments, has very kindly consented to auction the pies, and in this capacity he is said to excel. The C. P. R. have committed plans for carrying large numbers on the 1.10 and 1.20 trains, while those who wish only to spend the evening at the fair will find accommodation on the 5.05 and 6.10. Owners of sail yachts attending the fair are requested to dress ship when coming to anchor.

ANGLE DEEP II SINKS.  
New York, Aug. 6.-The speed boat Ankle Deep II, owned by Count Cassimir Mankowski, sank in Long Island Sound off Prospect Point last yesterday after she had struck a rock on a trial trip. She turned over and sank near City Island, July 9, on her first trial trip, but had been raised and overhauled. She was on her first trip today since that accident, with Count Mankowski and a mechanic aboard. Both men were rescued.

Ankle Deep II was built to replace Ankle Deep, owned by Count Mankowski, which was burned in a cup race in Long Island Sound last year. She was of 500-horse power and cost \$25,000.
