

THINK MRS. DEAN WAS AT THE CLIFTON

Arrived on Boston Boat on Dec. 8, and Went to Nova Scotia

DID NOT LIKE TO TALK OF SUIT CASE

This and Her Appearance Made Suspicion That She Was the Missing Nurse Wanted in Boston.

One of last evening's papers published an article stating that a lady named Mrs. Winchester of Boston, who stayed at the Clifton House on Dec. 15 last was thought to be Mrs. Mary S. Dean the nurse who is wanted in Boston in connection with the dress suit case trial.

The lady who registered on the ship, Mrs. Black of the Clifton, "was very stout, and about five feet ten inches in height."

The woman was sitting in the parlor taking a number of other boarders.

Mr. Black says that she was grey, and looked to be about fifty-two or three years of age.

She was given an early call on the morning of the 16th and presumably left on the seven o'clock train for Nova Scotia.

The collection in the cathedral Christmas day amounted to \$782.50.

The St. Martin's and Upham railway will close down for the winter next Tuesday.

Members of the Brussels street Baptist congregation met Tuesday evening and matters respecting what Rev. A. B. Cobbe had proposed in his letter were discussed and approved.

The recent death of Thos. J. Damery, another prominent citizen of the city at Christmas season and a delegation called upon Mrs. Damery and presented her a substantial remembrance of their departed comrade.

Mrs. Johanna Murphy died in the Mater Misericordiae Home Tuesday after but a few days illness.

OBITUARY

Mrs. George Stewart. Mrs. George Stewart died last Monday in Quebec in the last few days' illness of pneumonia.

Mrs. Lewis B. Mead. Mrs. Lewis B. Mead died Tuesday after a short illness at Byron Hot Springs (N.B.).

Dr. Robert Mitchell. The death occurred here this morning, after a brief illness, of Doctor Robert Mitchell, aged 73 years, one of the best known physicians in eastern Canada.

Dr. March boarded the Montreal at 11 o'clock and found that there were about fifteen cases of measles, and the sick ones with their families, making about sixty in all, were removed to the quarantine station on the island.

Wm. Wightman, Leading S. of T. Worker. A temperance people of this city will be shocked to hear of the sudden death of William Wightman, Most Worshipful Scribe of Great Britain and Ireland, who visited this city last July.

Dalhousie, N. B., Dec. 27-(Special). John Nolan, a prominent farmer of this parish, had a narrow escape from death yesterday.

Weddings. Congratulations to Rev. L. A. Fenwick of Bath, who, on Wednesday, at the home of the bride at Perth, was married to Miss Cassie Stewart.

CHRISTMAS WEDDING AT McADAM JUNCTION. A very pretty wedding took place at McAdam Junction on Wednesday afternoon.

A Smart Albany Woman. Albany, N. Y., Dec. 26-Mrs. Alfred Wilcox, of this city, is the mother of a three days' old daughter, who she names as Lucia.

CASTORIA For Infants and Children. The Kind You Use Always Bought. Bears the Signature of J. C. Watson.

Now Knows That CONSTIPATION Can Be Cured

"Fruit-a-tives" also took away that severe pain in the kid.

No cathartic, purgative, pill, powder or salt will cure Constipation. "Fruit-a-tives" will. Cathartics and purgatives do not touch the liver. They irritate the lining of the bowels. This irritator makes the bowels move, but it so tires and inflames the muscle they won't act again until irritated by another dose of purgative.

Bile from the liver is the only thing that makes the bowels naturally. "Fruit-a-tives" don't touch on the bowels at all, tone up and invigorate the liver, enable the liver to send more into the bowels-and make the liver so strong that it will do regular every day. And bile is nature's daily purgative.

Testimonial of A. McElin, Ottawa, Ontario. Chronic Constipation and Kidney Disease Cured by "Fruit-a-tives".

This is what "Fruit-a-tives" are doing all the time. Not passes in which someone, who has tried pills and tablets and a vein, does not have the same experience with "Fruit-a-tives".

"Fruit-a-tives" are a concentrated combination of fruit juice tablet form. They contain no calomel, castor, senna, jalap, are nature's laxative and liver tonic. They cure Constipation only way it can be cured-by making the liver health causing the bowels to receive their daily supply of bile.

Speaking of this season's weather conditions, D. L. Hatchinson, of the St. John observatory, said last evening that the fall of 1905 and the month of December so far have been most remarkable for mildness.

There has been, he said, an unusual absence of high winds, and so far there has been no such hard frosts as were experienced last December. The snowfall has been less for 1905 than last year, although sleighing came ten days earlier.

The total snowfall for December, 1905, was 12.9 inches, while for the previous month there have only been 7.3 inches.

The first time sleigh bells were heard in the streets this year was on Monday evening, Dec. 19, and the first sleighing in 1905 was the 18th of the same month.

The first snow on the morning of the 22nd, and the 24th of the month, the lowest temperature was 2 below and the highest 8 above.

Christmas day, 1904, was fine and clear, but very cold. Early that morning the mercury hovered round 7 below, while the highest point reached during the day was 6 above, and on the 28th the lowest was 9 below.

The weather was warmer from 4 above the lowest the mercury climbed as high as 22 above before night. Snow began to fall that afternoon and continued falling till 9.30 in the morning of the 28th, when it rained for a short time. There was then enough rainfall, however, to take the snow off, and the 29th was clear and bright.

The mercury again touched the cipher on the morning of the 30th, but climbed to 12 above by fore night. The 31st was very warm in the afternoon. In the morning the thermometer stood at 6 above, but before 9 o'clock, at night, it had risen 30 degrees to 36 with a southerly wind and snow falling to about and rain.

So far the lowest temperature for December, 1905, has been 2 above on the 12th, and the highest 30, on the 3rd. Excepting the gale of Sunday, the 10th, from the northeast, the prevailing winds have been west and northwest. There has also been a marked absence of high winds, the velocity being much lower than last year.

MUCH Milder THAN LAST YEAR TO PROBE CAUSE OF DIGBY MAN'S Stomach of Freeman Weir Sent to Asylum

John for Analysis - Hope He Be Sent to Asylum.

Digby, Dec. 28-Acting Under Secretary of the Department of Agriculture and Fisheries, Mr. H. M. Brown, has been informed by Mr. J. M. G. Brown, of the St. John police station, that the stomach of Freeman Weir, who was found on the beach near the water tower on the 20th, had been examined by Dr. H. M. Brown.

It is the contents of the stomach, which are being analyzed, which will determine the cause of the man's death.

Mr. Brown says that the stomach of the man was found to contain a large quantity of food, which was apparently fresh.

The man was found on the beach at 10 o'clock on the morning of the 20th. He was lying on his back, and his arms were spread out to the sides.

The man was found to be wearing a heavy coat and a hat, and was apparently well dressed.

The man was found to be wearing a watch, which was found to be a gold watch, and was valued at \$100.

The man was found to be wearing a pair of shoes, which were found to be a pair of black shoes, and were valued at \$20.

The man was found to be wearing a pair of gloves, which were found to be a pair of brown gloves, and were valued at \$10.

The man was found to be wearing a pair of socks, which were found to be a pair of white socks, and were valued at \$5.

The man was found to be wearing a pair of trousers, which were found to be a pair of brown trousers, and were valued at \$15.

The man was found to be wearing a pair of shoes, which were found to be a pair of black shoes, and were valued at \$20.

The man was found to be wearing a pair of gloves, which were found to be a pair of brown gloves, and were valued at \$10.

The man was found to be wearing a pair of socks, which were found to be a pair of white socks, and were valued at \$5.

The man was found to be wearing a pair of trousers, which were found to be a pair of brown trousers, and were valued at \$15.
