Why Should Dates Be Conflicting?

In conversation with a member of the executive of the Waterloo Poultry Association on Saturday the question was asked why the show in Waterloo and Kitchener this year should be held on the same dates and a reply to the question seemed to be hard to find. The past few years the show in Kitchener has been held usually in November following the provincial show at Guelph and the changing of the date to that selected by Waterloo did not seem to be in the best interests for which the show was held viz. the better breeding of birds both for market and for egg production purposes. Since the Waterloo Association was former the annual show has been held during Xmas week until this year a change had to be made owing to Xmas coming on a Thursday and in that event a Xmas market would most likely be held on Tuesday proceeding thereby making it impossible to hold the show as formerly. It was learned from our informant that while the number of entries in Kitchener is slightly larger than in Waterloo still more outside breeders exhibit in Waterloo than in Kitchener and the class of birds shown here are on a par with any show held in the province.

It is unfortunate that the dates should conflict this year as large numbers attend both shows but where a change is held in both towns on the same date they are liable to be detrimental to one or both and while the dates have been set for this year it is to be hoped that next year the holding of the show will be arranged on dates suitable to both associations.

Miss Flo Merrill of Toronto who has been visiting friends in town the past few days returned home this morning.

Mr. H. Coggins of Guelph spent the weekend with friends in town.

Mr. R.B. Benton of Stratford was in town over Sunday.

Our report in Saturday's issue which stated that the Waterloo Poultry Association had decided to have the Public school children compete at their annual show should have also included the pupil of the Separate School as well.

Saturday night and early Sunday morning the heaviest snowstorm of the year visited the town and the man with the snow shovel was very much in evidence especially early in the morning. The heavy fall however did not in any way effect the street railway. A

good service being maintained all day.

Although the weather was anything but favorable yesterday services in all the churches both morning and evening were well attended.

Mrs. R. Ferguson and daughter of Stratford spent Sunday with friends in town.

Mr. and Mrs. J. Denham and two children of Hamilton are spending several days with relatives in town.

The sad death took place on Saturday of (Mary Hanck) beloved wife of Jos. Dietrich, St. Agatha Road, the deceased being in her 61st year. The funeral will be held on Tuesday morning at 9 o'clock with interment in the St. Agatha Cemetery.

FRAIL, DELICATE CHILD
Restored to Health by Vinol
Manville R.I.—"The whooping cough—and later the measles left my little boy of eight years with no appetite. Kind, frail, delicate and tired all the time. After everything else had failed, Vinol gave him a hearty appetite restored his strength and he is now as well as ever"—Mrs. James H. Hall.

The beef and cod liver peptonates and glycerophosphates contained in Vinol were just what this little boy needed to restore him to health. We strongly recommend Vinol.

Officer Shot In Raid Yesterday

Guelph Officials Were After Alleged Defaulter.

GUELPH, March 9.—There was a stirring time early this morning at New Germany, a settlement eight miles from this city, when the military police made a raid with the object of arresting alleged defaulter. As a result, one of the Dominion Military Service Police is at the General Hospital here with a bad wound five inches long in his head. His name is Geggus, and his injuries are said to be of a serious nature that may effect the brain. A special nurse has been put on his case. The trouble arose during an attempt to arrest about 30 alleged defaulters under the M.S.A. at New Germany and St. Agatha and the district around Kitchener. Previous visits to that section were not always blessed with results. The police this time chose an early hour on Sunday morning when the men they sought were likely to be in bed.

An Early Raid.
They left here in seven cars at 4.30 o'clock this morning in charge of Inspector Law. There were 10 men in the party, including W. R. Forsyth, W. Doughty, of Guelph, and Geggus. Two of the cars went to St. Agatha and two to New Germany. The first place visited at New Germany was the Hummel homestead, where they took into custody Joseph and Charles Hummel and Tony Singer, father, son and son-in-law, it is claimed by the officers, for failing to report for medical examination under group 2 of the M.S.A. Since, it is said, has his papers, but did not have them with him at the time. There are said to have been some threats from the women folk, but the men are so quietly and are in the cells.

From the Hummel farm the police went to the Berubach house, a mile down the road, and here they met with determined resistance, in which shotguns and other weapons figured. Inspector Geggus, with authority from the province to enter the home, knocked at the door and receiving no reply entered. The others followed. They were met by Mr. Berubach and ordered away, they claim. The officers proceeded to go upstairs, where they had reason to believe Tony and George Berubach were to be found. They allege that the mother threw the contents of a utensil in the officers' faces. Finally they started upstairs, Inspector Geggus in the lead and Forsyth following.

When they reached the top the officers say they were confronted with a rifle, which was discharged point-blank at the officer in the lead. It is this shot which caused the injuries to Geggus' head. He fell backwards on top of Forsyth, and by the time the other officers got up the stairs the man wanted had made their exit, probably by ladder that gave access to the barn adjoining.

Shot From Barn.
The officers then proceeded to leave the house, and as they were they the wounded comrade to the auto and shot was fired from the barn they say. A rush was then made for the latter place, whereupon the two Berubach boys, armed with a rifle apiece, it is claimed by them, started across the fields for the bush. They were pursued for some distance and shots were exchanged between them and the police. While they were making their get-away no one was hit.

They state it was not considered wise to try to force the Berubach boys from their hiding place in the bush, so the police came back to the city, bringing the injured man and the three men in custody. As they left the place the police say Berubach sat on the doorstep with a rifle across his knees.

There is some expectation that the Berubach boys, one of whom works in Kitchener and the other with his father on the farm, will come and surrender themselves, though they are alleged to have said they would never be taken. Late tonight the other four cars had not returned from St. Agatha, where in addition to some men prisoners they expected to arrest women, charged with hiding M.S.A. defaulter. No word of any trouble there has reached Guelph so far.

Letters to NewsRecord
Kitchener, Ont., March 10, 1919.
Dear Sir:—

Just a line or two. I like to refer to Mr. Gross as a working man we always consider him to be a working man's friend. In one instance I was

greatly surprised. We had a visitor here, Mr. Mayor McBride of Brantford. The fact that he was to come was published in our paper the night before. Why didn't Mr. Gross, our mayor, welcome Mayor McBride?

Yours as a WORKINGMAN.

CANADIAN RECONSTRUCTION ASSOCIATION URGES IMPROVEMENT OF INDUSTRIAL RELATIONS.

Throughout the English-speaking world, one of the outstanding facts of industrial life is the movement for improvement of relations between capital and labor. In Great Britain, there has been a remarkable response to the recommendations of the Whitley Committee for the establishment of industrial councils. In the United States, there is a marked movement towards a like recognition of labor. One of the chief objects of the Canadian Reconstruction Association is "to improve the relations between capital and labor, and to emphasize the advantages of consultation, and co-operation." In addition to the speeches of the President and other members of the Association urging recognition of the human rights of labor and of the principle of collective bargaining, the Association has published a special pamphlet reviewing movements in Great Britain, the United States and Canada to effect a better understanding between employers and workers. Copies of this pamphlet entitled, "Industrial Relations," may be secured from the Head Office of the Association, Royal Bank Building, Toronto.

G.T.P. Railway in Receiver's Hands

GOVERNMENT BEGINS OPERATIONS OF THE LINE TODAY
Sir Thomas White to Explain Situation.

OTTAWA, March 9.—An official announcement was made today that Hon. J.D. Reid minister of railways, has been appointed receiver for the Grand Trunk Pacific Railway and that, starting to-morrow the line will be operated under such management. This is recognized as a big development in the railway situation. Sir Thomas White will go into the whole matter to-morrow in the Commons. He takes the position that while the salient facts are set forth in the statement, Parliament is entitled to the first detailed statement.

The company it is believed, in deciding to quit saw no such turn of events as that which was leaving a baby on the doorstep of the Government and possibly to stand from under its financial obligations. The War Measures Act however, which includes the G.T.P., which includes the branch lines, telegraph steamships, hotel and other companies agrees to conform.

Mr. W.P. Hinton general manager of the G.T.P. system has agreed to conform to the requirements of the order and to facilitate the carrying out of the powers and duties required of the receiver. The immediate object of the order is to prevent interruption in the operations and management of the system.

An important feature of the order-in-council is that which preserves to the Government any other and ultimate remedies which it possesses under the provisions of trust mortgages securing the G.T.P. The order also includes the rights and remedies of other parties are not interfered with by the order.

The acting premier will, on Monday, make a full statement to the Commons respecting the matter. He will lay upon the table a copy of the order-in-council and read the correspondence leading up to it, and the action taken by the Government.

Legislation will be at once introduced for the purpose of obtaining the sanction of Parliament to what has been done.

In February the Government informed the officials of the G.T.P. and the G.T.P. Railway companies that it was not the intention of the Government to ask Parliament to provide a further vote for the G.T.P. while the negotiations with the G.T.P. companies remain in their present unsatisfactory condition.

corporations it feels that it might as well take them over. It is believed here that when the other day the company met interest on its bonds in London, it had as its object preventing a receivership which could not be asked for when it was not in default. This condition was likely to be used as a basis for a suggested loan to tide over the situation.

The Government could not see it in that light. Emphasis is laid on the fact that the developing which has now occurred in no way relieve the Grand Trunk of its obligations. It is the guarantor of bonds to the amount of \$97,301,252, which there have been advances to the G.T.P. by it of \$33,179,728 so that the total interest in the company by the parent corporation is about \$123,280,980. Government guarantees of bonds aggregate \$78,450,000 and loans \$40,000,000.

The immediate result of the situation is that as the company fails to operate the line the Government will do it. The next step will be when more money comes due. If the company like, the Government, is able to meet its guarantee the situation will continue. But it is not seen how the Grand Trunk can afford to pay its obligation in view of its earnings and expenses and for the whole system east and west to pass into the hands of the Government is expected.

The Government has been anxious to get the parent company, but not the G.T.P., the former being needed as a feeder for the Canadian National System in the East.

Company Agrees.
Ottawa, March 9.—Hon. J.D. Reid minister of railways, has been appointed receiver of the G.T.P. Railway system. The appointment follows an official notification which Sir Thomas White received on Thursday from the vice-president of the G.T.P. that in view of the fact that increased rates applicable to the G.T.P. have not been sufficient to meet the increased operating expenses, it would not be possible for the company owing to its lack of funds, to continue its operations beyond March 10.

In view of this notice it became necessary that the Government should in the public interest, immediately take steps to insure the continued operation of the system. Under existing legislation this can be accomplished by an application to the courts for the appointment of a receiver. The War Measures Act however was found to provide adequate authority for action by the Government and consequently an order-in-council was passed appointing the Minister of Railways receiver of the G.T.P., which includes the branch lines, telegraph steamships, hotel and other companies agrees to conform.

Mr. W.P. Hinton general manager of the G.T.P. system has agreed to conform to the requirements of the order and to facilitate the carrying out of the powers and duties required of the receiver. The Special Services at Benton St. Baptist

The services at the Benton St. Baptist Church were of special interest yesterday. The large choir has been well trained under the able leadership of Mr. Carr and sang at all three services. Mr. Carr himself is a most attractive singer, and knows how to get the entire audience to sing very heartily.

Dr. Neighbour in the morning called upon the Christians to follow God all the way, always proving from Scriptures that it is this that God expects from those who profess Him. In the afternoon the people began to gather

In the church at 2.30 though the meeting was scheduled for three o'clock, at which hour there was a large congregation present. Dr. Neighbour spoke on "Gods Eternal Mists". Man must be born again. God must give His Son. Man must preach the gospel. The meeting was one of intense interest for the audience was visibly moved as the speaker pleaded with men to accept the salvation provided by God rather than that of their own works. Again in the evening people began to come early and soon the church was filled. The subject for the service was "The Sorrow unto Death." People, said Dr. Neighbour, do become sorry for their sins, but it is usually when their sin has brought some great calamity upon them. After the suffering of the consequences of the sin have been removed then men go on in sin again as before. Such men do not admit of his sin until he was found out. When David and the Prodigal admitted of their sin God forgave them. Their repentance was sincere. It was a repentance not unto death. Dr. Neighbour spoke more than an hour, yet all that time the interest of the audience did not seem to wane for a moment. This evening the subject will be "The Blood on the Door Post." Tomorrow morning: "Jesus in the Midst." The meetings will be held throughout this week. Next week Dr. Neighbour will begin a series of services with the Baptist Tabernacle in Atlanta, Ga.
