

ADVERTISEMENTS

- THE -

Province of Nova Scotia

HAS MANY INDUCEMENTS
FOR SETTLERS.

IT HAS abundance of wood for pulp and allied industries.

IT HAS abundance of Coal, Iron Ore, Copper Ore, Gypsum, Marble, Antimony Ore, etc.

IT HAS also extensive Gold Fields. Its Mineral Deposits are worked to a considerable extent, and valuable mining investments can be secured at a low rate from the Provincial Government.

~~~~~  
**Fruit** \* The Counties of Kings, Annapolis, and part of Hants,  
\* Lunenburg and Yarmouth, in the production of Apples.  
\* \* \* \* \* Pears and Plums,

~~~~~  
OUTRIVAL ANY COUNTRY IN THE WORLD.
~~~~~

The Province, from one end to the other, is well adapted for

**STOCK-RAISING,**

**Both Sheep and Cattle, And for Dairying.**

The climate is moist, keeping pastures green throughout the season, and without excessive heat. The quality of Butter and Cream made is equal to any from the West.

**Nova Scotia is likewise celebrated for its large Lumbering and Fishing Industry.**
