The original photographic film contains

2400 MOVING RACE PICTURES OF DAN PATCH 1:55

and every one of these pictures shows the King of all Horse Creation as plainly as if you stood on the track and actually saw the mighty Dan Patch 1:55 in one of his thrilling speed exhibitions for a full mile. Just think of it! 2400 moving pictures taken of Dan in one minute and fifty-five seconds means 21 pictures taken for every second all of the way around the entire mile track from the back seat of a high power automobile.

You can see Dan shake his head to let his driver know that he is ready and then you can watch every motion of his legs as he flies through the air with his tremendous stride of 29 feet. As a study of horse motion alone this is better than if you saw the actual speed mile because you can see Dan Patch right before you for every foot of the entire mile and not a single motion of his legs, body or head can escape you. You can see his thrilling finish as he strains every nerve and muscle to reach the wire in record breaking time, you can see his driver dismount and look at his watch while thousands of people crowd around, you can see his caretaker force his way through the crowds, uncheck Dan and then throw a beau-

tiful woolen blanket over him to prevent catching cold and then you can see him walk up the track before the madly cheering multitude.

Wherever this wonderful moving picture, of the fastest harness horse in the world, is shown, people involuntarily call out "Come on Dan"—"Come on Dan." This marvelous moving picture of Dan Patch pacing a great mile is the most realistic and thrilling picture you ever saw. It does not need a machine, it does not need a curtain and it does not need a light. It is all ready to show instantly, either once or a hundred times and creates a sensation wherever shown.
