

Dearest, and will advise you.

In the meantime, we have a very
strong Com paper going on in Kingston
I believe, about the farmer, and it
should bring results;—

Let stand by all means against me
and let the men lined up who will
lead this paper and follow you—

I think P. A. Curtis is leader would
be the final joke and certainly make
Quebec sicker than ever.

What does Charly Beantkin want?
Why does he stay out? He talks to
me in riddle, there is some of influence
that I cannot follow—

Yours etc
