TRANSLATION

(Extract of speech of Dr. H. Deslauriers, at Inauguration of 'Club Martin'
at Parc Lafontaine, Montreal, July 1926.)

"The Customs Probe has revealed nothing added Mr. Deslauriers. It has served only to soil us and anger the populations of the other provinces against us. "I do not want to criticise the Governor General, nor do I want to speak of him, but I will say that he has been Mr. Meighen's election agent."

"Byng felt more powerful than the people. It had been said that Mackenzie King being too much in favour of autonomy to attend the Imperial Conference, Mr. Meighen "the valet of the Empire" should be present in his stead! And for this reason, access to power was facilitated Mr. Meighen."
