Gentlemen,

I beg to inform you that Policy No 9369321 of the Royal Indurance Co has been received. The Department can not, however, accept the same until a lightning clause is ~~inserted~~ attached thereto, What is required is a clause providing that damages caused by lightning (whether a fire ensues or not) will be made good by the Company. Kindly forward such a clause, as soon as possible, to be attached to the Policy.

Your obedient servant.
