

# A Quiz

How many workers are *paid* what they earn? Are you? If not, why aren't you?

Are you satisfied with your present position? What about the future?

Do you know that business houses prefer stenographers or book-keepers who have had experience?

Can you earn \$10 to \$40 per week? Would you "hire out" at that money? Have you a cent's worth of interest in these matters?

If so, why not address a card to the H.C.S.?

MARKHAM, ONT., October 9th, 1902.

To Whom It May Interest:-

I am a graduate of the Home Correspondence School, and wish to express my appreciation of the courses and the excellent training given by the School.

Under their guidance I studied Stenography, and so well was the work laid out and so beneficial the instruction I received that, by studying only two hours per day I was able to complete the course in three months. I then studied Touch Typewriting, completing this course in six weeks. I found both courses not only simple and instructive, but decidedly interesting, and this interest was sustained throughout the course by the helpful suggestions and individual assistance I received from the School.

Almost immediately after receiving my Diploma I was offered a position with the King-Richardson Co. of Toronto. Here I had every opportunity of examining the different courses and learning more of the methods of teaching employed by the School. Not until then did I fully realize what a great work the School was doing, and the letters of appreciation that were daily coming in from students and graduates only served to show that great results were bound to follow. After I had been with the King-Richardson Co. for several months, I was offered a position with the Speight Wagon Co. of Markham, and left the city in June. Since that time I have been offered positions with the Algoma Central Railway Co., of Sault Ste. Marie, and the Steele-Briggs Seed Co. of Toronto, but at each intimation of leaving my salary has been increased, and I am still with the Speight Wagon Co., receiving an excellent salary, with prospects of further advancement.

I am confident that whatever success I have attained in my work, I owe to the Home Correspondence School, and I believe it to be far superior to a Business College in that it teaches and develops perseverance and self-reliance, which go a long way towards making any work a success. I can without hesitation recommend this School to all who wish to fit themselves for higher and more responsible positions, and I believe there is no surer, safer and easier road to knowledge and success than the H.C.S., opens up through its well planned courses.

Sincerely yours,  
R. ELIA HINDSON.
