are sold on a guarantee of unqualified superiority in every feature which makes for value,

- Capacity
- Convenience
- Construction
- Clean Skimming

They cost no more than inferior machines: GET ONE.

The Empire Dealer Has The Cream Separator That Will Suit You in Price—Style and Size

THERE is no such thing as the one best cream separator in the world for all men. Dairy farmers are tired of the manufacturer with one style that he tries to fit to all needs. Don't let him talk you into his way of thinking, just because he has nothing else to offer.

Take your choice as to bowl device or method of separation—your choice as to size and capacity—your choice as to price—from Headquarters for Quality Cream Separators. We make both the models that are recognized as standard, and make a full range of sizes in each style. All are the same in quality—better than any other made at any price.

The Empire Line

FRICITIONLESS EMPIRE

Includes The Frictionless Empire—The Empire Disc

Both are backed by the same Empire Guaranty, as good as a Government bond. Into each, regardless of price, we have put Empire patents, Empire materials, and Empire workmanship—which have always stood for perfection.

CONE BOWL. This type of bowl is used in the Frictionless Empire, along with many other exclusive features. It is the original Empire. Others have approached as near as they dare to this favorite model—but that isn't very near. Hundreds of thousands are using the Frictionless Empire and would have no other.

DISC BOWL. The Empire Disc takes its name from having this type of bowl. The disc bowl is an old pattern and other disc separators are old idea machines. The Empire Disc is the disc idea modernized and perfected. As a result it is the closest skimmer in the world, turns most easily, is easiest to clean, and has a life-time of service in it. Empire designers and experts have the necessary "know how," and they are backed up by the best facilities, the best materials, the best factory and the best mechanics. That is the secret of the superiority of every Empire.

Different in Style—Not in Quality—All Sizes in Each Style

They differ in price because one style costs more to produce than the other. There is not a second grade machine in the Empire Line. But as one model costs less than the other, we give you the benefit.

A Guide Book For Cow Owners FREE

Write today for the Empire book, the fairest, most impartial cream separator book ever published. As it describes different kinds without prejudice, it will enable you to select the separator that will make the most money for you. And you'll get it for nothing. Prices and Guaranty interesting.
