Why Red Rose is a "Distinctive" Tea

Because it is largely composed of the fine teas of Northern India, which are generous in strength and richness.

N.B.—Coffee users will find Red Rose Coffee as generally good as Red Rose Tea.

A TALK ABOUT SLAG.

In buying Basic Slag it is of the utmost importance that the Farmer should know just what he is buying.

He should remember that "High Grade," "Best Quality" and such terms are absolutely without significance and may be and are used by unscrupulous sellers to cover most inferior goods.

The Government requires for the protection of the farmer, that the guaranteed analysis shall be either branded clearly on the bag or that a card with this information be attached to each bag.

Study carefully this analysis and remember that a Basic Slag guaranteed 14 p. c. Phosphoric Acid does not give you 14 p. c. available Phosphoric Acid. The Phosphoric Acid that is important is the percentage of Soluble Phosphoric Acid.

A Basic Slag guaranteed 14 p. c. Phosphoric Acid may have only 75 p. c. of the 14 p. c. Soluble or in other words, available. Basic Slag sold on a guarantee of 10 p. c. Total Phosphoric Acid at 75 p. c. solubility contains only 150 lbs. of Soluble Phosphoric Acid to the ton.

Here is a little table that will be of use to Farmers.

ENGLISH FOREIGN SLAG SOLD UNDER A GUARANTEE OF—

Total Phosphoric Acid Solubility Soluble Phosphoric Acid in Every Ton

10 at 75 p. c. contains 150 lbs

12 to 14 at 75 p. c. contains 180 lbs

14 to 16 at 80 p. c. contains 192 lbs

14 to 16 at 75 p. c. contains 210 lbs

14 to 16 at 80 p. c. contains 224 lbs

Sydney Basic Slag Guaranteed 12.8 p. c. Soluble Phosphoric Acid contains 256 lbs.

Farmers should bear in mind that English and other Foreign Slags of high grade cannot be imported and compete in value with the Sydney make.

Heavy freight rates across the ocean would make high grade Slags too dear, it is only low grade foreign Slag that can be sold at the price of the Sydney make.

Looking at this Slag business from every standpoint a farmer cannot afford to buy any other than the Sydney make.

The Cross Fertilizer Company who make the Sydney Slag have a reputation for living not only up to but beyond their guarantee.

On April 29th, 1912, the Government Inspector for Nova Scotia drew a sample of Sydney Slag from stock held by the United Fruit Companies at Berwick.

Romantic Wedding at Rockingham

LANG-MUIR

Another chapter was added to a romance by the Rev. R. B. Layton, B. Deane, Rockingham, on April 7th.

When Mr. Eben Lang and Miss Mrs. Steele Heys Muir were united in marriage.

Miss Muir arrived on Sunday from Glasgow, Scotland, by the Scandinavian, on which were several other Scottish brides to meet their husbands.

Mr. Lang, formerly of Glasgow, is now a horticulturist in Hortonville, Kings County.

The bride was the recipient of many beautiful and costly presents.

Among the guests were, Mrs. Taylor, of Bridgewater, Mrs. S. Waddell, Mrs. Smith, Miss Marshall, Mr. and Mrs. T. Cossman, Mrs. Josy and Miss Fielding.

After an elaborate luncheon was served, the bridal party left on the afternoon train for their future home at Hortonville.

Be Loyal to Your Town

If you have made up your mind to live in a town, then stand up for it, and if you know positively no good, then silence is golden.

Do all you can to help along every man who is engaged in legitimate business.

Do not send away for anything nice you want and still expect the home men to suit the whim of one or two possible purchasers.

The success of your fellow townsmen will be your success. No man liveth to himself and no man does business independent of his fellow business men.

Take your home paper. Do not imagine that the big dailies fill up all this space.

There are many crevices of good cheer, social sunshine, personal mention in the home paper the big dailies do not print.

Then do not abuse your neighbor. The small difference in the number of his faults and your own is you see thru a magnifying glass that as a critic, the ill-mannered, the croaker, can do more harm in a minute than two good citizens can repair in a month.—Ex.

Zam-Buk in The Home

Read How Wonderful it Proved in These Widely Different Cases

Zam-Buk's strongest point is its effectiveness in all kinds of skin diseases and injuries.

Just note how excellent these persons proved it in widely different directions.

Sore Heel—Mrs. C. A. Campbell, of Powassan, Ont., writes: "One of my heels was very badly blistered by a pair of new shoes, and the poisonous dye from my stocking got into it, and made a bad sore.

For a week I could not put on a shoe, and suffered great pain. I applied Zam-Buk, and in a few days it drew the poison out and healed the wound."

Bad Cut—Mrs. J. Virgint, of Orono, Ont., writes: "Zam-Buk healed a bad cut which I sustained. I was hurrying across my yard one day when I slipped and fell heavily, my knee striking a sharp stone. At the moment I did not realize how badly I was hurt, but I found I had a bad cut about two inches long, very jagged and very deep.

We bathed the cut and applied Zam-Buk. This stopped the smarting very quickly, and in a few days it had healed the wound completely. For cuts and bruises Zam-Buk is a splendid remedy."

Eczema Cured—Mrs. Antoine Arsenault of Maxiamville, P. E. I. writes: "I can highly recommend Zam-Buk to any person suffering from eczema. I had this disease and was under doctors' treatment for two years, without any good result. I then tried Zam-Buk and in the end it cured me."

Zam-Buk is just as good for piles, blood-poison, festering sores, pimples, eruptions, cuts, burns, bruises, and all skin injuries and diseases.

Increasing the Consumption of Apples

In several cities a little advertising in daily papers has served to greatly stimulate the consumption of apples, and wherever tried the plan of creating a demand for apples in this way has been successful.

Perhaps the freezing of the California orange crop, which checked the demand for oranges, may have helped, but it is certain that the advertising did much good.

Now if we could only have a national advertising campaign for this purpose the results would be very far-reaching, and the cost would not be great either.—Ex.

AN OPEN LETTER

Results So Surprising That They Seem Marvelous Are Commending Mi-o-na The One Dependable Stomach Remedy

Mrs. J. A. Pillow of North Street, Gananoque, Ont., says, "Mi-o-na is worth its weight in gold for quickly and permanently curing dyspepsia.

I became so bad that I was unable to leave my bed. There was a constant burning in my stomach I would get up every few minutes and could eat but very little, as the food would quickly ferment and make gas that caused a serious depression of the heart.

Persepiration would break out all over my body, I would become so weak that I could not stir and would often fall on the floor in a helpless state.

The pains in my stomach were terrible. I could find no position in which to sit or lie without suffering, and I was so nervous that the least noise affected me.

Headaches were constant. I would become dizzy and spots would appear before my eyes. I had no ambition to get around and everything seemed to tire me.

The first box of Mi-o-na gave me more relief than anything I had previously tried.

The second box of Mi-o-na cured me. I am well and strong and I have not had an hour's suffering since. I will always feel grateful to Mi-o-na for the cure given me and glad to recommend."

In the face of such evidence it is easy to understand why J. D. Clark feels assured in saying to you, money-back if Mi-o-na fails to relieve either trivial or serious stomach trouble.
