

Gleaned by the Way.
So, woman, you treasure another man's photograph?
Don't be foolish, Henry. This is a portrait of yourself when you had hair.
Jess—Did he tell you that he loved you?
Tess—No, but he hugged me.
Jess—That's a roundabout way of letting you know.
Colds on the Lungs.
Mrs. John A. Wilson, Little Belgium, N. B., writes: "I cannot praise Dr. Chase's syrup of Marshmallows too highly for it cured my children of severe colds on the lungs and when they had whooping cough gave them relief from hard coughing and soon cured them." This treatment is a positive cure for croup.
Redd—Is it a fact that you have given your automobile a name?
Green—Yes, named it after my wife. Because it is unmanageable!
No; because it is always running people down.
"The bridegroom," remarked the minister's wife, after the happy couple had departed, "seemed to be rather shy."
"Yes," rejoined the good man. "He gave me only a dollar."
Confidence in Dr. Chase.
The wonderful confidence which people have in Dr. A. W. Chase is based on the reliability of his famous Receipt Book and the proven efficacy of his great family medicines. For example, Dr. Chase's Ointment is the only positive and guaranteed cure for every form of itching, bleeding and protruding piles.
Woman of the House—A big, strong fellow like you ought to be willing to work and earn his own living.
Languid Luncheonist—That's what all right, but me muscles is all right, but me will power is all gone.
Pedestrian—I tell you the dog does not belong to us.
Police—Then why does he follow you?
Pedestrian—I don't know. You are following me, and you don't belong to me.
Farmer Barnes—I've bought a barometer, Hannah, tell when its grain'r ain, ye know!
Mrs. Barnes—To tell when it's grain'r ain! Why I never heard of such extravagance! What do ye 'pose the good Lord had give ye th' rheumatiz fer?
"I believe," declared the Irishman, "that me youngest son's born't be a surgeon."
"That leads ve 't say thot?" asked his friend.
"Oh, caugh him usin' th' scissors on a book O'd lately bought an' before O'd stop him he cut 'out th' appendix."
\$100 paid by Dr. Shoop for any recent case of Catarrh or Croup. Cold that is cold for an offer! The Doctor's supreme confidence in these Little Cold Cure Tablets—Prevention is certainly complete. It's \$100, against 25 cent box of Preventive, no quinine, no laxative, nothing harsh no sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventives 25 cts. A. V. Rand.
Landlord—Washington once slept in that bed you occupied last night.
Guest—That's more than I could do.
"An auctioneer's business is a paradox." "Nervine"—it is noted for curing rashes, swellings and stiffness and sore muscles. For internal use in curing cramps and colic, Nervine is a perfect marvel. In every good train, carry Nervine and prove how invaluable it is. Good for man or beast, 25c per bottle at all dealers.
Fertilizing Strawberries.
After a careful study of the anatomy of the strawberry plant, the Wisconsin station is of the opinion that a liberal top dressing with fine manure after the fruiting season is the most rational method of fertilizing the strawberry plantation. This dressing protects the crown of the plants from excessive summer heat and furnishes the young roots with abundant nourishment throughout the growing season, developing strong plants which are able to store up in the short stems a good supply of reserve material for the first leaf growth the following spring.
Remember that when the Stomach digestion must always follow. But, strengthen, these men seek inside horses with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pain, palpitation, or Kidney weakness is found. Don't drug the Stomach, we stimulate the Heart or Kidneys that's wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. A. V. Rand.
Sixty years ago a pretty Chinese girl was sold as a slave. Today she is ruler of half of Asia, and holds despotic sway over some 400,000,000 people. She is Teu-Hai, Dowager Empress of China.
Tubing or dry Coughs will quickly become chronic when Dr. Shoop's Cough Cure. And it is so thoroughly harmless that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a long building mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It soothes the rough and hoarse sensitive bronchial membrane. No opium, no chloroform, no toxic, harsh used to injure or enfeeble. Demand Dr. Shoop's. Take no other. A. V. Rand.

'Hello Girls' Draft Set of Rules.
The "Hello Girls" in the employ of the Citizens' Telephone Company of Kenosha, Wisconsin, recently drafted the following set of rules:
If you have a telephone in your office or store, call up central and then go and wait on your customers. Of course, central can afford to wait, as she has nothing else to do.
Take your time about answering your bell, or, what is a great deal better, do not answer it at all, but wait a half an hour then ring up and get mad if central has forgotten who it was.
Hang up the receiver, big end up, as in this way it gets full of dust and out of order and this will furnish you with an excuse for swearing at the telephone system. When through talking drop the receiver or throw it down. This allows the batteries to run out and breaks the strands on the receiver cord. This gives you another excuse to kick.
Throw keys, combs, etc., on top of your telephone, which will short circuit your instrument, then go to sleep and no one can tell you.
Never speak kindly to the operator, as she is more used to being called names.
If the person you call does not answer you, blame central.
Never call by number, as you don't have time to look in the directory, and central has busy to burn.
If you get a busy signal take an axe and knock the transmitter off. This improves the service very materially, and pleases the manager.
Medical Science Advancing Fast.
Formerly doctors prescribed stomach treatment for Catarrh and Bronchitis. They seldom cure and Catarrh has become a national disease. To-day the advanced physician fights Catarrh by medicated air. He fills the lungs, nose and throat with the antiseptic vapor of Catarrhoxone. Cure then is certain. Easy for Catarrhoxone to cure. It contains the essence of pure pine balsam, touches all the germs and destroys the disease. Every case of Catarrh, Bronchitis and Sore Throat can be cured by Catarrhoxone, 25c. and \$5.00 sizes. Sold everywhere. Get it today.
Mrs. Brown, living in the country, had five trunks carried up to the station, some three miles away, by an old man. The day was very rainy and the old fellow was soaked through as he drove up to the door.
Mrs. Brown (with sympathy)—Why, Hamilton, you must be wet.
Hamilton (shivering)—Ye-es, ma'am.
Mrs. Brown—Aren't you afraid you'll take cold, Hamilton?
Hamilton—Yes. Rheumatiz pretty bad, ma'am.
Mrs. Brown—Don't you ever take something when you are soaked through, Hamilton?
Hamilton (eagerly)—Ye-es, ma'am (Rubs the back of his head against his mouth).
Mrs. Brown—Well, here are four two-grain quinine pills, Hamilton. Take them as soon as you get home.
Have You a Horse?
If you want to keep him in shape, never let him suffer pain. Rub on "Nervine"—it is noted for curing rashes, swellings and stiffness and sore muscles. For internal use in curing cramps and colic, Nervine is a perfect marvel. In every good train, carry Nervine and prove how invaluable it is. Good for man or beast, 25c per bottle at all dealers.
Fertilizing Strawberries.

Queen Alexandra's Pets.
Her Majesty, the Queen, often has strange pets given to her. Once she accepted a goat from the captain of a ship who had rescued it in romantic circumstances from a desert island, and in course of time the animal had three kids, which the Queen and her daughters used to feed from bottles. It is, or should be, well known that royal personages do not accept gifts from anonymous persons or from strangers, but the rule was once broken in favor of a black puppy. This fascinating little creature arrived one morning at Marlborough House wrapped up in cotton wool and enclosed in a box, addressed to the king and queen. It was named Fluffy, and remained all its life an inseparable companion of its royal mistress. Perhaps her most famous pet was Rocky, a brackbebe, too extraordinary in wisdom and beauty, who dwelt for many years in the then Princess of Wales' kennels. She had to be bathed in the kennels because she developed a habit of shrieking like the whistle of an express engine. She has just been presented with a beautiful specimen of a chow dog, brought direct from China.
DARK BROWN TASTE.
Your Head Aches
Tongue is Coated
Mouth Tastes Bad
Stomach is Sick.
The Grassy Juice is Not Doing Their Duty and You're in Grip of Nervous Despair.
A hot bitter fluid, and sour indigestible food rise in your mouth. Your vision is crossed with specks that float before the eyes. Very shortly you'll have nausea, rank breath, and sleepless nights. What you need is Ferrozene. It regulates the gastric juices, puts new life into the stomach, braces digestive powers, gives the aid that's so badly required. Ferrozene is the best treatment because it goes to the root of the trouble, remedies the conditions that cause dyspepsia and thereby cures permanently. If you want proof, read the experience of Mr. E. Davidson, a well known resident of Portland, who writes: "Ferozone is beyond doubt a most powerful cure for indigestion and weak stomach. I was so badly disagreed with me that I was almost afraid to eat. Pastry and starchy foods fermented, caused sour risings and gave me headaches, brown taste, offensive breath. I grew weak, my weight ran down fifteen pounds and my looks fell off. Ferozone put me on my feet again. It braced me up, renewed my digestion and made me a well man." Doctors and patients alike speak of the merit of Ferrozene. It is different from other remedies, different because it cures so you stay cured. Try it, sold everywhere in 50c boxes.
What Newspapers do for the Mail.
Many people have been led to believe that the cent a paper mail rate accorded by the post office to publishers mailing their papers and magazines is bulk was the cause of actual loss to the government. In a recent discussion of the subject, a writer maintaining this thesis asserted that the publications enjoying these so-called second-class privileges paid only four per cent. of the postal revenues. Whether this estimate is correct or not it is of little importance; the fact which is important, and which is both and thoughtless critics ignore, is that the granting of the second-class privilege has brought millions of profitable first class business to the postal service. It is on record in the archives of the postal commission, which set in New York in October, 1906, that a single advertisement in a publication enjoying second-class rates was the cause of the writing of more than 3,000 letters. This case might be multiplied by thousands, and it would be shown that, far from being itself the cause of a deficit in the postal revenues, the second-class privilege created by the profitable business it creates, goes far to make up for the losses occasioned by mere delivery, the ridiculous abuses of franking privilege, and the failure to credit the Postoffice Department with the mail carried for all other government departments.—Leslie's Weekly.
Question for Every Reader.
If you could find a simple vegetable remedy for keeping all organs healthy and strong—wouldn't you use it? Most pills are harsh, cause pain, and sick stomach. Dr. Hamilton's Pills are different—they regulate and cleanse the system so gently, act so silently you scarcely realize you've taken medicine. You are cleansed—appetite improved—color clear—sleep is restored. Every man, woman and child is helped by Dr. Hamilton's Pills. Try a 25c. box.
New Brunswick's Rhodes Scholar for 1906 will be Rupert M. River, B. A., of Carleton, who has been nominated by the faculty of St. Joseph's College. He graduated from St. Joseph's in 1905 after a course marked by exceptional brilliancy and by faithfulness in study. He was known as a young man of particularly worthy character and his fitness to represent New Brunswick and the assistance that he will bring credit to his Alma Mater will not be doubted by any who know him. At St. Joseph's Mr. River did especially well in his classics and mathematics. He also speaks French as fluently as English.
Lane Shoulder.
Whether resulting from an injury from rheumatic pain, there is nothing so good for a lame shoulder as Chamberlain's Pain Balm. Apply it freely and rub the parts vigorously at each application and a quick cure is certain. For sale by Rand's Drug Store.
If starched clothes are very stiff, wash them in warm water. They will then fold and press into shape with much less work if they are sprinkled and let lie in a heap for an hour or so before folding.

WOMAN'S BACKACHE
The back is the main spring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pain in the loins, weight in the lower part of the body, that a woman's feminine organic needs immediate attention. In such cases the one sure remedy which speedily removes the cause, and restores feminine organism to a healthy, normal condition is Lydia E. Pinkham's Vegetable Compound. For six years I have been doctoring for female weakness, heart and nerve, liver and kidney trouble, but in Lydia E. Pinkham's Vegetable Compound I found a sure cure. "I was continually bothered with the most distressing backache, headaches, and bearing down pains, and I kept growing more and more nervous."
"Lydia E. Pinkham's Vegetable Compound relieved me of all these distressing symptoms and made me a well woman. I would advise all suffering women, young or old, to use Lydia E. Pinkham's Vegetable Compound."
FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

WOMAN'S BACKACHE
The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy.
Charles H. Fletcher
All our counterfeits, imitations and "just-as-goods" are put up by the unscrupulous and endanger the health of infants and children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, Croup, Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Charles H. Fletcher
The Kind You Have Always Bought
In Use For Over 30 Years.

The regular business meeting will be held in Temperance Hall on the 3rd Thursday of each month at 8.30 o'clock.

Help Men to be Sober.
It is one part of the work of temperance reform to seek to vindicate the cause by legislation—to secure prohibitory enactments wherever their enforcement is practical and elsewhere to make restrictive legislation as severe and effective as possible for the limitation of the evil of the traffic. But the work of the temperance reformer has another side, though legitimate and highly important, is not perhaps regarded in that light as it should be. To close the saloons to a man who is addicted to the use of strong drink is good so far as it goes, but it needs to be supplemented with something which shall help him to overcome his appetite and arouse in him the ambition to lead a sober and useful life. The man who prefers drunkenness to sobriety will generally find the means of getting drunk under any form of temperance legislation. But there are many men—especially in our larger towns and cities, who could be helped out of their state of drunkenness by the sympathy and encouragement which might be given them by those who are standing on firmer ground. A very encouraging evidence of this is found, we think, in the work which the Every Day Club of St. John is doing and has been doing for more than a year past. The work which is being done by the club deserves encouragement, and we hope to see it placed on a permanent basis and its scope enlarged. The Baptist Times and Freeman of London notes the success which has attended an attempt to provide counter attractions to the public house in Middlesborough, and thinks the experiment might be well imitated in other places. A few months ago a spacious hall was erected with glass roof and artistically tiled walls, furnished with an abundance of chairs and tables and opened as a winter garden. The name is justified by a sufficiency of hanging and other plants to give the hall a festive and sentimental appearance. A band plays every night, games are provided, and non-alcoholic refreshments are supplied at a nominal price. Smoking is permitted as a matter of course. The hall is open all day and is kept at a pleasant temperature in the winter by means of hot-water pipes. One penny is charged for admission. That such a place does act as an effective counter attraction to the public house is proved by the fact that, since this winter garden was opened, three months ago, the daily attendance has been nearly 1,500, and on some occasions it has been too small to accommodate all who wished to enter.

The Look of a Child.
"I remember that the greatest lesson I have ever learned in my life," said the by-stander, "was pointed out to me by my little daughter. I had never been a drinking man; but sometimes after the theatre, I am ashamed to confess, that I came home every night slightly the worse for wear and liquor. The habit grew on me, in spite of tearful entreaties from my wife. I took a bottle of whiskey home one afternoon. After dinner I made for the bottle, when I had left in my study, poured out a glass and raised it to my lips, when I caught a reflection in the polished woodwork of the wall. I turned quickly, and there was my little daughter standing in the doorway looking at me. I could never describe the expression on her face. If one might say it of a child, it was a compelling reproof, pity and disgust. Probably she had overheard conversations between her mother and myself, perhaps it was instinct. I have not taken an other drink from that day to this."—Home Herald.

Points to Ponder.
A KANSAS ROAD.
The Kansas press is just now boasting of the superior moral condition of their state, and they have good reason for the boast; for 85 out of its 105 counties have not a single officially reported pauper, and 25 of these counties have no almshouses and 35 are without a criminal case on the docket. Something more than twenty years have passed since Kansas adopted prohibition. The present condition of that state is a splendid object lesson to the rest of the country; and yet you still hear the cry "Prohibition takes away the people's liberty, and you can't make people moral by law"—You Review.

The Protestant and Roman Catholic clergy of the city of Quebec, until recently in a petition to the Provincial government to reduce the number of liquor selling licenses, in the city by one-third. There are now one hundred and fifty licensed groggeries.

Remove Poisons FROM THE SYSTEM
There are three ways and three only, by which the human body can be rid of poisons, waste matter—the bowels, the kidneys and the skin.
It is only when the bowels become sluggish and congested that the kidneys play out as a result of the excessive work thrown upon them. Now, there is only one medical treatment that fully restores the condition of affairs.
Dr. A. W. Chase's Kidney-Liver Pills
For they regulate the bowels as well as the kidneys and thereby remove the cause of trouble and cure the most complicated cases. You can scarcely find a case of kidney disease which did not begin with liver and bowel disorder, and which could therefore have been prevented by the great prescription of the famous Receipt Book author. One pill a dose, 25 cents a box, at all dealers or Edmondson, Bates & Co., Toronto.
Mrs. E. Morrow, Bracebridge, Ont., writes:
"For several years I was troubled with constipation and severe headaches. Dr. Chase's Kidney-Liver Pills freed me of these ailments and improved my health in a general way. I always recommend them."

A physician in a dry country of Missouri, says the Central Baptist, undertook to sell prescriptions for whiskey, writing orders for all who applied at 25 cents each. The courts fined him \$1,500 and the state board of health revoked his license. This is a good lesson.
Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Remedy.
"As long as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now, writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 28th, my baby was taken sick with a severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in my arms every minute. Even then his suffering was difficult. I did not think he would survive until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not lose a moment in saying that Chamberlain's Cough Remedy is a safe and reliable remedy for all cases of whooping cough and we hope to see it placed on a permanent basis and its scope enlarged. The Baptist Times and Freeman of London notes the success which has attended an attempt to provide counter attractions to the public house in Middlesborough, and thinks the experiment might be well imitated in other places. A few months ago a spacious hall was erected with glass roof and artistically tiled walls, furnished with an abundance of chairs and tables and opened as a winter garden. The name is justified by a sufficiency of hanging and other plants to give the hall a festive and sentimental appearance. A band plays every night, games are provided, and non-alcoholic refreshments are supplied at a nominal price. Smoking is permitted as a matter of course. The hall is open all day and is kept at a pleasant temperature in the winter by means of hot-water pipes. One penny is charged for admission. That such a place does act as an effective counter attraction to the public house is proved by the fact that, since this winter garden was opened, three months ago, the daily attendance has been nearly 1,500, and on some occasions it has been too small to accommodate all who wished to enter."

For Diseases of the Skin.
Nearly all ailments of the skin such as eczema, tetter, salt rheum and hair-bells, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It itches the itching and smarting almost instantly. Many cases have been cured by its use. For sale by Rand's Drug Store.
Hamberg is the great lumber market for Germany, and practically all imported lumber passes through the hands of the big dealers at that place.

Unequaled as a Cure for Croup.
Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup, says Harry Wilson of Waynesville, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes for sale by Rand's Drug Store.

The women teachers of New York have challenged the men of their profession to meet them in debate on the subject of equal pay.
If you would like to feel some wise coffee critic, who "knows the coffee on taste and flavor", quietly make for him a batch of Dr. Shoop's "Harris Coffee" and serve it piping hot. It deceived Mr. Shoop, and will I believe deceive any one. And there is not a grain of red coffee in it. Harris Coffee is made from pure toasted grains, malt, nuts, etc. Made in a Minute—no 20 to 30 minutes told one boiling. 14 pounds 25c, T. L. Harris.

A Pleasant Phyllo.
When you want a pleasant phyllo give Chamberlain's Stomach and Liver Pills, writes a writer. "They are mild and gentle in their action and always produce a pleasant catarrhic effect. Call at Rand's Drug Store for a free sample."

CHAMBERLAIN'S COUGH REMEDY
Cures Coughs, Colds, CROUP, Whooping Cough
This remedy can always be depended upon and is pleasant to take. It contains no opium or other harmful drug and may be given as confidently to a baby as to an adult.
Price 25 cents, large size 50 cents.
