ST. PETER'S Y. M. A. ELECT OFFICERS AND DISCUSS PLANS FOR THE WINTER.

Energetic Efforts of Father Bergmann Have Placed Splendid Equipment in Their Rooms—An Encouraging Address.

A largely attended meeting of St. Peter's Y. M. A. was held yesterday afternoon in their rooms, Douglas avenue, when plans for the ensuing year was discussed and officers elected as follows:

President—Frank J. Casey.
Vice-president—Vincent Shea.
Recording-secretary—Clement Murphy.

Assistant secretary—Harry Dever.
Treasurer—Leo J. Durick.
Assistant treasurer—Frank DeGrasse.

Chairman of literary and dramatic committee—David F. Colgan.
Chairman of sporting committee—Ed. Mahoney.

Conductor—J. Martin.

The retiring president, Joseph Callagher, made a few brief remarks, thanking the members for their support during his term of office, and congratulating the society on its choice of his successor. Each of the new board of officers, as installed, made a suitable speech.

A few remarks by the worthy spiritual director, Rev. Joseph Bergmann C. S. S. R., were listened to with marked attention, and aroused the enthusiasm of his auditors to a high degree. He spoke of what had already been done by the society, and what its intentions and plans for the coming season were, in connection with the different branches of its work, the moral, intellectual, physical and social advancement and development of the young men of St. Peter's. The society, he said, had made a name for itself in the past, and should strive to uphold the laurels already gained.

Through the energetic efforts of Father Bergmann the rooms of the Y. M. A. have been splendidly equipped with modern improvements and are able to compare favorably with other gymnasiums in the city. The new bowling alleys will be finished in the course of a week or two, teams from the society picked and the schedule for the winter season arranged. The inter-society league players will use these alleys this year.—Monday's Telegraph.

The new officers elected, are, of course, well and favorably known in the parish, and several of them, besides, are equally well known throughout the city.

The president, Mr. Frank J. Casey, is an efficient member of the Inland Revenue staff, Custom House.

The vice-president, Mr. J. Vincent Shea, is a popular member of the General Post Office staff.

The recording-secretary, Mr. Clement T. Murphy, is book-keeper for the N. B. Telephone Co.

The assistant-secretary, Mr. Harry W. Dever, is a machinist in the Union Foundry.

The treasurer, Mr. J. Leo Durick, is connected with the Canadian Drug Company.

The assistant-treasurer, Mr. Frank DeGrasse, is a student.

The chairman of literary and dramatic entertainment, Mr. David F. Colgan, is cashier with Comeau & Sheehan, Ltd.

The chairman of sporting committee, Mr. Edward J. Mahoney, is accountant with Messrs. Lockhart and Ritchie, insurance agents.

The conductor, Mr. J. Martin, is with Messrs. D. Magee & Co., wholesale hatters.

FOR ST. FRANCIS XAVIER'S COLLEGE.

Antigonish Hasket: Rev. R. K. McIntyre, of the College staff, left here on Tuesday for Washington University. He intends to take up a special course in chemistry in that institution, and will devote some attention besides to geology and mineralogy. He was accompanied by Patrick Nicholson, B. A., of North Sydney, an unusually talented young man. Mr. Nicholson goes to the University of Johns Hopkins, Baltimore, to take up the post-graduate course of Doctor of Philosophy there. This course is quite advanced and lasts for three years; we therefore, predict a brilliant future for the young Cape Bretonian. Of course these proposed studies of both Fr. McIntyre and Mr. Nicholson are only preparatory to their being permanently placed on the teaching staff of St. Francis Xavier's College, Antigonish.

Miss Edith McPeake, trained nurse, has returned to Boston, after spending part of her vacation at her home in St. John, West.

At the recent annual meeting of the Chamberlain Association of America, held at the Parker House, Boston, Mr. Montague Chamberlain, 35 Congress street, Boston, a native of this city, was elected recording secretary.

Dr. D. J. Mullin has returned from New York, where he has been spending ten days attending the fall dental clinics.

The Society of the Daughters of St. Vincent de Paul held their first fall meeting at Portland, Me., on Monday.

The mission conducted by the Passionist Fathers opened in St. Mary's Cathedral, Halifax, on Sunday morning at the 11 o'clock Mass.

Rt. Rev. Monsignor Capel became a Knight of Columbus last week, being initiated along with a number of other candidates, into the first degree. The ceremony took place in the Knights' new club rooms, Sacramento, Cal.

Portland bids fair to become known as a "Woman's City." In addition to awarding the contract for the collection of garbage to a woman, the position of superintendent of schools is now filled by one of the sex.—Catholic Opinion, Lewiston, Me.

Rev. Robert F. Sesonon, of the Star of the Sea parish, Sausalito, Cal., has been appointed by Governor Gillett chaplain of the Naval Militia, with the rank of lieutenant. This is the first appointment of its kind.

His Eminence Cardinal Patrick Francis Moran, Archbishop of Sydney, celebrated two great events last month. On September 16th he entered on his eightieth birthday—he was born at Leighlin bridge, Carlow, on September, 16th 1830—and the Silver Jubilee of his occupancy of the See of Sydney.

On Columbus Day a heroic bronze bust of Dr. Orastes A. Brownson, the noted convert and one of the best thinkers America ever produced, will be unveiled in New York City. The Catholic student who nourishes his youth on the philosophy of Dr. Brownson enters public life well equipped for the intellectual fray.

Prior to 1885 a Royal Commission of which Cardinal Manning was a member, recommended a tax on the increment in land values, which is the much mooted feature of the present British budget proposed by Lloyd George. This measure is said to be turning the tide for the Liberals among the masses. The Tories have ceased to win any more bye-elections; and even the London Times has deserted them in this fight.

Bishop O'Neill, of Dromore, had a sum of £3,182 bequeathed to him for Masses and charitable purposes, in the course of the year ended in July. The fact is mentioned in the 64th report of the Commissioners of Charitable Bequests and Donations for Ireland.

The new Prime Minister of Denmark, Count Holstein-Ledreborg, is a convert. His mother was a Catholic, and he was received into the Church in 1872, and has since shown himself most zealous in the service of the Church. He has taken no part in politics since 1890. The only other Catholic member of the Danish parliament until recently was the late Jens Buck, an ardent Catholic.

Owing to ill health Monsignor Hebelynck, rector of the University of Louvain, has been compelled to resign his resignation to the Bishops of Belgium. His successor is Canon Ladanza, professor of Dogmatic Theology and president of the College of the Holy Cross. The rectorship of this leading university of the Catholic world so admirably borne by the retiring head demands executive talent of an uncommon order to ripe scholarship and uncompromising orthodoxy.

FRENCH EPISCOPATE DENOUNCE SCHOOL SYSTEM.

Paris, Sept. 28.—The French Episcopate has issued a pastoral letter warning Catholic parents that the teaching in the public schools jeopardizes the faith of their children, and condemning especially co-education, saying that the "mixture of the two sexes is contrary to morality and unworthy a civilized people." It forbids the use of a score of public school text books, principally histories, and appeals to parents to unite in protection of the faith.

The sacraments of the church will be refused to parents who allow their children to attend the interdicted schools. "God, rather than men, must be obeyed," the letter declares.

ANOTHER GENEROUS OFFER.

Antigonish Hasket: We are informed that Neil McNeil, Esq., of Dorchester, Mass., has made a further generous offer to the College of a magnificent cottage to take the place of the bungalow now on the lot of land recently purchased by him and presented to the University of St. Francis Xavier's. Mr. McNeil certainly deserves the thanks and gratitude of every well-wisher of the College and of every one who believes in the great future that is manifestly in store for this institution.

The Open Door for Consumption

And How "Father Morrissey's No. 10" (Lung Tonic) Closes It.

A low run-down condition, with perhaps a neglected cold and a little cough, is a cordial invitation to the White Plague, Consumption, to come in and make itself at home. And it seldom overlooks the invitation.

In such a case there is no time to be lost. The door must be promptly closed. This can be done by taking a complete rest, with plenty of fresh air, and "Father Morrissey's No. 10" (Lung Tonic). This medicine clears out the passages, relieves the cough and heals the delicate membrane of lungs and air passages. But perhaps most important of all, it builds up the whole system, giving Nature the needed assistance in fighting off the dread disease.

Though other remedies may have failed, don't give up. Try "Father Morrissey's No. 10", combined with fresh air and exercise, and even though you are in the first stages of consumption there is hope of a permanent cure. Sample bottle 25c. Regular size 50c. at your dealer's, or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.

GOVERNOR JOHNSON ON WOMAN SUFFRAGE.

In the death of Minnesota's Chief Executive, the woman suffragists lose one of the most valuable allies they have ever had in public life. Governor Johnson has been a staunch advocate of the enfranchisement of women for years, and has repeatedly expressed his convictions in public and private.

THE PASSING OF THE VETO.

It is said that the abolition of the veto in Papal elections is relished neither at Vienna nor Madrid. The Emperor and the King complain that their rights have been invaded. Rome does not admit that it has infringed upon the prerogatives of any ruler or of any power and Rome may be called an efficacious judge in the premises. The Pontiff's competency is coextensive with his desire. The veto has passed into history. The cardinal who will undertake to bring it back will follow it. Pope Pius X. fears not to act even when his opponents are adorned with crowns and scepters; says the Catholic Transcript.

HIS LUCK.

"Married his stenographer, didn't he?"
"Yes, and he's been short handed ever since."

NOT THE SAME.

She—Did he say he knew me when I was a girl?
He—No: he said he knew you when he was a boy.

Elizabeth Jordan, Catholic story writer, editor of "Harper's Bazar," and author of "Many Kingdoms" and the girlhood story "May Iverson," is back in New York after a sojourn of many weeks in a country whither the ordinary traveler is not so prone to wander—Spain.
